ESTABLISHMENT OF THE PLAN: ADOPTION OF THE PLAN DOCUMENT AND SUMMARY PLAN DESCRIPTION

THIS PLAN DOCUMENT AND SUMMARY PLAN DESCRIPTION ("Plan Document"), made by **Gator's Dockside Group, Inc.** (the "Company" or the "Plan Sponsor") as of October 1, 2018, hereby sets forth the provisions of the Gator's Dockside Welfare Benefit Plan (the "Plan"), which was originally adopted by the Company, effective December 1, 2017. Any wording which may be contrary to Federal Laws or Statutes is hereby understood to meet the standards set forth in such. Also, any changes in Federal Laws or Statutes which could affect the Plan are also automatically a part of the Plan, if required.

Effective Date

The Plan Document is effective as of the date first set forth above, and each amendment is effective as of the date set forth therein, (the "Effective Date").

Adoption of the Plan Document

The Plan Sponsor, as the settlor of the Plan, hereby adopts this Plan Document as the written description of the Plan. This Plan Document represents both the Plan Document and the Summary Plan Description, which is required by sections 402 and 102 of the Employee Retirement Income Security Act of 1974, 29 U.S.C. et seq. ("ERISA"). This Plan Document amends and replaces any prior statement of the health care coverage contained in the Plan or any predecessor to the Plan.

IN WITNESS WHEREOF, the Plan Sponsor has caused this Plan Document to be executed.

INTRODUCTION AND PURPOSE; GENERAL PLAN INFORMATION

Introduction and Purpose

The Plan Sponsor has established the Plan for the benefit of eligible Employees and their eligible Dependents, in accordance with the terms and conditions described herein. Plan benefits are funded solely from the general assets of the Plan Sponsor. Participants in the Plan may be required to contribute toward their benefits. Contributions received from Participants are used to cover Plan costs and are expended immediately.

The Plan Sponsor's purpose in establishing the Plan is to protect eligible Employees and their Dependents against certain health expenses and to help defray the financial effects arising from Injury or Sickness. To accomplish this purpose, the Plan Sponsor must be mindful of the need to control and minimize health care costs through innovative and efficient plan design and cost containment provisions, and of abiding by the terms of the Plan Document, to allow the Plan Sponsor to effectively assign the resources available to help Participants in the Plan to the maximum feasible extent.

The Plan Sponsor is required under ERISA to provide to Participants a Plan Document and a Summary Plan Description; a combined Plan Document and Summary Plan Description, such as this document, is an acceptable structure for ERISA compliance. The Plan Sponsor has adopted this Plan Document as the written description of the Plan to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain expenses for eligible benefits. The Plan Document is maintained by **Gator's Dockside Group, Inc.** and may be reviewed at any time during normal working hours by any Participant.

The Plan shall take effect for each Participating Employer on the Effective Date, unless a different date is set forth above opposite such Participating Employer's name.

Non-English Language Notice

This Plan Document contains a summary in English of a Participant's plan rights and benefits under the Plan. If a Participant has difficulty understanding any part of this Plan Document, he or she may contact the Plan Administrator at the contact information above.

Legal Entity; Service of Process

The Plan is a legal entity. Legal notice may be filed with, and legal process served upon, the Plan Administrator.

Not a Contract

This Plan Document and any amendments constitute the terms and provisions of coverage under this Plan. The Plan Document is not to be construed as a contract of any type between the Company and any Participant or to be consideration for, or an inducement or condition of, the employment of any Employee. Nothing in this Plan Document shall be deemed to give any Employee the right to be retained in the service of the Company or to interfere with the right of the Company to discharge any Employee at any time; provided, however, that the foregoing shall not be deemed to modify the provisions of any collective bargaining agreements which may be entered into by the Company with the bargaining representatives of any Employees.

Mental Health Parity

Pursuant to the Mental Health Parity Act (MHPA) of 1996 and the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), collectively, the mental health parity provisions in Part 7 of ERISA, this Plan applies its terms uniformly and enforces parity between covered health care benefits and covered mental health and substance disorder benefits relating to financial cost sharing restrictions and treatment duration limitations. For further details, please contact the Plan Administrator.

Non-Discrimination

No eligibility rules or variations in contribution amounts will be imposed based on an eligible Employee's and his or her Dependent's/Dependents' health status, medical condition, claims experience, receipt of health care, medical history, genetic information, evidence of insurability, disability, or any other health status related factor. Coverage under this Plan is provided regardless of an eligible Employee's and his or her Dependent's/Dependents' race, color, national origin, disability, age, sex, gender identity or sexual orientation. Variations in the administration, processes or benefits of this Plan that are based on clinically indicated reasonable medical management practices, or are part of permitted wellness incentives, disincentives and/or other programs do not constitute discrimination.

Applicable Law

This is a self-funded benefit plan coming within the purview of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is funded with Employee and/or Employer contributions. As such, when applicable, Federal law and jurisdiction preempt State law and jurisdiction.

Discretionary Authority

The Plan Administrator shall have sole, full and final discretionary authority to interpret all Plan provisions, including the right to remedy possible ambiguities, inconsistencies and/or omissions in the Plan and related documents; to make determinations in regards to issues relating to eligibility for benefits; to decide disputes that may arise relative to a Participant's rights; and to determine all questions of fact and law arising under the Plan.

DEFINITIONS

The following words and phrases shall have the following meanings when used in the Plan Document. **The following definitions are not an indication that charges for particular care, supplies or services are eligible for payment under the Plan, however they may be used to identify ineligible expenses; please refer to the appropriate sections of the Plan Document for that information.**

Some of the terms used in this document begin with a capital letter, even though the term normally would not be capitalized. These terms have special meaning under the Plan. Most terms will be listed in this Definitions section, but some terms are defined within the provision the term is used. Becoming familiar with the terms defined in the Definitions section will help to better understand the provisions of this Plan.

“Accident”

“Accident” shall mean an event which takes place without one’s foresight or expectation, or a deliberate act that results in unforeseen consequences.

“Accidental Bodily Injury” or “Accidental Injury”

“Accidental Bodily Injury” or “Accidental Injury” shall mean an Injury sustained as the result of an Accident and independently of all other causes by an outside traumatic event or due to exposure to the elements.

“Actively At Work” or “Active Employment”

“Actively At Work” or “Active Employment” shall mean on any day the Employee performs in the customary manner all of the regular duties of employment. An Employee will be deemed Actively At Work on each day of a regular paid vacation or on a regular non-working day on which the covered Employee is not totally disabled, provided the covered Employee was Actively At Work on the last preceding regular work day. An Employee shall be deemed Actively At Work if the Employee is absent from work due to a health factor, as defined by HIPAA, subject to the Plan’s Leave of Absence provisions. An Employee will not be considered under any circumstances Actively At Work if he or she has effectively terminated employment.

“ADA”

“ADA” shall mean the American Dental Association.

“Adverse Benefit Determination”

“Adverse Benefit Determination” shall mean any of the following:

1. A denial in benefits.
2. A reduction in benefits.
3. A rescission of coverage, even if the rescission does not impact a current claim for benefits.
4. A termination of benefits.
5. A failure to provide or make payment (in whole or in part) for a benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a Claimant’s eligibility to participate in the Plan.
6. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review.
7. A failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not Medically Necessary or appropriate.

Explanation of Benefits (EOB)

“Explanation of Benefits” shall mean a statement a health plan sends to a Participant which shows charges, payments and any balances owed. It may be sent by mail or e-mail. An Explanation of Benefits may serve as an Adverse Benefit Determination.

“Affordable Care Act (ACA)”

The “Affordable Care Act (ACA)” means the health care reform law enacted in March 2010. The law was enacted in two parts: the Patient Protection and Affordable Care Act was signed into law on March 23, 2010 and was amended by the Health Care and Education Reconciliation Act on March 30, 2010. The name

“Affordable Care Act” is commonly used to refer to the final, amended version of the law. In this document, the Plan uses the name Affordable Care Act (ACA) to refer to the health care reform law.

“AHA”

“AHA” shall mean the American Hospital Association.

“Allowable Expenses”

“Allowable Expenses” shall mean the Maximum Allowable Charge for any Medically Necessary, eligible item of expense, at least a portion of which is covered under this Plan. When some Other Plan pays first in accordance with the Application to Benefit Determinations provision in the Coordination of Benefits section, this Plan’s Allowable Expenses shall in no event exceed the Other Plan’s Allowable Expenses.

When some “Other Plan” provides benefits in the form of services (rather than cash payments), the Plan Administrator shall assess the value of said benefit(s) and determine the reasonable cash value of the service or services rendered, by determining the amount that would be payable in accordance with the terms of the Plan. Benefits payable under any Other Plan include the benefits that would have been payable had the claim been duly made therefore, whether or not it is actually made.

“Alternate Recipient”

“Alternate Recipient” shall mean any Child of a Participant who is recognized under a Medical Child Support Order as having a right to enrollment under this Plan as the Participant’s eligible Dependent. For purposes of the benefits provided under this Plan, an Alternate Recipient shall be treated as an eligible Dependent, but for purposes of the reporting and disclosure requirements under ERISA, an Alternate Recipient shall have the same status as a Participant.

“AMA”

“AMA” shall mean the American Medical Association.

“Ambulatory Surgical Center”

“Ambulatory Surgical Center” shall mean any permanent public or private State licensed and approved (whenever required by law) establishment that operates exclusively for the purpose of providing Surgical Procedures to patients not requiring hospitalization with an organized medical staff of Physicians, with continuous Physician and nursing care by Registered Nurses (R.N.s). The patient is admitted to and discharged from the facility within the same working day as the facility does not provide service or other accommodations for patients to stay overnight.

“Approved Clinical Trial”

“Approved Clinical Trial” means a phase I, II, III or IV trial that is Federally funded by specified Agencies (National Institutes of Health (NIH), Centers for Disease Control and Prevention (CDCP), Agency for Healthcare Research and Quality (AHRQ), Centers for Medicare and Medicaid Services (CMS), Department of Defense (DOD) or Veterans Affairs (VA), or a non-governmental entity identified by NIH guidelines) or is conducted under an Investigational new drug application reviewed by the Food and Drug Administration (FDA) (if such application is required).

The Affordable Care Act requires that if a “qualified individual” is in an “Approved Clinical Trial,” the Plan cannot deny coverage for related services (“routine patient costs”).

A “qualified individual” is someone who is eligible to participate in an “Approved Clinical Trial” and either the individual’s doctor has concluded that participation is appropriate or the Participant provides medical and scientific information establishing that their participation is appropriate.

“Routine patient costs” include all items and services consistent with the coverage provided in the plan that is typically covered for a qualified individual who is not enrolled in a clinical trial. Routine patient costs do not include 1) the Investigational item, device or service itself; 2) items and services that are provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and 3) a service that is clearly inconsistent with the widely accepted and established standards of

care for a particular Diagnosis. Plans are not required to provide benefits for routine patient care services provided outside of the Plan's Network area unless out-of-network benefits are otherwise provided under the Plan.

“Calendar Year”

“Calendar Year” shall mean the 12 month period from January 1 through December 31 of each year.

“Cardiac Care Unit”

“Cardiac Care Unit” shall mean a separate, clearly designated service area which is maintained within a Hospital and which meets all the following requirements:

1. It is solely for the care and treatment of critically ill patients who require special medical attention because of their critical condition.
2. It provides within such area special nursing care and observation of a continuous and constant nature not available in the regular rooms and wards of the Hospital.
3. It provides a concentration of special lifesaving equipment immediately available at all times for the treatment of patients confined within such area.
4. It contains at least two beds for the accommodation of critically ill patients.
5. It provides at least one professional Registered Nurse, in continuous and constant attendance of the patient confined in such area on a 24 hour a day basis.

“CDC”

“CDC” shall mean Centers for Disease Control and Prevention.

“Child” and/or “Children”

“Child” and/or “Children” shall mean the Employee's natural Child, any stepchild, legally adopted Child, or any other Child for whom the Employee has been named legal guardian. For purposes of this definition, a legally adopted Child shall include a Child placed in an Employee's physical custody in anticipation of adoption. “Child” shall also mean a covered Employee's Child who is an Alternate Recipient under a Qualified Medical Child Support Order, as required by the Federal Omnibus Budget Reconciliation Act of 1993.

“CHIP”

“CHIP” refers to the Children's Health Insurance Program or any provision or section thereof, which is herein specifically referred to, as such act, provision or section may be amended from time to time.

“CHIPRA”

“CHIPRA” refers to the Children's Health Insurance Program Reauthorization Act of 2009 or any provision or section thereof, which is herein specifically referred to, as such act.

“Chiropractic Care”

“Chiropractic Care” shall mean the detection and correction, by manual or mechanical means, of the interference with nerve transmissions and expressions resulting from distortion, misalignment or dislocation of the spinal (vertebrae) column.

“Claim Determination Period”

“Claim Determination Period” shall mean each Plan Year.

“Claimant”

“Claimant” shall mean a Participant of the Plan, or entity acting on his or her behalf, authorized to submit claims to the Plan for processing, and/or appeal an Adverse Benefit Determination.

“Clean Claim”

A “Clean Claim” is a claim for a Covered Expense that:

1. Is timely received by the Administrator;
2. When submitted

- a. via paper has all the elements of the UB 04 or CMS 1500 (or successor standard) forms; or
- b. via an electronic transaction, uses only permitted transaction code sets (e.g. CPT4, ICD9, ICD10, HCPCS) and has all the elements of the standard electronic formats required by applicable Federal authority;
3. Is a claim for which the Plan is the primary payor or the Plan's responsibility as a secondary payor has been established;
4. Contains no defect, error or other shortcoming resulting in the need for additional information to adjudicate the claim;
5. That does not lack necessary substantiating documentation to completely adjudicate the claim;
6. That can be processed in accordance with the terms of this document without obtaining additional information from the service Provider or a third party;
7. Has no defect or impropriety. A defect or impropriety shall include a lack of required sustaining documentation as set forth and in accordance with this document, or a particular circumstance requiring special treatment which prevents timely payment as set forth in this document, and only as permitted by this document, from being made;
8. Does not include claims under investigation for fraud and abuse or claims under review for Medical Necessity and Reasonableness
9. Includes any other matter that may prevent the charge(s) from being Covered Expenses in accordance with the terms of this document.

A Clean Claim does not include a claim that is being reviewed for the Reasonable and Allowable Amount payable under the terms of the Plan.

Filing a Clean Claim. A Provider submits a Clean Claim by providing the required data elements on the standard claims forms, along with any attachments and additional elements or revisions to data elements, attachments and additional elements, of which the Provider has knowledge. The Plan Administrator may require attachments or other information in addition to these standard forms (as noted elsewhere in this document and at other times prior to claim submittal) to ensure charges constitute Covered Expenses as defined by and in accordance with the terms of this document. The paper claim form or electronic file record must include all required data elements and must be complete, legible, and accurate. A claim will not be considered to be a Clean Claim if the Participant has failed to submit required forms or additional information to the Plan as well.

“CMS”

“CMS” shall mean Centers for Medicare and Medicaid Services.

“COBRA”

“COBRA” shall mean the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

“Coinsurance”

“Coinsurance” shall mean a cost sharing feature of many plans. It requires a Participant to pay out-of-pocket a prescribed portion of the cost of Covered Expenses. The defined Coinsurance that a Participant must pay out-of-pocket is based upon his or her health plan design. Coinsurance is established as a predetermined percentage of the Maximum Allowable Charge for covered services and usually applies after a Deductible is met in a Deductible plan.

“Copayment” or “Copay”

“Copayment” or “Copay” shall mean a dollar amount the Participant pays for health care expenses. In most plans, the Participant pays this after he or she meets his or her Deductible limit.

“Cosmetic Surgery”

“Cosmetic Surgery” shall mean any expenses Incurred in connection with the care and treatment of, or operations which are performed for plastic, reconstructive, or cosmetic purposes or any other service or supply which are primarily used to improve, alter, or enhance appearance of a physical characteristic which is within the broad spectrum of normal but which may be considered displeasing or unattractive, except when required by an Injury.

“Covered Expense(s)”

“Covered Expense(s)” shall those Medically Necessary services, supplies and/or treatment that are covered under this Plan. Covered Expenses does not necessarily mean the actual charge made nor the specific service or supply furnished to a Plan Participant by a Provider. Charges for services, supplies, and/or treatments meant to treat or correct a preventable condition or cost which arises solely due to a Provider’s medical error are not considered Covered Expenses. A finding of Provider negligence and/or malpractice is not required for service(s) and/or fee(s) to be considered not Reasonable and Allowed. Covered Expense(s) shall mean services, supplies and/or treatments provided in accordance with the terms of this document, whose applicable charge amount does not exceed the Reasonable and Allowed amount for an eligible Medically Necessary service, treatment or supply, meant to improve a condition or Participant’s health, which is eligible for coverage in accordance with this Plan. When more than one treatment option is available, and one option is no more effective than another, the Covered Expense is the least costly option that is no less effective than any other option.

All treatment is subject to benefit payment maximums shown in the Summary of Benefits and as set forth elsewhere in this document.

“Custodial Care”

“Custodial Care” shall mean care or confinement designated principally for the assistance and maintenance of the Participant, in engaging in the activities of daily living, whether or not totally disabled. This care or confinement could be rendered at home or by persons without professional skills or training. This care may relieve symptoms or pain but is not reasonably expected to improve the underlying medical condition. Custodial Care includes, but is not limited to, assistance in eating, dressing, bathing and using the toilet, preparation of special diets, supervision of medication which can normally be self-administered, assistance in walking or getting in and out of bed, and all domestic activities.

“Deductible”

“Deductible” shall mean the aggregate amount for certain expenses for covered services that is the responsibility of the Participant to pay for him or herself each Plan Year before the Plan will begin its payments.

“Dentist”

“Dentist” shall mean a properly trained person holding a D.D.S. or D.M.D. degree and practicing within the scope of a license to practice dentistry within their applicable geographic venue.

“Dependent”

“Dependent” shall mean one or more of the following person(s):

1. An Employee’s present spouse, thereby possessing a valid marriage license, not annulled or voided in any way. A Dependent spouse shall therefore not be one whom is divorced from the Employee.
2. An Employee’s Child who is less than 26 years of age. **NOTE: Coverage of a Dependent Child will continue until the end of the calendar month he or she turns 26 years of age.**
3. An Employee’s Child, regardless of age, who was continuously covered prior to attaining the limiting age as stated in the numbers above, who is mentally or physically incapable of sustaining his or her own living. Written proof of such incapacity and dependency satisfactory to the Plan must be furnished and approved by the Plan within 31 days after the date the Child attains the limiting age as stated in the numbers above. The Plan may require, at reasonable intervals, subsequent proof satisfactory to the Plan during the next two years after such date. After such two year period, the Plan may require such proof, but not more often than once each year.

Active duty members of any armed force shall not be deemed to be “Dependents.”

Residents of a country other than the United States shall not be deemed to be “Dependents.”

An Employee's spouse must meet the following requirements:

1. Employee and spouse shall not have been engaged in a trial separation for more than 12 consecutive months upon the date a Clean Claim for Covered Expense(s) provided to spouse are received by the Plan.
2. Employee and spouse shall have been cohabitating at the same residence for the majority of the applicable Plan Year. When an Employee or spouse is traveling or residing elsewhere as part of their profession, to care for a family member (due, for instance, to Illness or Injury), and/or is residing elsewhere due to their own Illness or Injury, for more than half of the applicable Plan Year (and thus residing with each other for less than the majority of the applicable Plan Year), but the primary residence of the Employee is also the spouse's primary residence for all legal, regulatory, and statutory purposes, this constitutes cohabitation as required by this provision.

The Plan Administrator has discretionary authority to interpret these terms, and determine spousal status as defined herein, to the extent allowed by law.

To establish a Dependent relationship, the Plan reserves the right to require documentation satisfactory to the Plan Administrator.

“Diagnosis”

“Diagnosis” shall mean the act or process of identifying or determining the nature and cause of a Disease or Injury through evaluation of patient history, examination, and review of laboratory data.

“Diagnostic Service”

“Diagnostic Service” shall mean an examination, test, or procedure performed for specified symptoms to obtain information to aid in the assessment of the nature and severity of a medical condition or the identification of a Disease or Injury. The Diagnostic Service must be ordered by a Physician or other professional Provider.

“Disease”

“Disease” shall mean any disorder which does not arise out of, which is not caused or contributed to by, and which is not a consequence of, any employment or occupation for compensation or profit; however, if evidence satisfactory to the Plan is furnished showing that the individual concerned is covered as an Employee under any workers' compensation law, occupational disease law or any other legislation of similar purpose, or under the maritime doctrine of maintenance, wages, and cure, but that the disorder involved is one not covered under the applicable law or doctrine, then such disorder shall, for the purposes of the Plan, be regarded as a Sickness, Illness or Disease.

“Drug”

“Drug” shall mean a Food and Drug Administration (FDA) approved Drug or medicine that is listed with approval in the *United States Pharmacopeia*, *National Formulary* or *AMA Drug Evaluations* published by the American Medical Association (AMA), that is prescribed for human consumption, and that is required by law to bear the legend: “Caution—Federal Law prohibits dispensing without prescription,” or a State restricted drug (any medicinal substance which may be dispensed only by prescription, according to State law), legally obtained and dispensed by a licensed drug dispenser only, according to a written prescription given by a Physician and/or duly licensed Provider. “Drug” shall also mean insulin for purposes of injection.

“Durable Medical Equipment”

“Durable Medical Equipment” shall mean equipment and/or supplies ordered by a health care Provider for everyday or extended use which meets all of the following requirements:

1. Can withstand repeated use.
2. Is primarily and customarily used to serve a medical purpose.
3. Generally is not useful to a person in the absence of an Illness or Injury.
4. Is appropriate for use in the home.

“Emergency”

“Emergency” shall mean a situation or medical condition with symptoms of sufficient severity (including severe pain) that the absence of immediate medical attention and treatment would reasonably be expected to result in: (a) serious jeopardy to the health of the individual (or, with respect to a pregnant woman, the woman's unborn child); (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part. An Emergency includes, but is not limited to, severe chest pain, poisoning, unconsciousness, and hemorrhage. Other Emergencies and acute conditions may be considered on receipt of proof, satisfactory to the Plan, per the Plan Administrator's discretion, that an Emergency did exist. The Plan may, at its own discretion, request satisfactory proof that an Emergency or acute condition did exist.

“Emergency Medical Condition”

“Emergency Medical Condition” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in a condition described in clause (i), (ii), or (iii) of section 1867(e)(1)(A) of the Social Security Act (42 U.S.C. 1395dd(e)(1)(A)). In that provision of the Social Security Act, clause (i) refers to placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; clause (ii) refers to serious impairment to bodily functions; and clause (iii) refers to serious dysfunction of any bodily organ or part.

“Emergency Services”

“Emergency Services” shall mean, with respect to an Emergency Medical Condition, the following:

1. A medical screening examination (as required under section 1867 of the Social Security Act, 42 U.S.C. 1395dd) that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition.
2. Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required under section 1867 of the Social Security Act (42 U.S.C. 1395dd) to stabilize the patient.

“Employee”

“Employee” shall mean a person who is employed by the Employer on a full-time basis and regularly scheduled to work at least 30 hours per week (i.e. Non-variable Hour Employee) or a Variable Hour Employee who has averaged at least 30 hours per week for a complete Measurement Period and is currently in a Stability Period, as determined by the Plan Sponsor. An Employee will remain eligible throughout the Stability Period regardless of a change in employment status (including, but not limited to, a reduction in hours) provided the individual continues to be an employee in accordance with the Patient Protection and Affordable Care Act (as amended).

The following definitions are associated with the Code Section 4980H (Employer Shared Responsibility) as enacted under the Affordable Care Act:

- **Administrative Period** means the optional period, during which an Employer can determine which Employees are Full-Time Employees, notify and enroll eligible Employees in coverage, etc. (similar to an open enrollment period). This period cannot be longer than 90 days and cannot be used to reduce or lengthen the Measurement or Stability Periods. The Administrative Period includes all periods, other than the Initial Measurement Period, between the day he or she completes at least one Hour of Service with the Employer of a New Employee who is a Part-Time, Variable Hour, or Seasonal Employee and the first day of the Employee's Initial Stability period.
- **Full-Time Employee or Full-time Employment** means for a New Employee, an Employee who upon hiring is reasonably expected to work, on average, at least 30 Hours of Service per week and who is not a Seasonal Employee. A Full-Time Employee (and his or her eligible Dependents) must be offered coverage no later than 90 days from the day

he or she completes a least one Hour of Service with the Employer (or at the end of the waiting period). For an Ongoing Employee, it is defined to mean an Employee who has been determined during the Measurement Period to average at least 30 Hours of Service per week.

- **Hour(s) of Service** mean each hour for which an Employee is paid, or entitled to payment, for the performance of duties for the Employer (or a related Employer) and each hour for which an Employee is paid, or entitled to payment by the Employer (or a related Employer) for a period of time during which no duties are performed due to vacation, holiday, illness, incapacity (including disability), layoff, jury duty, military duty, or leave of absence, but excluding Hours of Service to the extent that the compensation for those services constitutes income from sources outside the United States or performed as (1) a bona fide volunteer (as defined in Treas. Reg. Section 54.4980H-1(a)(7)) or (2) part of a Federal or State work study program. For purposes of this definition, a related Employer is any entity that must be treated as part of the same “applicable large employer” as the Employer for purposes of Code Section 4980H, as determined at the time that the applicable Hour of Service is performed or credited.

For Employees paid on an hourly basis, an Employer must calculate actual Hours of Service from records of hours worked and hours for which payment is made or due (the “actual method”). For Employees paid on a non-hourly basis, the Employer must calculate Hours of Service based on the actual method or, provided doing so does not substantially understate the Employee’s hours, using an equivalency method where the Employee is credited with either (1) 8 Hours of Service for each day for which the Employee would be required to be credited with one Hour of Service; or (2) 40 Hours of Service for each week for which the Employee would be required to be credited with at least one Hour of Service.

- **Initial Stability Period** means the Stability Period New Employees must satisfy if a New Employee who is a Part-Time, Variable Hour, or Seasonal Employee is determined to average less than 30 Hours of Service per week during his or her Initial Measurement Period. The Initial Stability period must not be more than one month longer than the Initial Measurement Period and must not exceed the remainder of the first entire Standard Measurement Period (plus Administrative Period) for which the Employee has been employed. If a New Employee who is a Part-Time, Variable Hour, or Seasonal Employee is determined to average at least 30 Hours of Service per week during the Initial Measurement Period, the Initial Stability Period must be a period of at least 6 consecutive calendar months and no shorter in duration than the Initial Measurement Period.
- **Measurement Period** means the “look back period” during which an Employer measures the Hours of Service for its Employees in order to determine their status as a Full-Time Employee or Part-Time Employee. This period can be between 3 and 12 consecutive calendar months.

For purposes of computing average Hours of Service for an Employee during any Measurement Period, any portion of that Measurement Period that qualifies as “special unpaid leave” will be disregarded. For purposes of this definition, “special unpaid leave” means unpaid leave for jury duty, unpaid leave that is subject to the Family and Medical Leave Act of 1993, or unpaid leave that is subject to the Uniformed Services Employment and Reemployment Rights Act of 1994.

For Employees paid on a biweekly basis, the determination of Hours of Service credited for a Measurement Period begins with the first day of the pay period that includes the first day of the Measurement Period and ends with the last day of the last pay period that ends on or before the last day of that Measurement Period.

- **Initial Measurement Period** means the “look back period” during which an Employer measures the Hours of Service for its New Employees in order to determine their status as a Full-Time Employee or Part-Time Employee which may begin on the day the New Employee completes at least one Hour of Service with the Employer or any date up to and including the first day of the first calendar month (or, if later, the first day of the first payroll period) starting on or after the date the Employee completes at least one Hour of Service for the Employer. For purposes of this definition, an Employee who has been rehired by the Employer is treated as a New Employee for the Employer on his or her most recent reemployment date only if more than 13 consecutive weeks have passed since the Employee was last credited with an Hour of Service with the Employer (or with any affiliated company organization that is required to be treated as the same Employer for purposes of Code Section 4980H).
- **Standard Measurement Period** means the “look back period” during which an Employer measures the Hours of Service for its Ongoing Employees in order to determine their status as a Full-Time Employee or Part-Time Employee.
- **New Employee** means any Employee who has yet to be employed for a full Standard Measurement Period or who resumed employment with the Employer (or a related entity that would be considered the same Employer for purposes of Code Section 4980H) after at least 13 consecutive weeks during which the Employee was not credited with an Hour of Service for the Employer (or a related entity).
- **Non-variable Hour Employee** shall mean an Employee reasonably expected at the time of hire to work 30 hours per week.
- **Ongoing Employee** means a current Employee who has worked at least one Standard Measurement Period, as defined by this Plan.
- **Part-Time Employee** means for any New Employee, an Employee who the Employer reasonably expects to work, on average, less than 30 Hours of Service per week during the Initial Measurement Period. For an Ongoing Employee, an Employee who has been determined during the Standard Measurement Period to average less than 30 Hours of Service per week.
- **Seasonal Employee** means an Employee who is hired into a position that recurs annually at about the same time each year for which the customary annual employment is 6 months or less.
- **Stability Period** means the period during which Employees are considered Full-Time Employees or Part-Time Employees based on the Employee’s Hours of Service during the Measurement Period, regardless of how many hours the individual works during the Stability Period.
- **Standard Stability Period** means for Ongoing Employees, must be at least 6 consecutive calendar months long, and must not be shorter than the Employer’s elected Standard Measurement Period. (For example, if the Employer chose a 12 month Standard Measurement Period, the Standard Stability Period would also have to be 12 months.)
- **Variable Hour Employee** means an Employee who, at the time of hire, the Employer cannot reasonably determine if he or she will average at least 30 Hours of Service per week.

“Employer”

“Employer” is Gator's Dockside Group, Inc.

“ERISA”

“ERISA” shall mean the Employee Retirement Income Security Act of 1974, as amended.

“Essential Health Benefits”

“Essential Health Benefits” shall mean, under section 1302(b) of the Affordable Care Act, those health benefits to include at least the following general categories and the items and services covered within the categories: ambulatory patient services; Emergency Services; hospitalization; maternity and newborn care; mental health and substance abuse disorder services, including behavioral health treatment; prescription Drugs; rehabilitative and Habilitative Services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

“Exclusion”

“Exclusion” shall mean conditions or services that this Plan does not cover.

“Experimental” and/or “Investigational”

“Experimental” and/or “Investigational” (“Experimental”) shall mean services or treatments that are not widely used or accepted by most practitioners or lack credible evidence to support positive short or long-term outcomes from those services or treatments and that are not the subject of, or in some manner related to, the conduct of an Approved Clinical Trial, as such term is defined herein; these services are not included under or as Medicare reimbursable procedures, and include services, supplies, care, procedures, treatments or courses of treatment which meet either of the following requirements:

1. Do not constitute accepted medical practice under the standards of the case and by the standards of a reasonable segment of the medical community or government oversight agencies at the time rendered.
2. Are rendered on a research basis as determined by the United States Food and Drug Administration and the AMA’s Council on Medical Specialty Societies.

A drug, device, or medical treatment or procedure is Experimental if one of the following requirements is met:

1. If the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished;
2. If reliable evidence shows that the drug, device or medical treatment or procedure is the subject of ongoing Phase I, II, or III clinical trials or under study to determine all of the following:
 - a. Maximum tolerated dose.
 - b. Toxicity.
 - c. Safety.
 - d. Efficacy.
 - e. Efficacy as compared with the standard means of treatment or Diagnosis.
3. If reliable evidence shows that the consensus among experts regarding the drug, device, or medical treatment or procedure is that further studies or clinical trials are necessary to determine all of the following:
 - a. Maximum tolerated dose.
 - b. Toxicity.
 - c. Safety.
 - d. Efficacy.
 - e. Efficacy as compared with the standard means of treatment or Diagnosis.

Reliable evidence shall mean one or more of the following:

1. Only published reports and articles in the authoritative medical and scientific literature.

2. The written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, or medical treatment or procedure.
3. The written informed consent used by the treating facility or by another facility studying substantially the same drug, device, or medical treatment or procedure.

Notwithstanding the above, a prescription drug for a treatment that has been approved by the Food and Drug Administration (FDA) but is used as a non-approved treatment shall not be considered Experimental/Investigational for purposes of this Plan and shall be afforded coverage to the same extent as any other prescription drug, provided that the drug is recognized by one of the following as being Medically Necessary for the specific treatment for which it has been prescribed:

1. The American Medical Association Drug Evaluations.
2. The American Hospital Formulary Service Drug Information.
3. The United States Pharmacopeia Drug Information.
4. A clinical study or review article in a reviewed professional journal.

Subject to a medical opinion, if no other Food and Drug Administration (FDA) approved treatment is feasible and as a result the Participant faces a life or death medical condition, the Plan Administrator retains discretionary authority to cover the services or treatment.

The Plan Administrator retains maximum legal authority and discretion to determine what is Experimental.

“Family Unit”

“Family Unit” shall mean the Employee and his or her Dependents covered under the Plan.

“FDA”

“FDA” shall mean Food and Drug Administration.

“Final Internal Adverse Benefit Determination”

“Final Internal Adverse Benefit Determination” shall mean an Adverse Benefit Determination that has been upheld by the Plan at the conclusion of the internal claims and appeals process, or an Adverse Benefit Determination with respect to which the internal claims and appeals process has been deemed exhausted.

“FMLA”

“FMLA” shall mean the Family and Medical Leave Act of 1993, as amended.

“FMLA Leave”

“FMLA Leave” shall mean an unpaid, job protected Leave of Absence for certain specified family and medical reasons, which the Company is required to extend to an eligible Employee under the provisions of the FMLA.

“GINA”

“GINA” shall mean the Genetic Information Nondiscrimination Act of 2008 (Public Law No. 110-233), which prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of genetic information.

“Habilitation/Habilitative Services”

“Habilitation/Habilitative Services” shall mean health care services that help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

“HIPAA”

“HIPAA” shall mean the Health Insurance Portability and Accountability Act of 1996, as amended.

“Home Health Care”

“Home Health Care” shall mean the continual care and treatment of an individual if all of the requirements are met:

1. The institutionalization of the individual would otherwise have been required if Home Health Care was not provided.
2. The treatment plan covering the Home Health Care service is established and approved in writing by the attending Physician.
3. The Home Health Care is the result of an Illness or Injury.

“Home Health Care Agency”

“Home Health Care Agency” shall mean an agency or organization which provides a program of Home Health Care and which meets one of the following requirements:

1. Is a Federally certified Home Health Care Agency and approved as such under Medicare.
2. Meets the established standards and is operated pursuant to applicable laws in the jurisdiction in which it is located and, is licensed and approved by the regulatory authority having the responsibility for licensing, where licensing is required.
3. Meets all of the following requirements.
 - a. It is an agency which holds itself forth to the public as having the primary purpose of providing a Home Health Care delivery system bringing supportive services to the home.
 - b. It has a full time administrator.
 - c. It maintains written records of services provided to the patient.
 - d. Its staff includes at least one Registered Nurse (R.N.) or it has nursing care by a Registered Nurse (R.N.) available.
 - e. Its employees are bonded and it provides malpractice insurance.

“Hospital”

“Hospital” shall mean an Institution, accredited by the Joint Commission on Accreditation of Hospitals (sponsored by the AMA and the AHA), under the supervision of a staff of Physicians that maintains diagnostic and therapeutic facilities on premises, for the provision of medical (including Surgical facilities for all Institutions other than those specializing in the care and treatment of mentally ill patients, provided such Institution is accredited as such a facility by the Joint Commission on Accreditation of Hospitals sponsored by the AMA and the AHA), diagnosis, treatment, and care to Injured or sick persons, on an Inpatient basis, with 24 hour a day nursing service by Registered Nurses.

To be deemed a “Hospital,” the facility must be duly licensed if it is not a State tax supported Institution, and must not be primarily a place for rest, the aged, and/or a nursing home, custodial, or training institution; or an Institution which is supported in whole or in part by a Federal government fund.

Institutions and/or facilities not deemed to be a “Hospital” in accordance with Medicare, shall not be deemed to be Hospitals for this Plan’s purposes.

“Hospital” shall also have the same meaning, where appropriate in context, set forth in the definition of “Ambulatory Surgical Center.”

“HRSA”

“HRSA” shall mean Health Resources and Services Administration.

“Illness”

“Illness” shall have the meaning set forth in the definition of “Disease.”

“Impregnation and Infertility Treatment”

“Impregnation and Infertility Treatment” shall mean any services, supplies or Drugs related to the Diagnosis or treatment of infertility.

“Incurred”

A Covered Expense is “Incurred” on the date the service is rendered or the supply is obtained. With respect to a course of treatment or procedure which includes several steps or phases of treatment, Covered Expenses are Incurred for the various steps or phases as the services related to each step are rendered and not when services relating to the initial step or phase are rendered. More specifically, Covered Expenses for the entire procedure or course of treatment are not Incurred upon commencement of the first stage of the procedure or course of treatment.

“Injury”

“Injury” shall mean an Accidental Bodily Injury, which does not arise out of, which is not caused or contributed to by, and which is not a consequence of, any employment or occupation for compensation or profit.

“Inpatient”

“Inpatient” shall mean a Participant who receives care as a registered and assigned bed patient while confined in a Hospital, other than in its outpatient department, where a room and board is charged by the Hospital.

“Institution”

“Institution” shall mean a facility created and/or maintained for the purpose of practicing medicine and providing organized health care and treatment to individuals, operating within the scope of its license, such as a Hospital, Ambulatory Surgical Center, Psychiatric Hospital, community mental health center, Residential Treatment Facility, psychiatric treatment facility, Substance Abuse Treatment Center, alternative birthing center, or any other such facility that the Plan approves.

“Intensive Care Unit”

“Intensive Care Unit” shall have the same meaning set forth in the definition of “Cardiac Care Unit.”

“Intensive Outpatient Services”

“Intensive Outpatient Services” shall mean programs that have the capacity for planned, structured, service provision of at least two hours per day and three days per week. The range of services offered could include group, individual, family or multi-family group psychotherapy, psychoeducational services, and medical monitoring. These services would include multiple or extended treatment/rehabilitation/counseling visits or professional supervision and support. Program models include structured “crisis intervention programs,” “psychiatric or psychosocial rehabilitation,” and some “day treatment.”

“Leave of Absence”

“Leave of Absence” shall mean a period of time during which the Employee must be away from his or her primary job with the Employer, while maintaining the status of Employee during said time away from work, generally requested by an Employee and having been approved by his or her Participating Employer, and as provided for in the Participating Employer’s rules, policies, procedures and practices where applicable.

“Legal Separation”

“Legal Separation” shall mean an arrangement to remain married but live apart, following a court order.

“Mastectomy”

“Mastectomy” shall mean the Surgery to remove all or part of breast tissue as a way to treat or prevent breast cancer.

“Maximum Amount” or “Maximum Allowable Charge”

“Maximum Amount” and/or “Maximum Allowable Charge” billed on a non-facility claim will be a negotiated rate, if one exists. In the absence of a negotiated rate, the Maximum Amount(s) will be calculated by the Plan Administrator taking into account any or all of the following:

1. The Usual and Customary amount.

2. The Reasonable charge specified under the terms of the Plan.
3. The allowable charge specified under the terms of the Plan.
4. For outpatient dialysis, the Usual and Reasonable Charge
5. The actual billed charges for the covered services.

The Plan has the discretionary authority to decide if a charge is Usual and Customary and for a Medically Necessary and Reasonable service.

See also "Reasonable and Allowed Amount" and/or "Reasonable and Allowable Amount".

The Maximum Allowable Charge will not include any identifiable billing mistakes including, but not limited to, up-coding, duplicate charges, and charges for services not performed.

"Medical Child Support Order"

"Medical Child Support Order" shall mean any judgment, decree or order (including approval of a domestic relations settlement agreement) issued by a court of competent jurisdiction that meets one of the following requirements:

1. Provides for child support with respect to a Participant's Child or directs the Participant to provide coverage under a health benefits plan pursuant to a State domestic relations law (including a community property law).
2. Is made pursuant to a law relating to medical child support described in §1908 of the Social Security Act (as added by Omnibus Budget Reconciliation Act of 1993 §13822) with respect to a group health plan.

"Medical Record Review"

"Medical Record Review" is the process by which the Plan, based upon a Medical Record Review and audit, determines that a different treatment or different quantity of a Drug or supply was provided which is not supported in the billing, then the Plan Administrator may determine the Maximum Allowable Charge according to the Medical Record Review and audit results.

"Medically Necessary"

"Medical Care Necessity", "Medically Necessary", "Medical Necessity" and similar language refers to health care services ordered by a Physician exercising prudent clinical judgment provided to a Participant for the purposes of evaluation, Diagnosis or treatment of that Participant's Sickness or Injury. Such services, to be considered Medically Necessary, must be clinically appropriate in terms of type, frequency, extent, site and duration for the Diagnosis or treatment of the Participant's Sickness or Injury. The Medically Necessary setting and level of service is that setting and level of service which, considering the Participant's medical symptoms and conditions, cannot be provided in a less intensive medical setting. Such services, to be considered Medically Necessary must be no more costly than alternative interventions, including no intervention and are at least as likely to produce equivalent therapeutic or diagnostic results as to the Diagnosis or treatment of the Participant's Sickness or Injury without adversely affecting the Participant's medical condition. The service must meet all of the following requirements:

1. It must not be maintenance therapy or maintenance treatment.
2. Its purpose must be to restore health.
3. It must not be primarily custodial in nature.
4. It must not be a listed item or treatment not allowed for reimbursement by the Centers for Medicare and Medicaid Services (CMS).
5. The Plan reserves the right to incorporate CMS guidelines in effect on the date of treatment as additional criteria for determination of Medical Necessity and/or an Allowable Expense.

For Hospital stays, this means that acute care as an Inpatient is necessary due to the kind of services the Participant is receiving or the severity of the Participant's condition and that safe and adequate care cannot be received as an outpatient or in a less intensified medical setting. The mere fact that the service is furnished, prescribed or approved by a Physician does not mean that it is "Medically Necessary." In addition,

the fact that certain services are excluded from coverage under this Plan because they are not “Medically Necessary” does not mean that any other services are deemed to be “Medically Necessary.”

To be Medically Necessary, all of these criteria must be met. Merely because a Physician or Dentist recommends, approves, or orders certain care does not mean that it is Medically Necessary. The determination of whether a service, supply, or treatment is or is not Medically Necessary may include findings of the American Medical Association and the Plan Administrator’s own medical advisors. The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary.

Off-label Drug use is considered Medically Necessary when all of the following conditions are met:

1. The Drug is approved by the Food and Drug Administration (FDA).
2. The prescribed Drug use is supported by one of the following standard reference sources:
 - a. Micromedex® DRUGDEX®.
 - b. The American Hospital Formulary Service Drug Information.
 - c. Medicare approved Compendia.
 - d. Scientific evidence is supported in well-designed clinical trials published in peer-reviewed medical journals, which demonstrate that the Drug is safe and effective for the specific condition.
3. The Drug is Medically Necessary to treat the specific condition, including life threatening conditions or chronic and seriously debilitating conditions.

“Medically Necessary Leave of Absence”

“Medically Necessary Leave of Absence” shall mean a Leave of Absence by a full-time student Dependent at a postsecondary educational institution that meets all of the following requirements:

1. Commences while such Dependent is suffering from an Illness or Injury.
2. Is Medically Necessary.
3. Causes such Dependent to lose student status for purposes of coverage under the terms of the Plan.

“Medicare”

“Medicare” shall mean the Federal program by which health care is provided to individuals who are 65 or older, certain younger individuals with disabilities, and individuals with End-Stage Renal Disease, administered in accordance with parameters set forth by the Centers for Medicare and Medicaid Services (CMS) and Title XVIII of the Social Security Act of 1965, as amended, by whose terms it was established.

“Mental Health Parity Act of 1996 (MHPA) and Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), Collectively, the Mental Health Parity Provisions in Part 7 of ERISA”

“The Mental Health Parity Provisions” shall mean in the case of a group health plan (or health insurance coverage offered in connection with such a plan) that provides both medical and surgical benefits and mental health or substance use disorder benefits, such plan or coverage shall ensure that all of the following requirements are met:

1. The financial requirements applicable to such mental health or substance use disorder benefits are no more restrictive than the predominant financial requirements applied to substantially all medical and surgical benefits covered by the Plan (or coverage) and that there are no separate cost sharing requirements that are applicable only with respect to mental health or substance use disorder benefits, if these benefits are covered by the group health plan (or health insurance coverage is offered in connection with such a plan).
2. The treatment limitations applicable to such mental health or substance use disorder benefits are no more restrictive than the predominant treatment limitations applied to substantially all medical and surgical benefits covered by the Plan (or coverage), and that there are no separate treatment limitations that are applicable only with respect to mental health or substance use disorder benefits,

if these benefits are covered by the group health plan (or health insurance coverage is offered in connection with such a plan).

“Mental or Nervous Disorder”

“Mental or Nervous Disorder” shall mean any Disease or condition, regardless of whether the cause is organic, that is classified as a Mental or Nervous Disorder in the current edition of International Classification of Diseases, published by the U.S. Department of Health and Human Services, is listed in the current edition of Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association or other relevant State guideline or applicable sources.

“National Medical Support Notice” or “NMSN”

“National Medical Support Notice” or “NMSN” shall mean a notice that contains all of the following information:

1. The name of an issuing State child support enforcement agency.
2. The name and mailing address (if any) of the Employee who is a Participant under the Plan or eligible for enrollment.
3. The name and mailing address of each of the Alternate Recipients (i.e., the Child or Children of the Participant) or the name and address of a State or local official may be substituted for the mailing address of the Alternate Recipients(s).
4. Identity of an underlying child support order.

“No-Fault Auto Insurance”

“No-Fault Auto Insurance” is the basic reparations provision of a law providing for payments without determining fault in connection with automobile Accidents.

“Nurse”

“Nurse” shall mean an individual who has received specialized nursing training and is authorized to use the designation Registered Nurse (R.N.), Licensed Vocational Nurse (L.V.N.) or Licensed Practical Nurse (L.P.N.), and who is duly licensed by the State or regulatory agency responsible for such license in the State in which the individual performs the nursing services.

“Open Enrollment Period”

“Open Enrollment Period” shall mean the time frame specified by the Plan Administrator.

“Other Plan”

“Other Plan” shall include, but is not limited to:

1. Any primary payer besides the Plan.
2. Any other group health plan.
3. Any other coverage or policy covering the Participant.
4. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
5. Any policy of insurance from any insurance company or guarantor of a responsible party.
6. Any policy of insurance from any insurance company or guarantor of a third party.
7. Workers’ compensation or other liability insurance company.
8. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

“Partial Hospitalization”

“Partial Hospitalization” shall mean medically directed intensive, or intermediate short-term mental health and Substance Abuse treatment, for a period of less than twenty-four (24) hours but more than four (4) hours in a day in a licensed or certified facility or program.

“Participant” and/or “Plan Participant”

“Participant” and/or “Plan Participant” shall mean an Employee or Dependent who is covered under this Plan and who is eligible for benefits under the Plan at the time the services are rendered.

“Patient Protection and Affordable Care Act (PPACA)”

The “Patient Protection and Affordable Care Act (PPACA)” means the health care reform law enacted in March 2010, Public Law 111-148; PPACA, together with the Health Care and Education Reconciliation Act, is commonly referred to as Affordable Care Act (ACA). (See “Affordable Care Act”).

“Physician”

“Physician” shall mean a Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Doctor of Dental Surgery (D.D.S.), Doctor of Podiatry (D.P.M.), Doctor of Chiropractic (D.C.), Psychologist (Ph.D.), Audiologist, Certified Nurse Anesthetist, Licensed Professional Counselor, Licensed Professional Physical Therapist, Master of Social Work (M.S.W.), Occupational Therapist, Physiotherapist, Speech Language Pathologist, psychiatrist, midwife, and any other practitioner of the healing arts who is licensed and regulated by a State or Federal agency, acting within the scope of that license.

“Plan Year”

“Plan Year” shall mean a period commencing on the Effective Date or any anniversary of the adoption of this Plan and continuing until the next succeeding anniversary.

“Pre-Admission Tests”

“Pre-Admission Tests” shall mean those medical tests and Diagnostic Services completed prior to a scheduled procedure, including Surgery, or scheduled admissions to the Hospital or Inpatient health care facility provided that all of the following requirements are met:

1. The Participant obtains a written order from the Physician.
2. The tests are approved by both the Hospital and the Physician.
3. The tests are performed on an outpatient basis prior to Hospital admission.
4. The tests are performed at the Hospital into which confinement is scheduled, or at a qualified facility designated by the Physician who will perform the procedure or Surgery.

“Pregnancy”

“Pregnancy” shall mean a physical state whereby a woman presently bears a child or children in the womb, prior to but likely to result in childbirth, miscarriage and/or non-elective abortion. Pregnancy is considered a Sickness for the purpose of determining benefits under this Plan.

“Preventive Care”

“Preventive Care” shall mean certain Preventive Care services.

To comply with the ACA, and in accordance with the recommendations and guidelines, plans shall provide In-Network coverage for all of the following:

1. Evidence-based items or services rated A or B in the United States Preventive Services Task Force recommendations.
2. Recommendations of the Advisory Committee on Immunization Practices adopted by the Director of the Centers for Disease Control and Prevention.
3. Comprehensive guidelines for infants, children, and adolescents supported by the Health Resources and Services Administration (HRSA).
4. Comprehensive guidelines for women supported by the Health Resources and Services Administration (HRSA).

Copies of the recommendations and guidelines may be found here:

<http://www.uspreventiveservicestaskforce.org> or at <https://www.healthcare.gov/coverage/preventive-care-benefits/>. For more information, Participants may contact the Plan Administrator / Employer.

“Prior Plan”

“Prior Plan” shall mean the coverage provided on a group or group type basis by the group insurance policy, benefit plan or service plan that was terminated on the day before the Effective Date of the Plan and replaced by the Plan.

“Prior to Effective Date” or “After Termination Date”

“Prior to Effective Date” or “After Termination Date” are dates occurring before a Participant gains eligibility from the Plan, or dates occurring after a Participant loses eligibility from the Plan, as well as charges Incurred Prior to the Effective Date of coverage under the Plan or after coverage is terminated, unless continuation of benefits applies.

“Privacy Standards”

“Privacy Standards” shall mean the standards of the privacy of individually identifiable health information, as pursuant to HIPAA.

“Provider”

“Provider” shall mean an entity whose primary responsibility is related to the supply of medical care. Each Provider must be licensed, registered, or certified by the appropriate State agency where the medical care is performed, as required by that State’s law where applicable. Where there is no applicable State agency, licensure, or regulation, the Provider must be registered or certified by the appropriate professional body. The Plan Administrator may determine that an entity is not a “Provider” as defined herein if that entity is not deemed to be a “Provider” by the Centers for Medicare and Medicaid Services (CMS) for purposes arising from payment and/or enrollment with Medicare; however, the Plan Administrator is not so bound by CMS’ determination of an entity’s status as a Provider. All facilities must meet the standards as set forth within the applicable definitions of the Plan as it relates to the relevant provider type.

“Psychiatric Hospital”

“Psychiatric Hospital” shall mean an Institution, appropriately licensed as a Psychiatric Hospital, established for the primary purpose of providing diagnostic and therapeutic psychiatric services for the treatment of mentally ill persons either by, or under the supervision of, a Physician. As such, to be deemed a “Psychiatric Hospital,” the Institution must ensure every patient is under the care of a Physician and their staffing pattern must ensure the availability of a Registered Nurse 24 hours each day. Should the Institution fail to maintain clinical medical records on all patients permitting the determination of the degree and intensity of treatment to be provided, that Institution will not be deemed to be a “Psychiatric Hospital.”

To be deemed a “Psychiatric Hospital,” the Institution must be duly licensed and must not be primarily a place for rest, the aged, and/or a nursing home, custodial, or training institution.

“Qualified Medical Child Support Order” or “QMCSO”

“Qualified Medical Child Support Order” or “QMCSO” shall mean a Medical Child Support Order, in accordance with applicable law, and which creates or recognizes the existence of an Alternate Recipient’s right to, or assigns to an Alternate Recipient the right to, receive benefits for which a Participant or eligible Dependent is entitled under this Plan.

“Reasonable and Allowed Amount” and/or “Reasonable and Allowable Amount”

“Reasonable and Allowed Amount” and/or “Reasonable and Allowable Amount” means the maximum amount payable by the Plan for a service, supply and/or treatment that is considered a Covered Expense. The Reasonable and Allowable Amount is the *lesser of*:

1. The charge made by the Provider that furnished the care, service, or supply;
2. The negotiated amount established by a discounting or negotiated arrangement;
3. The reasonable and customary charge for the same treatment, service, or supply furnished in the same geographic area by a Provider of like service of similar training and experienced as further described below; or
4. For inpatient or outpatient facility claims, except outpatient dialysis facility claims, an amount equivalent to 140% of the Medicare equivalent allowable amount.

5. For outpatient dialysis, the Usual and Reasonable Charge.

The term reasonable and customary charge shall mean an amount equivalent to the lesser of a commercially available database or such other cost or quality-based reimbursement methodologies as may be available and utilized by the Plan from time to time. If there is insufficient information submitted for a given procedure, the Plan will determine the Reasonable and Allowed Amount based upon charges made for similar services. Determination of the reasonable and customary charge will take into consideration the nature and severity of the condition being treated, medical complications or unusual circumstances that require more time, skill or experience, and the cost and quality data for that Provider.

The term 'geographic area' shall be defined as a metropolitan area, county, zip code, state or such greater area as is necessary to obtain a representative cross-section of Providers, persons, or organizations rendering such treatment, service or supply for which a specific charge is made.

For Covered Expenses rendered by a Physician, Hospital or Ancillary Provider in a geographic area where applicable law may dictate the maximum amount that can be billed by the rendering Provider, the Reasonable and Allowed Amount shall mean the lesser of amount established by applicable law for that Covered Expense or the amount determined as set forth above.

The Plan Administrator or its designee has the **ultimate discretionary authority** to determine the Reasonable and Allowable Amount, including establishing the negotiated terms of a Provider arrangement as the Reasonable and Allowable Amount even if such negotiated terms do not satisfy the lesser of test described above.

See also "Maximum Amount" and/or "Maximum Allowable Charge".

"Reasonable" and/or "Reasonableness" shall mean in the Plan Administrator's discretion, services or supplies, or fees for services or supplies, which are necessary for the care and treatment of Illness or Injury not caused by the treating Provider's error or mistake. Determination that fee(s) or services are Reasonable will be made by the Plan Administrator, taking into consideration unusual circumstances or complications requiring additional time, skill and experience in connection with a particular service or supply; industry standards and practices as they relate to similar scenarios; and the cause of Injury or Illness necessitating the service(s) and/or charge(s).

This determination will consider, but will not be limited to evidence-based guidelines, and the findings and assessments of the following entities: (a) the national medical associations, societies, and organizations; (b) the Centers for Medicare and Medicaid Services (CMS) and (c) the Food and Drug Administration.

To be Reasonable, service(s) and/or fee(s) must also be in compliance with generally accepted billing practices for unbundling or multiple procedures. The Plan Administrator retains discretionary authority to determine whether service(s) and/or fee(s) are Reasonable based upon information presented to the Plan Administrator.

The Plan Administrator reserves for itself and parties acting on its behalf the right to review charges processed and/or paid by the Plan, to identify charge(s) and/or service(s) that are not Reasonable and therefore not eligible for payment by the Plan.

"Rehabilitation"

"Rehabilitation" shall mean treatment(s) designed to facilitate the process of recovery from Injury, Illness, or Disease to as normal a condition as possible.

"Rehabilitation Hospital"

"Rehabilitation Hospital" shall mean an appropriately licensed Institution, which is established in accordance with all relevant Federal, State and other applicable laws, to provide therapeutic and restorative services to individuals seeking to maintain, reestablish, or improve motor-skills and other functioning deemed Medically Necessary for daily living, that have been lost or impaired due to Sickness and/or Injury.

To be deemed a “Rehabilitation Hospital,” the Institution must be legally constituted, operated, and accredited for its stated purpose by either the Joint Commission on Accreditation of Hospitals or the Commission on Accreditation for Rehabilitation Facilities, as well as approved for its stated purpose by the Centers for Medicare and Medicaid Services (CMS) for Medicare purposes.

To be deemed a “Rehabilitation Hospital,” the Institution must be duly licensed and must not be primarily a place for rest, the aged, and/or a nursing home, custodial, or training institution.

“Residential Treatment Facility”

“Residential Treatment Facility” shall mean a facility licensed or certified as such by the jurisdiction in which it is located to operate a program for the treatment and care of Participants diagnosed with alcohol, drug or Substance Abuse disorders or mental illness.

“Room and Board”

“Room and Board” shall mean a Hospital’s charge for any of the following:

1. Room and complete linen service.
2. Dietary service including all meals, special diets, therapeutic diets, required nourishment’s, dietary supplements and dietary consultation.
3. All general nursing services including but not limited to coordinating the delivery of care, supervising the performance of other staff members who have delegated member care and member education.
4. Other conditions of occupancy which are Medically Necessary.

“Security Standards”

“Security Standards” shall mean the final rule implementing HIPAA’s Security Standards for the Protection of Electronic Protected Health Information (PHI), as amended.

“Service Waiting Period”

“Service Waiting Period” shall mean an interval of time that must pass before an Employee or Dependent is eligible to enroll under the terms of the Plan. The Employee must be a continuously Active Employee of the Employer during this interval of time.

“Sickness”

“Sickness” shall have the meaning set forth in the definition of “Disease.”

“Skilled Nursing Facility”

“Skilled Nursing Facility” shall mean a facility that fully meets all of the following requirements:

1. It is licensed to provide professional nursing services on an Inpatient basis to persons convalescing from Injury or Sickness. The service must be rendered by a Registered Nurse (R.N.) or by a Licensed Practical Nurse (L.P.N.) under the direction of a Registered Nurse. Services to help restore patients to self-care in essential daily living activities must be provided.
2. Its services are provided for compensation and under the full-time supervision of a Physician.
3. It provides 24 hour per day nursing services by licensed nurses, under the direction of a full-time Registered Nurse.
4. It maintains a complete medical record on each patient.
5. It has an effective utilization review plan.
6. It is not, other than incidentally, a place for rest, the aged, drug addicts, alcoholics, mentally disabled, Custodial Care, educational care or care of Mental or Nervous Disorders.
7. It is approved and licensed by Medicare.

“Specialty Drugs”

“Specialty Drugs” are high-cost prescription medications used to treat complex, chronic conditions. They are often difficult to administer and require special handling or ongoing monitoring and assessment by a health care professional.

“Substance Abuse” and/or “Substance Use Disorder”

“Substance Abuse” and/or “Substance Use Disorder” shall mean any use of alcohol, any drug (whether obtained legally or illegally), any narcotic, or any hallucinogenic or other illegal substance, which produces a pattern of pathological use, causing impairment in social or occupational functioning, or which produces physiological dependency evidenced by physical tolerance or withdrawal. It is the excessive use of a substance, especially alcohol or a drug. The Diagnostic and Statistical Manual of Mental Disorders (DSM) definition of “Substance Use Disorder” is applied as outlined below.

A maladaptive pattern of substance use leading to clinically significant impairment or distress, as manifested by one or more, of the following, occurring within a 12 month period:

1. Recurrent substance use resulting in a failure to fulfill major role obligations at work, school or home (e.g., repeated absences or poor work performance related to substance use; substance-related absences, suspensions or expulsions from school; neglect of children or household).
2. Recurrent substance use in situations in which it is physically hazardous (e.g., driving an automobile or operating a machine when impaired by substance use).
3. Craving or a strong desire or urge to use a substance.
4. Continued substance use despite having persistent or recurrent social or interpersonal problems caused or exacerbated by the effects of the substance (e.g., arguments with spouse about consequences of intoxication, physical fights).

“Substance Abuse Treatment Center”

“Substance Abuse Treatment Center” shall mean an Institution whose facility is licensed, certified or approved as a Substance Abuse Treatment Center by a Federal, State, or other agency having legal authority to so license; which is affiliated with a Hospital and whose primary purpose is providing diagnostic and therapeutic services for treatment of Substance Abuse. To be deemed a “Substance Abuse Treatment Center,” the Institution must have a contractual agreement with the affiliated Hospital by which a system for patient referral is established, and implement treatment by means of a written treatment plan approved and monitored by a Physician. Where applicable, the “Substance Abuse Treatment Center” must also be appropriately accredited by the Joint Commission on Accreditation of Hospitals.

“Surgery”

“Surgery” shall in the Plan Administrator’s discretion mean the treatment of Injuries or disorders of the body by incision or manipulation, especially with instruments designed specifically for that purpose, and the performance of generally accepted operative and cutting procedures, performed within the scope of the Provider’s license.

“Surgical Procedure”

“Surgical Procedure” shall have the same meaning set forth in the definition of “Surgery.”

“Third Party Administrator”

“Third Party Administrator” shall mean the claims administrator which provides customer service and claims payment services only and does not assume any financial risk or obligation with respect to those claims.

“Uniformed Services”

“Uniformed Services” shall mean the Armed Forces, the Army National Guard and the Air National Guard, when engaged in active duty for training, inactive duty training, or full time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President of the United States in time of war or Emergency.

“USERRA”

“USERRA” shall mean the Uniformed Services Employment and Reemployment Rights Act of 1994 (“USERRA”).

“Usual and Customary”

“Usual and Customary” (U&C) shall mean Covered Expenses which are identified by the Plan Administrator, taking into consideration any or all of the following: the fee(s) which the Provider most frequently charges (or accepts for) the majority of patients for the service or supply; the cost to the Provider for providing the services; the prevailing range of fees charged in the same “area” by Providers of similar training and experience for the service or supply; and/or the Medicare reimbursement rates. The term(s) “same geographic locale” and/or “area” shall be defined as a metropolitan area, county, or such greater area as is necessary to obtain a representative cross-section of Providers, persons or organizations rendering such treatment, services, or supplies for which a specific charge is made. To be Usual and Customary, fee(s) must be in compliance with generally accepted billing practices for unbundling or multiple procedures.

The term “Usual” refers to the amount of a charge made or accepted for medical services, care, or supplies, to the extent that the charge does not exceed the common level of charges made by other medical professionals with similar credentials, or health care facilities, pharmacies, or equipment suppliers of similar standing, which are located in the same geographic locale in which the charge was Incurred.

The term “Customary” refers to the form and substance of a service, supply, or treatment provided in accordance with generally accepted standards of medical practice to one individual, which is appropriate for the care or treatment of an individual of the same sex, comparable age and who has received such services or supplies within the same geographic locale.

The term “Usual and Customary” does not necessarily mean the actual charge made (or accepted) nor the specific service or supply furnished to a Participant by a Provider of services or supplies, such as a Physician, therapist, Nurse, Hospital, or pharmacist. The Plan Administrator will determine the usual charge for any procedure, service, or supply, and whether a specific procedure, service or supply is customary.

Usual and Customary charges may, at the Plan Administrator’s discretion, alternatively be determined and established by the Plan using normative data such as, but not limited to, Medicare cost to charge ratios, average wholesale price (AWP) for prescriptions and/or manufacturer’s retail pricing (MRP) for supplies and devices.

All other defined terms in this Plan Document shall have the meanings specified in the Plan Document where they appear.

ELIGIBILITY FOR COVERAGE

Eligibility for Individual Coverage

A Full-Time Employee of the Employer who regularly works 30 or more Hours of Service per week will be eligible to enroll for coverage under this Plan once he/she completes a waiting period of 60 days from the date he or she completes at least one Hour of Service with the Employer. Includes Seasonal Employees. Participation in the Plan will begin as of the first day of the month following completion of the waiting period provided all required election and enrollment forms are properly submitted to the Plan Administrator.

You are not eligible to participate in the Plan if you are a part-time, temporary or leased employee, an independent contractor or a person performing services pursuant to a contract under which you are designated an independent contractor (regardless of whether you might later be deemed a common law employee by a court or governmental agency) or a person covered by a collective bargaining agreement that does not provide for participation in this Plan.

If a part time or temporary employee becomes eligible for benefits, they can apply time worked to reduce their Waiting Period. Once the Waiting Period is satisfied, coverage begins on the first day of the month following the status change.

Determining Full-Time Employee Status for Ongoing Employees

In determining whether an Ongoing Employee is classified as a Full-Time Employee, the Employer has set forth a Standard Measurement Period of 12 months followed by a Standard Stability Period of 12 months. If during the Standard Measurement Period, the Ongoing Employee is determined to be a Full-Time Employee, the Plan will have a 30 day Administrative Period to notify the Employee of his or her eligibility (and the eligibility of the Employee's eligible Dependents) to enroll in the Plan and to complete the enrollment process. An Employee who has been determined to be a Full-Time Employee during his or her Measurement Period will be offered coverage that is effective as of the first day of the Employee's Stability Period (including the Full-Time Employee's eligible Dependents).

Determining Full-Time Employee Status for New Variable Hour, Seasonal, or Part-Time Employees

In determining whether a new Variable Hour, Seasonal, or Part-Time Employee will be considered as a Full-Time Employee during the Initial Stability Period, the Employer has set forth an Initial Measurement Period of 12 months followed by an Initial Stability Period of 12 months. If during the Initial Measurement Period, the Employee is determined to be a Full-Time Employee, the Plan will have a 30 day Administrative Period to notify the Employee of his or her eligibility to enroll in the Plan and to complete the enrollment process (and the eligibility of the Employee's eligible Dependents).

An Employee who has been determined to be a Full-Time Employee during his or her Measurement Period will be offered coverage that is effective as of the first day of the Employee's Stability Period (and coverage will be added to such Full-Time Employee's eligible Dependents). Notwithstanding any other provision to the contrary, the combined length of the Initial Measurement Period and the Administrative Period for a New Employee who is a Part-Time, Variable Hour or Seasonal Employee may not extend beyond the last day of the first calendar month beginning on or after the first anniversary of the date the Employee completes at least one Hour of Service with the Employer.

Reinstatement of Coverage

An Employee who is terminated and rehired will be treated as a new Employee upon rehire only if the Employee was not credited with an hour of service, as defined under the ACA, with the Employer (or any member of the controlled or affiliated group) for a period of at least 13 consecutive weeks immediately preceding the date of rehire.

A Variable Hour Employee who is terminated and rehired will be treated as a continuing Employee upon rehire only if the Employee break in service did not exceed 13 weeks.

Upon return, coverage will be effective so long as all other eligibility criteria are satisfied.

Eligibility Dates for Dependent Coverage

Each Employee will become eligible for coverage under this Plan for his or her Dependents on the latest of the following dates:

1. His or her date of eligibility for coverage for himself or herself under the Plan.
2. The date coverage for his or her Dependents first becomes available under any amendment to the Plan, if such coverage was not provided under the Plan on the Effective Date of the Plan.
3. The first date upon which he or she acquires a Dependent.
4. The date the Dependent Child is eligible due to a qualifying status change event, as outlined in the Section 125 plan.

In no event will any Dependent Child be covered as a Dependent of more than one Employee who is covered under the Plan.

Spouses eligible for coverage under another group plan are not eligible for coverage under the Plan, except in the case of spouses who must wait to enroll during an open or special enrollment period of the other group plan. Such spouses may continue their coverage under the Plan until they are able to enroll in the other group plan at the time of an open or special enrollment period.

In order for an Employee's Dependent to be covered under the Plan the Employee must be enrolled for coverage under the Plan.

"Michelle's Law" prohibits a group health plan, or a health insurance issuer that provides health insurance coverage in connection with a group health plan, from terminating coverage of a Dependent Child due to a qualifying "Medically Necessary Leave of Absence" from, or other change in enrollment at, a postsecondary educational Institution prior to the earlier of:

1. The date that is one year after the first day of the Medically Necessary Leave of Absence.
2. The date on which such coverage would otherwise terminate under the terms of the Plan.

In order to be a Medically Necessary Leave of Absence the student's leave must meet all of the following requirements:

1. Commence while the Dependent Child is suffering from a serious Illness or Injury.
2. Be Medically Necessary.
3. Cause the Dependent Child to lose student status for purposes of coverage under the terms of the parents' plan or coverage.

A Child is a "Dependent Child" under the law if he or she meets all of the following requirements:

1. Is a Dependent Child of a Participant under the terms of the Plan or coverage.
2. Was enrolled in the Plan or coverage, on the basis of being a student at a postsecondary educational Institution, immediately before the first day of the Medically Necessary Leave of Absence.

A treating Physician of the Dependent Child must certify that the Dependent Child is suffering from a serious Illness or Injury and that the Leave of Absence (or other change of enrollment) described is Medically Necessary.

Effective Dates of Coverage; Conditions

The coverage for which an individual is eligible under this Plan will become effective on the date specified below, subject to the conditions of this section.

1. Enrollment Application (paper or electronic as applicable). Employee(s) may seek to obtain coverage for themselves and/or Dependents via a form (either paper or electronic as applicable) furnished by the Plan Administrator, in a manner that is satisfactory to the Plan Administrator, and

within 30 days following the applicable date of eligibility. If coverage is available and appropriate, coverage will become effective after review of the form, and upon the subsequent date such Employee or Dependents are eligible.

2. Coverage as Both Employee and Dependent. An eligible Participant may enroll in this Plan either as an Employee or as a Dependent, but not both.
3. Birth of Dependent Child. A newborn Child of a covered Employee will be considered eligible and will be covered from the moment of birth for Injury or Illness, including the Medically Necessary care and treatment of medically diagnosed congenital defects, birth abnormalities and prematurity, newborn care and Preventive Care. The coverage shall continue for 31 days as it applies to the aforementioned Child, but **shall subsequently terminate unless Employee submits a written application to the Plan, to enroll the Child**. The application must also be accompanied by any required contribution, ongoing, as the case may be. Even though an Employee may already have coverage for Dependents at the date of such Child's birth, the **additional application requirement remains**. A newborn Child of a Dependent Child is not eligible for this Plan unless the newborn Child meets the definition of an eligible Dependent.
4. Newly Acquired Dependents. If while an Employee is enrolled for coverage, that Employee acquires a Dependent, coverage for the newly acquired Dependent shall be effective on the date the Dependent becomes eligible only if the existing coverage extends to Dependents. If coverage for Dependents has not already been secured by the Employee, a written application must be made to the Plan within 30 days of the date of the newly acquired Dependent's eligibility, and any required contributions are also to be made if enrollment is otherwise approved by the Plan Administrator.
5. Requirement for Employee Coverage. Coverage for Dependents shall only be available to Dependents of Employees eligible for coverage for him or herself.
6. Dependents of Multiple Employees. If a Dependent may be deemed to be a Dependent of more than one Covered Employee, such Dependent shall be deemed to be a Dependent of one such Employee only.
7. Medicaid Coverage. An individual's eligibility for any State Medicaid benefits will not be taken into account by the Plan in determining that individual's eligibility under the Plan.
8. FMLA Leave. Regardless of any requirements set forth in the Plan, the Plan shall at all times comply with FMLA.

NOTE: *It is the responsibility of the enrolled Employee to notify his or her Employer of any changes in the Dependent's status.*

Special and Open Enrollment

Federal law requires and the Plan provides so-called "Special Enrollment Periods," during which Employees may enroll in the Plan, even if they declined to enroll during an initial or subsequent eligibility period. The Special Enrollment rules are described in more detail within the Eligibility for Coverage section.

Loss of Other Coverage

This Plan will permit an eligible Employee or Dependent (including his or her spouse) who is eligible, but not enrolled, to enroll for coverage under the terms of the Plan if each of the following conditions is met:

1. The eligible Employee or Dependent was covered under another group health plan or had other health insurance coverage at the time coverage under this Plan was offered.
2. The eligible Employee stated in writing at the time this Plan was offered, that the reason for declining enrollment was due to the eligible Employee having coverage under another group health plan or due to the Employee having other health insurance coverage.
3. The eligible Employee or Dependent lost other coverage pursuant to one of the following events:
 - a. The eligible Employee or Dependent was under COBRA and the COBRA coverage was exhausted.
 - b. The eligible Employee or Dependent was not under COBRA and the other coverage was terminated as a result of loss of eligibility (including as a result of Legal Separation, divorce, loss of Dependent status, death, termination of employment, or reduction in the number of hours worked).

- c. The eligible Employee or Dependent moved out of an HMO service area with no other option available.
- d. The Plan is no longer offering benefits to a class of similarly situated individuals.
- e. The benefit package option is no longer being offered and no substitute is available.
- f. The Employer contributions were terminated.

If an Employee is currently enrolled in a benefit package, the Employee may elect to enroll in another benefit package under the Plan if the following requirements are met:

- 1. Multiple benefit packages are available.
- 2. A Dependent of the enrolled Employee has a special enrollment right in the Plan because the Dependent has lost eligibility for other coverage.

Special enrollment rights will not be available to an Employee or Dependent if either of the following requirements is met:

- 1. The other coverage is/was available via COBRA Continuation Coverage and the Employee or Dependent failed to exhaust the maximum time available to him or her for such COBRA coverage; or
- 2. The Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the Other Plan).

For an eligible Employee or Dependent(s) who has met the conditions specified above, this Plan will be effective at 12:01 A.M. on the first day of the first calendar month beginning after the date the written or electronic request for enrollment (including the Participant's enrollment application, either paper or electronic as applicable, in the case of enrollment) is received by the Plan and the request is made within 30 days from loss of coverage. For example, if the Employee loses his or her other health coverage on April 22, he or she must notify the Plan Administrator and apply for coverage by close of business on May 22.

New Dependent

An Employee or Dependent who is eligible, but not enrolled in this Plan, may be eligible to enroll during a special enrollment period if an Employee acquires a new Dependent as a result of marriage, legal guardianship, birth, adoption, or placement for adoption. To be eligible for this special enrollment, the Employee must apply in writing or electronically, as applicable, no later than 30 days after he or she acquires the new Dependent. For example, if the Employee or Employee's spouse gives birth to a baby on June 22, he or she must notify the Plan Administrator and apply for coverage by close of business on July 22. The following conditions apply to any eligible Employee and Dependents:

An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll during a special enrollment period if one the following occurs:

- 1. The eligible Employee is a covered Employee under the terms of this Plan but elected not to enroll during a previous enrollment period.
- 2. An individual has become a Dependent of the eligible Employee through marriage, legal guardianship, birth, adoption, or placement for adoption.

If the conditions for special enrollment are satisfied, the coverage of the Dependent and/or Employee enrolled during the Special Enrollment Period will be effective at 12:01 A.M. for the following events:

- 1. In the case of marriage, on the first day of the calendar month following enrollment.
- 2. For a legal guardianship, on the date on which such Child is placed in the covered Employee's home pursuant to a court order appointing the covered Employee as legal guardian for the Child.
- 3. In the case of a Dependent's birth, as of the date of birth.
- 4. In the case of a Dependent's adoption or placement for adoption, the date of the adoption or placement for adoption.

Additional Special Enrollment Rights

Employees and Dependents who are eligible but not enrolled are entitled to enroll under one of the following circumstances:

1. The Employee's or Dependent's Medicaid or State Child Health Insurance Plan (i.e. CHIP) coverage has terminated as a result of loss of eligibility and the Employee requests coverage under the Plan within 60 days after the termination.
2. The Employee or Dependent become eligible for a contribution / premium assistance subsidy under Medicaid or a State Child Health Insurance Plan (i.e. CHIP), and the Employee requests coverage under the Plan within 60 days after eligibility is determined.

If the conditions for special enrollment are satisfied, coverage for the Employee and/or his or her Dependent(s) will be effective at 12:01 A.M. on the first day of the first calendar month beginning after the date the written or electronic request, as applicable, (including the Participant's enrollment application, either paper or electronic as applicable, in the case of enrollment) is received by the Plan.

Open Enrollment

Prior to the start of a Plan Year, this Plan has an Open Enrollment Period. Eligible Participants who are not covered under this Plan may enroll for coverage during Open Enrollment Periods. Employees who are enrolled will be given an opportunity to change their coverage effective the first day of the upcoming Plan Year. A Participant who fails to make an election during the Open Enrollment Period will automatically retain his or her present coverages. Coverage for Participants enrolling during an Open Enrollment Period will become effective on December 1, as long as all other eligibility requirements have been met. If the other eligibility requirements have not been met, coverage for Participants enrolling during an Open Enrollment Period will become effective as stated in the provision, "Eligibility for Individual Coverage".

The terms of the Open Enrollment Period, including duration of the election period, shall be determined by the Plan Administrator and communicated prior to the start of an Open Enrollment Period.

"Open Enrollment Period" shall mean the time frame specified by the Plan Administrator.

Relation to Section 125 Cafeteria Plan

This Plan may also allow additional changes to enrollment due to change in status events under the employer's Section 125 Cafeteria Plan. Refer to the employer's Section 125 Cafeteria Plan for more information.

Qualified Medical Child Support Orders

This Plan will provide for immediate enrollment and benefits to the Child or Children of a Participant who are the subject of a Qualified Medical Child Support Order (QMCSO), regardless of whether the Child or Children reside with the Participant, provided the Child or Children are not already enrolled as an eligible Dependent as described in this Plan. If a QMCSO is issued, then the Child or Children shall become Alternate Recipient(s) of the benefits under this Plan, subject to the same limitations, restrictions, provisions and procedures as any other Participant. The Plan Administrator will determine if the order properly meets the standards described herein. A properly completed National Medical Support Notice (NMSN) will be treated as a QMCSO and will have the same force and effect.

To be considered a Qualified Medical Child Support Order, the Medical Child Support Order must contain the following information:

1. The name and last known mailing address (if any) of the Participant and the name and mailing address of each such Alternate Recipient covered by the order.
2. A reasonable description of the type of coverage to be provided by this Plan to each Alternate Recipient, or the manner in which such type of coverage is to be determined.
3. The period of coverage to which the order applies.

4. The name of this Plan.

A National Medical Support Notice shall be deemed a QMCSO if all of the following requirements are met:

1. It contains the information set forth in the Definitions section in the definition of "National Medical Support Notice."
2. It identifies either the specific type of coverage or all available group health coverage. If the Employer receives a NMSN that does not designate either specific type(s) of coverage or all available coverage, the Employer and the Plan Administrator will assume that all are designated.
3. It informs the Plan Administrator that, if a group health plan has multiple options and the Participant is not enrolled, the issuing agency will make a selection after the NMSN is qualified, and, if the agency does not respond within 20 days, the Child will be enrolled under the Plan's default option (if any).
4. It specifies that the period of coverage may end for the Alternate Recipient(s) only when similarly situated dependents are no longer eligible for coverage under the terms of the Plan, or upon the occurrence of certain specified events.

A NMSN need not be recognized as a QMCSO if it requires the Plan to provide any type or form of benefit, or any option, not otherwise provided to the Participants and eligible Participants without regard to the provisions herein, except to the extent necessary to meet the requirements of a State law relating to Medical Child Support Orders, as described in Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993 §13822).

In the instance of any Medical Child Support Order received by this Plan, the Plan Administrator shall, as soon as administratively possible, perform the following:

1. In writing, notify the Participant and each Alternate Recipient covered by such Order (at the address included in the Order) of the receipt of such Order and the Plan's procedures for determining whether the Order qualifies as a QMCSO.
2. Make an administrative determination if the order is a QMCSO and notify the Participant and each affected Alternate Recipient of such determination.

In the instance of any National Medical Support Notice received by this Plan, the Plan Administrator shall perform the following:

1. Notify the State agency issuing the notice with respect to the Child whether coverage of the Child is available under the terms of the Plan and, if so:
 - a. Whether the Child is covered under the Plan.
 - b. Either the effective date of the coverage or, if necessary, any steps to be taken by the custodial parent or by the official of a State or political subdivision to effectuate the coverage.
2. Provide to the custodial parent (or any State official serving in a substitute capacity) a description of the coverage available and any forms or documents necessary to effectuate such coverage.

As required by Federal law, the Plan Administrator shall perform the following:

1. Establish reasonable procedures to determine whether Medical Child Support Order or National Medical Support Notice are Qualified Medical Child Support Orders.
2. Administer the provision of benefits under such qualified orders. Such procedures shall:
 - a. Be in writing.
 - b. Provide for the notification of each person specified in a Medical Child Support Order as eligible to receive benefits under the plan (at the address included in the Medical Child Support Order) of such procedures promptly upon receipt by the plan of the Medical Child Support Order.

- c. Permit an Alternate Recipient to designate a representative for receipt of copies of notices that are sent to the Alternate Recipient with respect to a Medical Child Support Order.

Acquired Companies

Eligible Employees of an acquired company who are Actively at Work and were covered under the Prior Plan of the acquired company will be eligible for the benefits under this Plan on the date of acquisition. Any waiting period previously satisfied under the prior health plan will be applied toward satisfaction of the Service Waiting Period of this Plan. In the event that an acquired company did not have a health plan, all eligible Employees will be eligible on the date of the acquisition.

Genetic Information Nondiscrimination Act (“GINA”)

“GINA” prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of genetic information.

The term “genetic information” means, with respect to any individual, information about any of the following:

1. Such individual’s genetic tests.
2. The genetic tests of family members of such individual.
3. The manifestation of a Disease or disorder in family members of such individual.

The term “genetic information” includes participating in clinical research involving genetic services. Genetic tests would include analysis of human DNA, RNA, chromosomes, proteins, or metabolites that detect genotypes, mutations, or chromosomal changes. Genetic information is a form of Protected Health Information (PHI) as defined by and in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and is subject to applicable Privacy and Security Standards.

Family members as it relates to GINA include dependents, plus all relatives to the fourth degree, without regard to whether they are related by blood, marriage, or adoption. Underwriting as it relates to GINA includes any rules for determining eligibility, computing premiums or contributions, and applying pre-existing condition limitations. Offering reduced premiums or other rewards for providing genetic information would be impermissible underwriting.

GINA will not prohibit a health care Provider who is treating an individual from requesting that the patient undergo genetic testing. The rules permit the Plan to obtain genetic test results and use them to make claims payment determinations when it is necessary to do so to determine whether the treatment provided to the patient was medically advisable and/or necessary.

The Plan may request, but not require, genetic testing in certain very limited circumstances involving research, so long as the results are not used for underwriting, and then only with written notice to the individual that participation is voluntary and will not affect eligibility for benefits, premiums or contributions. In addition, the Plan will notify and describe its activity to the Health and Human Services secretary of its activities falling within this exception.

While the Plan may collect genetic information after initial enrollment, it may not do so in connection with any annual renewal process where the collection of information affects subsequent enrollment. The Plan will not adjust premiums or increase group contributions based upon genetic information, request or require genetic testing or collect genetic information either prior to or in connection with enrollment or for underwriting purposes.

TERMINATION OF COVERAGE

Termination Dates of Individual Coverage

The coverage of any Employee for himself or herself under this Plan will terminate on the earliest to occur of the following dates:

1. The date the Plan terminates, in whole or in part.
2. If you fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid.
3. The date you report to active military service, unless coverage is continued through the Uniformed Services Employment and Reemployment Rights Act (USERRA) as explained in the Continuation of Coverage section.
4. The end of the month in which you cease to be eligible for coverage under the Plan.
5. The end of the month in which you terminate employment or cease to be included in an eligible class of Employees.
6. The date you (or any person seeking coverage on your behalf) performs an act, practice or omission that constitutes fraud.
7. The date you (or any person seeking coverage on your behalf) makes an intentional misrepresentation of a material fact.
8. If an Employee becomes ineligible for coverage under the Plan due to a reduction in work-hours below the minimum number of hours an Employee is required to work per week to be eligible to enroll in coverage, the Employee's coverage will terminate upon the start of the next Stability Period.

Termination Dates of Dependent Coverage

The coverage for any Dependents of any Employee who are covered under the Plan will terminate on the earliest to occur of the following dates:

1. The date the Plan terminates, in whole or in part.
2. The date the Plan discontinues coverage for Dependents.
3. The date your Dependent becomes covered as an Employee under the Plan.
4. The date coverage terminates for the Employee.
5. If you and/or your Dependents fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid.
6. The date the Dependent Spouse reports to active military service.
7. The end of the month in which a Dependent ceases to be a Dependent as defined by the Plan.
8. The date your Dependent (or any person seeking coverage on behalf of your Dependent) performs an act, practice or omission that constitutes fraud.
9. The date your Dependent (or any person seeking coverage on behalf of your Dependent) makes an intentional misrepresentation of a material fact.

NOTE: *The Employer offers these benefits in conjunction with a cafeteria plan under Section 125 of the Internal Revenue Code and a voluntary termination must comply with the requirements of the Code and the cafeteria plan.*

CONTINUATION OF COVERAGE

Continuation During Family and Medical Leave Act (FMLA) Leave

The Plan shall at all times comply with FMLA. It is the intention of the Plan Administrator to provide these benefits only to the extent required by applicable law and not to grant greater rights than those so required. During a FMLA Leave, coverage will be maintained in accordance with the same Plan conditions as coverage would otherwise be provided if the covered Employee had been a continuously active employee during the entire leave period. If Plan coverage lapses during the FMLA Leave, coverage will be reinstated for the person(s) who had coverage under the Plan when the FMLA Leave began, upon the Employee's return to work at the conclusion of the FMLA Leave.

To the extent this Plan is required to comply with a State family and medical leave law that is more generous than the FMLA, continuation of coverage under this Plan will be provided in accordance with such State family and medical leave law, as well as under FMLA.

Continuation During USERRA

Participants who are absent from employment because they are in the Uniformed Services may elect to continue their coverage under this Plan for up to 24 months. To continue coverage, Participants must comply with the terms of the Plan, including election during the Plan's annual enrollment period, and pay their contributions, if any. In addition, USERRA also requires that, regardless of whether a Participant elected to continue his or her coverage under the Plan, his or her coverage and his or her Dependents' coverage be reinstated immediately upon his or her return to employment, so long as he or she meets certain requirements contained in USERRA. Participants should contact their participating Employer for information concerning their eligibility for USERRA and any requirements of the Plan.

Continuation During COBRA – Introduction

The right to this form of continued coverage was created by a Federal law, under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA"). COBRA Continuation Coverage can become available to Participants when they otherwise would lose their group health coverage. It also can become available to other members of the Participant's family who are covered under the Plan when they otherwise would lose their group health coverage. Under the Plan, Qualified Beneficiaries that elect COBRA Continuation Coverage must pay the entire cost of the coverage, including a reasonable administration fee. There are several ways coverage will terminate, including the failure of the Participant or their covered Dependents to make timely payment of contributions or premiums. For additional information, Participants should contact the Participating Employer to determine if COBRA applies to him or her and/or his or her covered Dependents.

Participants may have other options available when group health coverage is lost. For example, a Participant may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, the Participant may qualify for lower costs on his or her monthly premiums and lower out-of-pocket costs. Additionally, the Participant may qualify for a 30-day special enrollment period for another group health plan for which the Participant is eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

COBRA Continuation Coverage

"COBRA Continuation Coverage" is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "Qualifying Event." COBRA (and the description of COBRA Continuation Coverage contained in this Plan) does not apply to the following benefits (if available as part of the Employer's plan): life insurance, accidental death and dismemberment benefits and weekly income or long term disability benefits. The aforementioned benefits are not considered for continuation under COBRA. The Plan provides no greater COBRA rights than what COBRA requires – nothing in this Plan is intended to expand the Participant's rights beyond COBRA's requirements.

Qualifying Events

Specific Qualifying Events are listed below. After a Qualifying Event, COBRA Continuation Coverage must be offered to each person who is a "Qualified Beneficiary." A Qualified Beneficiary is someone who is or was covered by the Plan, and has lost or will lose coverage under the Plan due to the occurrence of a Qualifying Event. The Employee and/or Employee's Dependents could therefore become Qualified Beneficiaries if applicable coverage under the Plan is lost because of the Qualifying Event.

An Employee, who is properly enrolled in this Plan and is a covered Employee, will become a Qualified Beneficiary if he or she loses his or her coverage under the Plan because either one of the following Qualifying Events happens:

1. The hours of employment are reduced.
2. The employment ends for any reason other than gross misconduct.

The spouse of a covered Employee will become a Qualified Beneficiary if he or she loses his or her coverage under the Plan because any of the following Qualifying Events happens:

1. The Employee dies.
2. The Employee's hours of employment are reduced.
3. The Employee's employment ends for any reason other than his or her gross misconduct.
4. The Employee becomes entitled to Medicare benefits (under Part A, Part B, or both).
5. The Employee becomes divorced or legally separated from his or her spouse.

Dependent Children will become Qualified Beneficiaries if they lose coverage under the Plan because any of the following Qualifying Events happens:

1. The parent-covered Employee dies.
2. The parent-covered Employee's hours of employment are reduced.
3. The parent-covered Employee's employment ends for any reason other than his or her gross misconduct.
4. The parent-covered Employee becomes entitled to Medicare benefits (Part A, Part B, or both).
5. The parents become divorced or legally separated.
6. The Child stops being eligible for coverage under the Plan as a Dependent Child.

Employer Notice of Qualifying Events

When the Qualifying Event is the end of employment (for reasons other than gross misconduct), reduction of hours of employment, death of the covered Employee, commencement of a proceeding in bankruptcy with respect to the Employer, or the covered Employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the Employer must notify the COBRA Administrator of the Qualifying Event.

Employee Notice of Qualifying Events

In certain circumstances, the covered Employee or Qualified Beneficiary, in order to protect his or her rights under COBRA, is required to provide notification to the COBRA Administrator in writing, either by U.S. First Class Mail or hand delivery. These circumstances are any of the following:

1. **Notice of Divorce or Separation:** Notice of the occurrence of a Qualifying Event that is a divorce or Legal Separation of a covered Employee (or former Employee) from his or her spouse.
2. **Notice of Child's Loss of Dependent Status:** Notice of the occurrence of a Qualifying Event that is an individual's ceasing to be eligible as a Dependent Child under the terms of the Plan.
3. **Notice of a Second Qualifying Event:** Notice of the occurrence of a second Qualifying Event after a Qualified Beneficiary has become entitled to COBRA Continuation Coverage with a maximum duration of 18 (or 29) months.
4. **Notice Regarding Disability:** Notice that a Qualified Beneficiary entitled to receive COBRA Continuation Coverage with a maximum duration of 18 months has been determined by the Social Security Administration ("SSA") to be disabled at any time during the first 60 days of COBRA Continuation Coverage.

5. **Notice Regarding End of Disability:** Notice that a Qualified Beneficiary, with respect to whom a notice described above in #4 has been provided, has subsequently been determined by the SSA to no longer be disabled.

As indicated above, Notification of a Qualifying Event must be made in writing. Notice must be made by submitting the "Notice of Qualifying Event" form and mailing it by U.S. First Class Mail or hand delivery to the COBRA Administrator. This form is available, without charge, from the COBRA Administrator.

Notification must include an adequate description of the Qualifying Event or disability determination. Please see the remainder of this section for additional information.

Notification must be received by the COBRA Administrator. The COBRA Administrator is:

Cypress Benefit Administrators (LHS), LLC
a Lucent Health Company
PO Box 7020
Appleton, WI 54912-7020
Phone: 877.236.0844
Fax: 920.968.4616
Website: www.lucenthealth.com/cypress

A form of notice is available, free of charge, from the COBRA Administrator and must be used when providing the notice.

Deadline For Providing the Notice

For Qualifying Events described above, notice must be furnished within 60 days of the latest occurring event set forth below:

1. The date upon which the Qualifying Event occurs.
2. The date upon which the Qualified Beneficiary loses (or would lose) Plan coverage due to a Qualifying Event.
3. The date upon which the Qualified Beneficiary is notified via the Plan's SPD or general notice, and/or becomes aware of their status as a Qualified Beneficiary and/or the occurrence of a Qualifying Event; as well as their subsequent responsibility to comply with the Plan's procedure(s) for providing notice to the COBRA Administrator regarding said status.

As described above, if an Employee or Qualified Beneficiary is determined to be disabled under the Social Security Act, the notice must be delivered no more than 60 days after the latest of:

1. The date of the disability determination by the SSA.
2. The date on which a Qualifying Event occurs.
3. The date on which the Qualified Beneficiary loses (or would lose) coverage under the Plan as a result of the Qualifying Event.
4. The date on which the Qualified Beneficiary is informed, through the furnishing of the Plan's SPD or the general notice, of both the responsibility to provide the notice and the Plan's procedures for providing such notice to the COBRA Administrator.

In any event, this notice must be provided within the first 18 months of COBRA Continuation Coverage.

For a change in disability status described above, the notice must be furnished by the date that is 30 days after the later of:

1. The date of the final determination by the SSA that the Qualified Beneficiary is no longer disabled.
2. The date on which the Qualified Beneficiary is informed, through the furnishing of the Plan's SPD or the general notice, of both the responsibility to provide the notice and the Plan's procedures for providing such notice to the COBRA Administrator.

The notice must be postmarked (if mailed), or received by the COBRA Administrator (if hand delivered), by the deadline set forth above. If the notice is late, the opportunity to elect or extend COBRA Continuation Coverage is lost, and if the person is electing COBRA Continuation Coverage, his or her coverage under the Plan will terminate on the last date for which he or she is eligible under the terms of the Plan, or if the person is extending COBRA Continuation Coverage, such Coverage will end on the last day of the initial 18-month COBRA coverage period.

Who Can Provide the Notice

Any individual who is the covered Employee (or former Employee) with respect to a Qualifying Event, or any representative acting on behalf of the covered Employee (or former Employee) or Qualified Beneficiary, may provide the notice. Notice by one individual shall satisfy any responsibility to provide notice on behalf of all related Qualified Beneficiaries with respect to the Qualifying Event.

Required Contents of the Notice

After receiving a notice of a Qualifying Event, the Plan must provide the Qualified Beneficiary with an election notice, which describes their rights to COBRA Continuation Coverage and how to make such an election. The notice must contain the following information:

1. Name and address of the covered Employee or former Employee.
2. Name of the Plan and the name, address, and telephone number of the Plan's COBRA administrator.
3. Identification of the Qualifying Event and its date (the initial Qualifying Event and its date if the Qualifying Participant is already receiving COBRA Continuation Coverage and wishes to extend the maximum coverage period).
4. A description of the Qualifying Event (for example, divorce, Legal Separation, cessation of Dependent status, entitlement to Medicare by the covered Employee or former Employee, death of the covered Employee or former Employee, disability of a Qualified Beneficiary or loss of disability status).
 - a. In the case of a Qualifying Event that is divorce or Legal Separation, name(s) and address(es) of spouse and Dependent Child or Children covered under the Plan, date of divorce or Legal Separation, and a copy of the decree of divorce or Legal Separation.
 - b. In the case of a Qualifying Event that is Medicare entitlement of the covered Employee or former Employee, date of entitlement, and name(s) and address(es) of spouse and Dependent Child or Children covered under the Plan.
 - c. In the case of a Qualifying Event that is a Dependent Child's cessation of Dependent status under the Plan, name and address of the Child, reason the Child ceased to be an eligible Dependent (for example, attained limiting age).
 - d. In the case of a Qualifying Event that is the death of the covered Employee or former Employee, the date of death, and name(s) and address(es) of spouse and Dependent Child or Children covered under the Plan.
 - e. In the case of a Qualifying Event that is disability of a Qualified Beneficiary, name and address of the disabled Qualified Beneficiary, name(s) and address(es) of other family members covered under the Plan, the date the disability began, the date of the SSA's determination, and a copy of the SSA's determination.
 - f. In the case of a Qualifying Event that is loss of disability status, name and address of the Qualified Beneficiary who is no longer disabled, name(s) and address(es) of other family members covered under the Plan, the date the disability ended and the date of the SSA's determination.
5. Identification of the Qualified Beneficiaries (by name or by status).
6. An explanation of the Qualified Beneficiaries' right to elect continuation coverage.
7. The date coverage will terminate (or has terminated) if continuation coverage is not elected.
8. How to elect continuation coverage.
9. What will happen if continuation coverage isn't elected or is waived.

10. What continuation coverage is available, for how long, and (if it is for less than 36 months), how it can be extended for disability or second qualifying events.
11. How continuation coverage might terminate early.
12. Premium payment requirements, including due dates and grace periods.
13. A statement of the importance of keeping the Plan Administrator informed of the addresses of Qualified Beneficiaries.
14. A statement that the election notice does not fully describe COBRA or the plan and that more information is available from the Plan Administrator and in the SPD.
15. A certification that the information is true and correct, a signature and date.

If a copy of the decree of divorce or Legal Separation or the SSA's determination cannot be provided by the deadline for providing the notice, complete and provide the notice, as instructed, by the deadline and submit the copy of the decree of divorce or Legal Separation or the SSA's determination within 30 days after the deadline. The notice will be timely if done so. However, no COBRA Continuation Coverage, or extension of such Coverage, will be available until the copy of the decree of divorce or Legal Separation or the SSA's determination is provided.

If the notice does not contain all of the required information, the COBRA Administrator may request additional information. If the individual fails to provide such information within the time period specified by the COBRA Administrator in the request, the COBRA Administrator may reject the notice if it does not contain enough information for the COBRA Administrator to identify the plan, the covered Employee (or former Employee), the Qualified Beneficiaries, the Qualifying Event or disability, and the date on which the Qualifying Event, if any, occurred.

Electing COBRA Continuation Coverage

Complete instructions on how to elect COBRA Continuation Coverage will be provided by the COBRA Administrator within 14 days of receiving the notice of the Qualifying Event. The individual then has 60 days in which to elect COBRA Continuation Coverage. The 60 day period is measured from the later of the date coverage terminates or the date of the notice containing the instructions. If COBRA Continuation Coverage is not elected in that 60 day period, then the right to elect it ceases.

Each Qualified Beneficiary will have an independent right to elect COBRA Continuation Coverage. Covered Employees may elect COBRA Continuation Coverage on behalf of all other Qualified Beneficiaries, including their spouses, and parents or a legal guardian may elect COBRA Continuation Coverage on behalf of their Children.

In the event that the COBRA Administrator determines that the individual is not entitled to COBRA Continuation Coverage, the COBRA Administrator will provide to the individual an explanation as to why he or she is not entitled to COBRA Continuation Coverage.

Duration of COBRA Continuation Coverage

The maximum time period shown below shall dictate for how long COBRA Continuation Coverage will be available. The maximum time period for coverage is based on the type of the Qualifying Event and the status of the Qualified Beneficiary. Multiple Qualifying Events that may be combined under COBRA will not ordinarily continue coverage for more than 36 months beyond the date of the original Qualifying Event. When the Qualifying Event is "entitlement to Medicare," the 36 month continuation period is measured from the date of the original Qualifying Event. For all other Qualifying Events, the continuation period is measured from the date of the Qualifying Event, not the date of loss of coverage.

When the Qualifying Event is the death of the covered Employee (or former Employee), the covered Employee's (or former Employee's) becoming entitled to Medicare benefits (under Part A, Part B, or both), a divorce or Legal Separation, or a Dependent Child's losing eligibility as a Dependent Child, COBRA Continuation Coverage lasts for up to a total of 36 months.

When the Qualifying Event is the end of employment or reduction of the covered Employee's hours of employment, and the covered Employee became entitled to Medicare benefits less than 18 months before

the Qualifying Event, COBRA Continuation Coverage for Qualified Beneficiaries other than the covered Employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered Employee becomes entitled to Medicare eight months before the date on which his or her employment terminates, COBRA Continuation Coverage for his or her spouse and Children can last up to thirty-six months after the date of Medicare entitlement, which is equal to twenty-eight months after the date of the Qualifying Event (thirty-six months minus eight months).

Otherwise, when the Qualifying Event is the end of employment (for reasons other than gross misconduct) or reduction of the covered Employee's hours of employment, COBRA Continuation Coverage generally lasts for only up to a total of 18 months. There are two ways in which this eighteen month period of COBRA Continuation Coverage can be extended.

Disability Extension of COBRA Continuation Coverage

Disability can extend the 18 month period of continuation coverage for a Qualifying Event that is a termination of employment or reduction of hours, if an Employee or anyone in an Employee's family covered under the Plan is determined by the Social Security Administration ("SSA") to be disabled, and the Employee notifies the COBRA Administrator. The Employee and his or her Dependents may thereby be entitled to an additional 11 months of COBRA Continuation Coverage, for a total of 29 months, if the disability started at some time before the 60th day of COBRA Continuation Coverage and lasts at least until the end of the 18 month period of COBRA Continuation Coverage. The Plan can charge 150% of the premium cost for the extended period of coverage.

Second Qualifying Event Extension of COBRA Continuation Coverage

If an Employee's family experiences another Qualifying Event while receiving 18 months of COBRA Continuation Coverage, Dependents may receive up to 18 additional months of COBRA Continuation Coverage, for a maximum of 36 months, if notice of the second Qualifying Event is provided to the Plan Administrator or COBRA Administrator in accordance with the procedures set forth herein. This extension may be applicable to the Employee's death, Medicare Parts A and/or B eligibility, divorce or Legal Separation, or a loss of Dependent status under the terms of the Plan if the event would have also caused the spouse or Dependent Child to lose coverage under the Plan regardless of whether the first Qualifying Event had occurred.

Shorter Duration of COBRA Continuation Coverage

COBRA establishes required periods of coverage for continuation health benefits. A plan, however, may provide longer periods of coverage beyond those required by COBRA. COBRA Qualified Beneficiaries generally are eligible for group coverage during a maximum of 18 months after Qualifying Events arising due to employment termination or reduction of hours of work. Certain Qualifying Events, or a second Qualifying Events during the initial period of coverage, may permit a Qualified Beneficiary to receive a maximum of 36 months of coverage.

It is not necessary that COBRA Continuation Coverage be in effect for the maximum period of time, as set forth herein. COBRA Continuation Coverage may conclude prior to the latest possible date if the Employer ceases to provide a group health plan to any Employee; the Qualified Beneficiary fails to make timely payment of any required contributions or premium; the Qualified Beneficiary gains coverage under another group health plan (as an Employee or otherwise) or becomes entitled to either Medicare Part A or Part B (whichever comes first) (except as stated under COBRA's special bankruptcy rules); and/or any other event occurs which enables the Plan Administrator to terminate coverage without offering COBRA Continuation Coverage (such as the commission of fraud by the Qualified Beneficiary and/or their Dependent). COBRA Continuation Coverage shall be extended to the first day of the month 30 days (or more) subsequent to the date upon which the SSA determined that the Qualified Beneficiary is no longer disabled.

Contribution and/or Premium Requirements

The cost of the elected COBRA Continuation Coverage must be paid within 45 days of its election. Payments will then be subsequently due on the first day of each month. COBRA Continuation Coverage will be canceled and will not be reinstated if any payment is made late; however, the Plan Administrator

must allow for a 30 day grace period during which a late payment may still be made without the loss of COBRA Continuation Coverage.

Trade Reform Act of 2002 and Trade Preferences Extension Act of 2015

The Trade Preferences Extension Act of 2015 has extended certain provisions of the Trade Reform Act of 2002, which created a special COBRA right applicable to certain employees who have been terminated or experienced a reduction of hours and who qualify for a “trade readjustment allowance” or “alternative trade adjustment assistance.” These individuals can either take a Health Coverage Tax Credit (HCTC) or get advance payment of the applicable percentage of premiums paid for qualified health insurance coverage, including COBRA continuation coverage. These individuals are also entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage). This election must be made within the 60-day period that begins on the first day of the month in which the individual becomes eligible for assistance under the Trade Reform Act of 2002. However, this election may not be made more than six months after the date the individual’s group health plan coverage ends.

A Participant’s eligibility for subsidies under the Trade Preferences Extension Act of 2015 affects his or her eligibility for subsidies that provide premium assistance for coverage purchased through the Health Insurance Marketplace. For each coverage month, a Participant must choose one or the other, and if he or she receives both during a tax year, the IRS will reconcile his or her eligibility for each subsidy through his or her individual tax return. Participants may wish to consult their individual tax advisors concerning the benefits of using one subsidy or the other.

Participants may contact the Plan Administrator for additional information or if they have any questions they may call the Health Coverage Tax Credit Customer Contact Center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282. GENERAL LIMITATIONS AND EXCLUSIONS

Some health care services are not covered by the Plan. Coverage is not available from the Plan for charges arising from care, supplies, treatment, and/or services:

Administrative Costs. That are solely for and/or applicable to administrative costs of completing claim forms or reports or for providing records wherever allowed by applicable law and/or regulation.

After the Termination Date. That are Incurred by the Participant on or after the date coverage terminates, even if payments have been predetermined for a course of treatment submitted before the termination date, unless otherwise deemed to be covered in accordance with the terms of the Plan or applicable law and/or regulation.

Alcohol. Involving a Participant who has taken part in any activity made illegal due to the use of alcohol or a state of intoxication. Expenses will be covered for Injured Participants other than the person partaking in an activity made illegal due to the use of alcohol or a state of intoxication, and expenses may be covered for Substance Abuse treatment as specified in this Plan, if applicable. This Exclusion does not apply if the Injury (a) resulted from being the victim of an act of domestic violence, or (b) resulted from a documented medical condition (including both physical and mental health conditions).

Broken Appointments. That are charged solely due to the Participant's having failed to honor an appointment.

Complications of Non-Covered Services. That are required as a result of complications from a service not covered under the Plan, unless expressly stated otherwise.

Confined Persons. That are for services, supplies, and/or treatment of any Participant that were Incurred while confined and/or arising from confinement in a prison, jail or other penal institution.

Cosmetic Surgery. That are incurred in connection with the care and/or treatment of Surgical Procedures which are performed for plastic, reconstructive or cosmetic purposes or any other service or supply which are primarily used to improve, alter or enhance appearance, whether or not for psychological or emotional reasons, except to the extent where it is needed for: (a) repair or alleviation of damage resulting from an Accident; (b) because of infection or Illness; (c) because of congenital Disease, developmental condition or anomaly of a covered Dependent Child which has resulted in a functional defect. A treatment will be considered cosmetic for either of the following reasons: (a) its primary purpose is to beautify or (b) there is no documentation of a clinically significant impairment, meaning decrease in function or change in physiology due to Injury, Illness or congenital abnormality. The term "cosmetic services" includes those services which are described in IRS Code Section 213(d)(9).

Custodial Care. That do not restore health, unless specifically mentioned otherwise.

Deductible. That are amounts applied toward satisfaction of Deductibles and expenses that are defined as the Participant's responsibility in accordance with the terms of the Plan.

Excess and/or Excess Charges. The part of an expense for services, supplies and/or treatment of an Injury or Sickness that is in excess of the Reasonable and Allowable Charge or exceeds Plan limits. This shall include charges for services not deemed to be Reasonable or Medically Necessary, in the Plan Administrator's discretion and as determined by the Plan Administrator, in accordance with the Plan terms as set forth by and within this document.

Experimental. That are Experimental or Investigational.

Family Member. That are performed by a person who is related to the Participant as a spouse, parent, Child, brother or sister, whether the relationship exists by virtue of "blood" or "in law."

Foreign Travel. That are received outside of the United States if travel is for the sole purpose of obtaining medical services, unless otherwise approved by the Plan Administrator.

Government. That the Participant obtains, but which is paid, may be paid, is provided or could be provided for at no cost to the Participant through any program or agency, in accordance with the laws or regulations of any government, or where care is provided at government expense, unless there is a legal obligation for the Participant to pay for such treatment or service in the absence of coverage. This Exclusion does not apply when otherwise prohibited by law, including laws applicable to Medicaid and Medicare.

Government-Operated Facilities. That meet the following requirements:

1. That are services furnished to the Participant in any veteran's Hospital, military Hospital, Institution or facility operated by the United States government or by any State government or any agency or instrumentality of such governments.
2. That are services or supplies which can be paid for by any government agency, even if the patient waives his rights to those services or supplies.

NOTE: *This Exclusion does not apply to treatment of non-service related disabilities or for Inpatient care provided in a military or other Federal government Hospital to Dependents of active duty armed service personnel or armed service retirees and their Dependents. This Exclusion does not apply where otherwise prohibited by law.*

Illegal Acts. That are for any Injury or Sickness which is Incurred while taking part or attempting to take part in an illegal activity, including but not limited to misdemeanors and felonies. It is not necessary that an arrest occur, criminal charges be filed, or, if filed, that a conviction result. Proof beyond a reasonable doubt is not required to be deemed an illegal act. This Exclusion does not apply if the Injury (a) resulted from being the victim of an act of domestic violence, or (b) resulted from a documented medical condition (including both physical and mental health conditions).

Illegal Drugs or Medications. That are services, supplies, care or treatment to a Participant for Injury or Sickness Incurred while the Participant was voluntarily taking or was under the influence of any controlled substance, drug, hallucinogen or narcotic not administered on the advice of a Physician, even if the cause of the Illness or Injury is not related to the use of the controlled substance, drug, hallucinogen or narcotic. Expenses will be covered for Injured Participants other than the person using controlled substances and expenses will be covered for Substance Abuse treatment as specified in this Plan. This Exclusion does not apply if the Injury (a) resulted from being the victim of an act of domestic violence, or (b) resulted from a documented medical condition (including both physical and mental health conditions).

Incurred by Other Persons. That are expenses actually Incurred by other persons.

Long Term Care. That are related to long term care.

Medical Necessity. That are not Medically Necessary and/or arise from services and/or supplies that are not Medically Necessary.

Military Service. That are related to conditions determined by the Veteran's Administration to be connected to active service in the military of the United States, except to the extent prohibited or modified by law.

Negligence. That are for Injuries resulting from negligence, misfeasance, malfeasance, nonfeasance or malpractice on the part of any caregiver, Institution, or Provider, as determined by the Plan Administrator, in its discretion, in light of applicable laws and evidence available to the Plan Administrator.

No Coverage. That are Incurred at a time when no coverage is in force for the applicable Participant and/or Dependent.

No Obligation to Pay and/or No Legal Obligation. Charges incurred for which the Plan has no legal obligation to pay and charges for services provided to a Participant for which the Provider of a service does not and/or would not customarily render a direct charge, or charges Incurred for which the Participant or Plan has no legal obligation to pay, or for which no charges would be made in the absence of this coverage, including but not limited to charges for services not actually rendered, fees, care, supplies, or services for which a person, company or any other entity except the Participant or the Plan, may be liable for necessitating the fees, care, supplies, or services.

Non-Prescription Drugs. For drugs for use outside of a Hospital or other Inpatient facility that can be purchased over-the-counter and without a Physician's written prescription. Drugs for which there is a non-prescription equivalent available. This does not apply to the extent the non-prescription drug must be covered under Preventive Care, subject to the Affordable Care Act.

Not Acceptable. That are not accepted as standard practice by the American Medical Association (AMA), American Dental Association (ADA), or the Food and Drug Administration (FDA).

Not Covered Provider. That are performed by Providers that do not satisfy all the requirements per the Provider definition as defined within this Plan.

Not Specified As Covered. That are not specified as covered under any provision of this Plan.

Occupational. That are for any condition, Illness, Injury or complication thereof arising out of or in the course of employment, including self-employment, or an activity for wage or profit where workers' compensation or another form of occupational Injury medical coverage is available or would have been available had the participant sought to obtain it in accordance with applicable rules and/or procedures.

Other than Attending Physician. That are other than those certified by a Physician who is attending the Participant as being required for the treatment of Injury or Disease, and performed by an appropriate Provider.

Postage, Shipping, Handling Charges, Etc. That are for any postage, shipping or handling charges which may occur in the transmittal of information to the Third Party Administrator; including interest or financing charges.

Prior to Coverage. That are rendered or received prior to or after any period of coverage hereunder, except as specifically provided herein.

Professional (and Semi-Professional) Athletics (Injury/Illness). That are in connection with any Injury or Illness arising out of or in the course of any employment for wage or profit; or related to professional or semi-professional athletics, including practice.

Prohibited by Law. That are to the extent that payment under this Plan is prohibited by law.

Provider Error. That are required as a result of unreasonable Provider error.

Subrogation, Reimbursement, and/or Third Party Responsibility. That are for an Illness, Injury or Sickness not payable by virtue of the Plan's subrogation, reimbursement, and/or third party responsibility provisions.

Unreasonable. That are not "Reasonable" and are required to treat Illness or Injuries arising from and due to a Provider's error, wherein such Illness, Injury, infection or complication is not reasonably expected to occur. This Exclusion will apply to expenses directly or indirectly resulting from circumstances that, in the opinion of the Plan Administrator in its sole discretion, gave rise to the expense and are not generally foreseeable or expected amongst professionals practicing the same or similar type(s) of medicine as the treating Provider whose error caused the loss(es).

War/Riot. That Incurred as a result of war or any act of war, whether declared or undeclared, or any act of aggression by any country, including rebellion or riot, when the Participant is a member of the armed forces of any country, or during service by a Participant in the armed forces of any country, or voluntary participation in a riot. This Exclusion does not apply to any Participant who is not a member of the armed forces, and does not apply to victims of any act of war or aggression.

With respect to any Injury which is otherwise covered by the Plan, the Plan will not deny benefits otherwise provided for treatment of the Injury if the Injury results from being the victim of an act of domestic violence or a documented medical condition. To the extent consistent with applicable law, this exception will not require this Plan to provide particular benefits other than those provided under the terms of the Plan.

PLAN ADMINISTRATION

The Plan Administrator has been granted the authority to administer the Plan. The Plan Administrator has retained the services of the Third Party Administrator to provide certain claims processing and other technical services. Subject to the claims processing and other technical services delegated to the Third Party Administrator, the Plan Administrator reserves the unilateral right and power to administer and to interpret, construe and construct the terms and provisions of the Plan, including without limitation, correcting any error or defect, supplying any omission, reconciling any inconsistency and making factual determinations.

Plan Administrator

The Plan is administered by the Plan Administrator within the purview of ERISA and in accordance with these provisions. An individual, committee, or entity may be appointed by the Plan Sponsor to be Plan Administrator and serve at the convenience of the Plan Sponsor. If the appointed Plan Administrator or a committee member resigns, dies, is otherwise unable to perform, is dissolved, or is removed from the position, the Plan Sponsor shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator may delegate to one or more individuals or entities part or all of its discretionary authority under the Plan, provided that any such delegation must be made in writing.

The Plan shall be administered by the Plan Administrator, in accordance with its terms. Policies, interpretations, practices, and procedures are established and maintained by the Plan Administrator. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make all interpretive and factual determinations as to whether any individual is eligible and entitled to receive any benefit under the terms of this Plan, to decide disputes which may arise with respect to a Participant's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator will be final and binding on all interested parties. Benefits will be paid under this Plan only if the Plan Administrator, in its discretion, determines that the Participant is entitled to them.

If due to errors in drafting, any Plan provision does not accurately reflect its intended meaning, as demonstrated by prior interpretations or other evidence of intent, or as determined by the Plan Administrator in its sole and exclusive judgment, the provision shall be considered ambiguous and shall be interpreted by the Plan Administrator in a fashion consistent with its intent, as determined by the Plan Administrator. The Plan may be amended retroactively to cure any such ambiguity, notwithstanding anything in the Plan to the contrary.

The foregoing provisions of this Plan may not be invoked by any person to require the Plan to be interpreted in a manner which is inconsistent with its interpretations by the Plan Administrator. All actions taken and all determinations by the Plan Administrator shall be final and binding upon all persons claiming any interest under the Plan subject only to the claims appeal procedures of the Plan.

Duties of the Plan Administrator

The duties of the Plan Administrator include the following:

1. To administer the Plan in accordance with its terms.
2. To determine all questions of eligibility, status and coverage under the Plan.
3. To interpret the Plan, including the authority to construe possible ambiguities, inconsistencies, omissions and disputed terms.
4. To make factual findings.
5. To decide disputes which may arise relative to a Participant's rights and/or availability of benefits.
6. To prescribe procedures for filing a claim for benefits, to review claim denials and appeals relating to them and to uphold or reverse such denials.
7. To keep and maintain the Plan documents and all other records pertaining to the Plan.
8. To appoint and supervise a Third Party Administrator to pay claims.

9. To perform all necessary reporting as required by ERISA.
10. To establish and communicate procedures to determine whether a Medical Child Support Order is a QMCSO.
11. To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.
12. To perform each and every function necessary for or related to the Plan's administration.

Amending and Terminating the Plan

This Plan was established for the exclusive benefit of the Employees with the intention it will continue indefinitely; however, as the settlor of the Plan, the Plan Sponsor, through its directors and officers, may, in its sole discretion, at any time, amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the trust agreement (if any). All amendments to this Plan shall become effective as of a date established by the Plan Sponsor.

The process whereby amendments, suspension and/or termination of the Plan is accomplished, or any part thereof, shall be decided upon and/or enacted by resolution of the Plan Sponsor's directors and officers if it is incorporated (in compliance with its articles of incorporation or bylaws and if these provisions are deemed applicable), or by the sole proprietor in his or her own discretion if the Plan Sponsor is a sole proprietorship, but always in accordance with applicable Federal and State law, including – where applicable – notification rules provided for and as required by ERISA.

If the Plan is terminated, the rights of the Plan Participants are limited to expenses Incurred before termination. In connection with the termination, the Plan Sponsor may establish a deadline by which all Claims must be submitted for consideration. Benefits will be paid only for Covered Expenses Incurred prior to the termination date and submitted in accordance with the rules established by the Plan Sponsor. Upon termination, any Plan assets will be used to pay outstanding claims and all expenses of Plan termination. As it relates to distribution of assets upon termination of the Plan, any contributions paid by Participants will be used for the exclusive purpose of providing benefits and defraying reasonable expenses related to Plan administration, and will not inure to the benefit of the Employer.

Summary of Material Modification (SMM)

A Summary of Material Modifications reports changes in the information provided within the Summary Plan Description. Examples include a change to Deductibles, eligibility or the addition or deletion of coverage.

The Plan Administrator shall notify all covered Employees of any plan amendment considered a Summary of Material Modifications by the Plan as soon as administratively feasible after its adoption, but no later than within 210 days after the close of the Plan Year in which the changes became effective.

NOTE: The Affordable Care Act (ACA) requires that if a Plan's Material Modifications are not reflected in the Plan's most recent Summary of Benefits and Coverage (SBC) then the Plan must provide written notice to Participants at least 60 days before the effective date of the Material Modification.

Summary of Material Reduction (SMR)

A Summary of Material Reduction (SMR) is a type of SMM. A Material Reduction generally means any modification that would be considered by the average participant to be an important reduction in covered services or benefits. Examples include reductions in benefits or increases in Deductibles or Copayments.

The Plan Administrator shall notify all eligible Employees of any plan amendment considered a Material Reduction in covered services or benefits provided by the Plan as soon as administratively feasible after its adoption, but no later than 60 days after the date of adoption of the reduction. Eligible Employees and beneficiaries must be furnished a summary of such reductions, and any changes so made shall be binding on each Participant. The 60 day period for furnishing a summary of Material Reduction does not apply to any Employee covered by the Plan who would reasonably expect to receive a summary through other means within the next 90 days.

Material Reduction disclosure provisions are subject to the requirements of ERISA and the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and any related amendments.

Misuse of Identification Card

If an Employee or covered Dependent permits any person who is not a covered Participant of the Family Unit to use any identification card issued, the Plan Sponsor may give Employee written notice that his (and his family's) coverage will be terminated in accordance with the Plan's provisions.

CLAIM PROCEDURES; PAYMENT OF CLAIMS

Introduction

In accordance with applicable law, the Plan will allow an authorized representative to act on a Claimant's behalf in pursuing or appealing a benefit claim.

The availability of health benefit payments is dependent upon Claimants complying with the following:

Health Claims

Full and final authority to adjudicate claims and make determinations as to their payability by and under the Plan belongs to and resides solely with the Plan Administrator. The Plan Administrator shall make claims adjudication determinations after full and fair review and in accordance with the terms of this Plan, applicable law, and with ERISA. To receive due consideration, claims for benefits and questions regarding said claims should be directed to the Third Party Administrator. The Plan Administrator may delegate to the Third Party Administrator responsibility to process claims in accordance with the terms of the Plan and the Plan Administrator's directive(s). The Third Party Administrator is not a fiduciary of the Plan and does not have discretionary authority to make claims payment decisions or interpret the meaning of the Plan terms.

Written proof that expenses eligible for Plan reimbursement and/or payment were Incurred, as well as proof of their eligibility for payment by the Plan, must be provided to the Plan Administrator via the Third Party Administrator. Although a provider of medical services and/or supplies may submit such claims directly to the Plan by virtue of an Assignment of Benefits, ultimate responsibility for supplying such written proof remains with the Claimant. The Plan Administrator may determine the time and fashion by which such proof must be submitted. No benefits shall be payable under the Plan if the Plan Administrator so determines that the claims are not eligible for Plan payment, or, if inadequate proof is provided by the Claimant or entities submitting claims to the Plan on the Claimant's behalf.

A call from a Provider who wants to know if an individual is covered under the Plan, or if a certain procedure is covered by the Plan, prior to providing treatment is not a "claim," since an actual claim for benefits is not being filed with the Plan. These are simply requests for information, and any response is not a guarantee of benefits, since payment of benefits is subject to all Plan provisions, limitations and Exclusions. Once treatment is rendered, a Clean Claim must be filed with the Plan (which will be a "Post-service Claim"). At that time, a determination will be made as to what benefits are payable under the Plan.

A Claimant has the right to request a review of an Adverse Benefit Determination. If the claim is denied at the end of the appeal process, as described below, the Plan's final decision is known as a Final Internal Adverse Benefit Determination. If the Claimant receives notice of a Final Internal Adverse Benefit Determination, or if the Plan does not follow the claims procedures properly, the Claimant then has the right to request an independent external review. The external review procedures are described below.

The claims procedures are intended to provide a full and fair review. This means, among other things, that claims and appeals will be decided in a manner designed to ensure the independence and impartiality of the persons involved in making these decisions.

Benefits will be payable to a Claimant, or to a Provider that has accepted an Assignment of Benefits as consideration in full for services rendered.

According to Federal regulations which apply to the Plan, there are four types of claims: Pre-service (Urgent and Non-urgent), Concurrent Care and Post-service.

1. **Pre-service Claims.** A "Pre-service Claim" occurs when issuance of payment by the Plan is dependent upon determination of payability prior to the receipt of the applicable medical care; however, if the Plan does not require the Claimant to obtain approval of a medical service prior to getting treatment, then there is no "Pre-service Claim."

Urgent care or Emergency medical services or admissions will not require notice to the Plan prior to the receipt of care. Furthermore, if in the opinion of a Physician with knowledge of the Claimant's medical condition, pre-determination of payability by the Plan prior to the receipt of medical care (a Pre-service Claim) would result in a delay adequate to jeopardize the life or health of the Claimant, hinder the Claimant's ability to regain maximum function (compared to treatment without delay), or subject the Claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim, said claim may be deemed to be a "Pre-service Urgent Care Claim." In such circumstances, the Claimant is urged to obtain the applicable care without delay, and communicate with the Plan regarding their claim(s) as soon as reasonably possible.

If, due to Emergency or urgency as defined above, a Pre-service claim is not possible, the Claimant must comply with the Plan's requirements with respect to notice required after receipt of treatment, and must file the claim as a Post-service Claim, as herein described.

Pre-admission certification of a non-Emergency Hospital admission is a "claim" only to the extent of the determination made – that the type of procedure or condition warrants Inpatient confinement for a certain number of days. The rules regarding Pre-service Claims will apply to that determination only. Once a Claimant has the treatment in question, the claim for benefits relating to that treatment will be treated as a Post-service Claim.

2. **Concurrent Claims.** If a Claimant requires an on-going course of treatment over a period of time or via a number of treatments, the Plan may approve of a "Concurrent Claim." In such circumstances, the Claimant must notify the Plan of such necessary ongoing or routine medical care, and the Plan will assess the Concurrent Claim as well as determine whether the course of treatment should be reduced or terminated. The Claimant, in turn, may request an extension of the course of treatment beyond that which the Plan has approved. If the Plan does not require the Claimant to obtain approval of a medical service prior to getting treatment, then there is no need to contact the Plan Administrator to request an extension of a course of treatment, and the Claimant must simply comply with the Plan's requirements with respect to notice required after receipt of treatment, as herein described.
3. **Post-service Claims.** A "Post-service Claim" is a claim for benefits from the Plan after the medical services and/or supplies have already been provided.

When Claims Must Be Filed

Post-service health claims (which must be Clean Claims) must be filed with the Third Party Administrator within 365 days of the date charges for the service(s) and/or supplies were Incurred. Benefits are based upon the Plan's provisions at the time the charges were Incurred. Claims filed later than that date shall be denied.

A Pre-service Claim (including a Concurrent claim that also is a Pre-service claim) is considered to be filed when the request for approval of treatment or services is made and received by the Third Party Administrator in accordance with the Plan's procedures.

A Post-service Claim is considered to be filed when the following information is received by the Third Party Administrator, together with the industry standard claim form:

1. The date of service.
2. The name, address, telephone number and tax identification number of the Provider of the services or supplies.
3. The place where the services were rendered.
4. The Diagnosis and procedure codes.
5. The amount of charges, which reflect any applicable PPO re-pricing, if any.
6. The name of the Plan.
7. The name of the covered Employee.
8. The name of the patient.

Upon receipt of this information, the claim will be deemed to be initiated with the Plan.

The Third Party Administrator will determine if enough information has been submitted to enable proper consideration of the claim (a Clean Claim). If not, more information may be requested as provided herein. This additional information must be received by the Third Party Administrator within 45 days (48 hours in the case of Pre-service urgent care claims) from receipt by the Claimant of the request for additional information. Failure to do so may result in claims being declined or reduced.

Timing of Claim Decisions

The Plan Administrator shall notify the Claimant, in accordance with the provisions set forth below, of any Adverse Benefit Determination (and, in the case of Pre-service claims and Concurrent claims, of decisions that a claim is payable in full) within the following timeframes:

1. Pre-service Urgent Care Claims:

- a. If the Claimant has provided all of the necessary information, as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claim.
- b. If the Claimant has not provided all of the information needed to process the claim, then the Claimant will be notified as to what specific information is needed as soon as possible, but not later than 24 hours after receipt of the claim.
- c. The Claimant will be notified of a determination of benefits as soon as possible, but not later than 48 hours, taking into account the medical exigencies, after the earliest of:
 - i. The end of the period afforded the Claimant to provide the information.
 - ii. The Plan's receipt of the specified information.
- d. If there is an Adverse Benefit Determination, a request for an expedited appeal may be submitted orally or in writing by the Claimant. All necessary information, including the Plan's benefit determination on review, may be transmitted between the Plan and the Claimant by telephone, facsimile, or other similarly expeditious method. Alternatively, the Claimant may request an expedited review under the external review process.

2. Pre-service Non-urgent Care Claims:

- a. If the Claimant has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15 day extension period.
- b. If the Claimant has not provided all of the information needed to process the claim, then the Claimant will be notified as to what specific information is needed as soon as possible. The Claimant will be notified of a determination of benefits in a reasonable period of time appropriate to the medical circumstances, either prior to the end of the extension period (if additional information was requested during the initial processing period), or by the date agreed to by the Plan Administrator and the Claimant (if additional information was requested during the extension period).

3. Concurrent Claims:

- a. **Plan Notice of Reduction or Termination.** If the Plan Administrator is notifying the Claimant of a reduction or termination of a course of treatment (other than by Plan amendment or termination), notification will occur before the end of such period of time or number of treatments. The Claimant will be notified sufficiently in advance of the reduction or termination to allow the Claimant to appeal and obtain a determination on review of that Adverse Benefit Determination before the benefit is reduced or terminated. This rule does not apply if benefits are reduced or eliminated due to plan amendment or termination. A similar process applies for claims based on a rescission of coverage for fraud or misrepresentation.
- b. **Request by Claimant Involving Urgent Care.** If the Plan Administrator receives a request from a Claimant to extend the course of treatment beyond the period of time or number of treatments involving urgent care, notification will occur as soon as possible, taking into

account the medical exigencies, but not later than 24 hours after receipt of the claim, as long as the Claimant makes the request at least 24 hours prior to the expiration of the prescribed period of time or number of treatments. If the Claimant submits the request with less than 24 hours prior to the expiration of the prescribed period of time or number of treatments, the request will be treated as a claim involving urgent care and decided within the urgent care timeframe.

- c. Request by Claimant Involving Non-urgent Care. If the Plan Administrator receives a request from the Claimant for a claim not involving urgent care, the request will be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim (either as a Pre-service Non-urgent claim or a Post-service claim).
- d. Request by Claimant Involving Rescission. With respect to rescissions, the following timetable applies:
 - i. Notification to Claimant 30 days
 - ii. Notification of Adverse Benefit Determination on appeal 30 days

4. Post-service Claims:

- a. If the Claimant has provided all of the information needed to process the claim, in a reasonable period of time, but not later than 30 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15 day extension period.
- b. If such an extension is necessary due to a failure of the Claimant to submit the information necessary to decide the claim, the notice of extension shall specifically describe the required information, and the Claimant shall be afforded at least 45 days from receipt of the notice within which to provide the specified information.
- c. If the Claimant has not provided all of the information needed to process the claim and additional information is requested during the initial processing period, then the Claimant will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period, then the Claimant will be notified of the determination by a date agreed to by the Plan Administrator and the Claimant.
 - i. Extensions – Pre-service Urgent Care Claims. No extensions are available in connection with Pre-service urgent care claims.
 - ii. Extensions – Pre-service Non-urgent Care Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Claimant, prior to the expiration of the initial 15 day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.
 - iii. Extensions – Post service Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the Claimant, prior to the expiration of the initial 30 day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

5. Calculating Time Periods. The period of time within which a benefit determination is required to be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

Notification of an Adverse Benefit Determination

The Plan Administrator shall provide a Claimant with a notice, either in writing or electronically (or, in the case of pre-service urgent care claims, by telephone, facsimile or similar method, with written or electronic notice following within three days), containing the following information:

- 1. Information sufficient to allow the Claimant to identify the claim involved (including date of service, the health care Provider, the claim amount, if applicable, and a statement describing the availability,

upon request, of the Diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning).

2. A reference to the specific portion(s) of the Plan Document upon which a denial is based.
3. Specific reason(s) for a denial, including the denial code and its corresponding meaning, and a description of the Plan's standard, if any, that was used in denying the claim.
4. A description of any additional information necessary for the Claimant to perfect the claim and an explanation of why such information is necessary.
5. A description of the Plan's review procedures and the time limits applicable to the procedures, including a statement of the Claimant's right to bring a civil action under Section 502(a) of ERISA following an Adverse Benefit Determination on final review.
6. A statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Claimant's claim for benefits.
7. Upon request, the identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request).
8. Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the Claimant, free of charge, upon request).
9. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Claimant's medical circumstances, or a statement that such explanation will be provided to the Claimant, free of charge, upon request.
10. In a claim involving urgent care, a description of the Plan's expedited review process.

Appeal of Adverse Benefit Determinations

Full and Fair Review of All Claims

In cases where a claim for benefits is denied, in whole or in part, and the Claimant believes the claim has been denied wrongly, the Claimant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a Claimant with a reasonable opportunity for a full and fair review of a claim and Adverse Benefit Determination. More specifically, the Plan provides:

1. A 180 day timeframe following receipt of a notification of an initial Adverse Benefit Determination within which to appeal the determination. The Plan will not accept appeals filed after a 180 day timeframe.
2. The opportunity to submit written comments, documents, records, and other information relating to the claim for benefits.
3. The opportunity to review the Claim file and to present evidence and testimony as part of the internal claims and appeals process.
4. A review that does not afford deference to the previous Adverse Benefit Determination and that is conducted by an appropriate named fiduciary of the Plan, who shall be neither the individual who made the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of such individual.
5. A review that takes into account all comments, documents, records, and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the prior benefit determination.
6. That, in deciding an appeal of any Adverse Benefit Determination that is based in whole or in part upon a medical judgment, the Plan fiduciary shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of any such individual.
7. Upon request, the identity of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice.
8. That a Claimant will be provided, free of charge: (a) reasonable access to, and copies of, all documents, records, and other information relevant to the Claimant's claim in possession of the

Plan Administrator or Third Party Administrator; (b) information regarding any voluntary appeals procedures offered by the Plan; (c) information regarding the Claimant's right to an external review process; (d) any internal rule, guideline, protocol or other similar criterion relied upon, considered or generated in making the adverse determination; and (e) an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Claimant's medical circumstances.

9. That a Claimant will be provided, free of charge, and sufficiently in advance of the date that the notice of Final Internal Adverse Benefit Determination is required, with new or additional evidence considered, relied upon, or generated by the Plan in connection with the Claim, as well as any new or additional rationale for a denial at the internal appeals stage, and a reasonable opportunity for the Claimant to respond to such new evidence or rationale.

Requirements for Appeal

The Claimant must file the appeal in writing (although oral appeals are permitted for pre-service urgent care claims) within 180 days following receipt of the notice of an Adverse Benefit Determination.

For Pre-service Claims. Oral appeals should be submitted in writing as soon as possible after it has been initiated. To file any appeal in writing, the Claimant's appeal must be addressed as follows:

Cypress Benefit Administrators (LHS), LLC
a Lucent Health Company
PO Box 7020
Appleton, WI 54912-7020
Phone: 877.236.0844
Fax: 920.968.4616
Website: www.lucenthealth.com/cypress

For Post-service Claims. To file any appeal in writing, the Claimant's appeal must be addressed as follows:

Cypress Benefit Administrators (LHS), LLC
a Lucent Health Company
PO Box 7020
Appleton, WI 54912-7020
Phone: 877.236.0844
Fax: 920.968.4616
Website: www.lucenthealth.com/cypress

It shall be the responsibility of the Claimant or authorized representative to submit an appeal under the provisions of the Plan. Any appeal must include:

1. The name of the Employee/Claimant.
2. The Employee/Claimant's social security number.
3. The group name or identification number.
4. All facts and theories supporting the claim for benefits.
5. A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim.
6. Any material or information that the Claimant has which indicates that the Claimant is entitled to benefits under the Plan.

If the Claimant provides all of the required information, it may be that the expenses will be eligible for payment under the Plan.

Timing of Notification of Benefit Determination on Review

The Plan Administrator shall notify the Claimant of the Plan's benefit determination on review within the following timeframes:

1. Pre-service Urgent Care Claims: As soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the appeal.
2. Pre-service Non-urgent Care Claims: Within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days after receipt of the appeal.
3. Concurrent Claims: The response will be made in the appropriate time period based upon the type of claim: Pre-service Urgent, Pre-service Non-urgent or Post-service.
4. Post-service Claims: Within a reasonable period of time, but not later than 30 days per internal appeal.

Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on Review

The Plan Administrator shall provide a Claimant with notification, with respect to Pre-service urgent care claims, by telephone, facsimile or similar method, and with respect to all other types of claims, in writing or electronically, of a Plan's Adverse Benefit Determination on review, setting forth:

1. Information sufficient to allow the Claimant to identify the claim involved (including date of service, the health care Provider, the claim amount, if applicable, and a statement describing the availability, upon request, of the Diagnosis code and its corresponding meaning, and the treatment code and its corresponding meaning).
2. Specific reason(s) for a denial, including the denial code and its corresponding meaning, and a description of the Plan's standard, if any, that was used in denying the claim, and a discussion of the decision.
3. A reference to the specific portion(s) of the summary plan description on which the denial is based.
4. The identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request).
5. A statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claimant's claim for benefits.
6. Any rule, guideline, protocol or similar criterion that was relied upon, considered, or generated in making the determination will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol or similar criterion was relied upon in making the determination and a copy will be provided to the Claimant, free of charge, upon request.
7. A description of any additional information necessary for the Claimant to perfect the claim and an explanation of why such information is necessary.
8. A description of available internal appeals and external review processes, including information regarding how to initiate an appeal.
9. A description of the Plan's review procedures and the time limits applicable to the procedures. This description will include information on how to initiate the appeal and a statement of the Participant's right to bring a civil action under section 502(a) of ERISA following an Adverse Benefit Determination on final review.
10. In the case of denials based upon a medical judgment (such as whether the treatment is Medically Necessary or Experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the Claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided to the Claimant, free of charge, upon request.
11. The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your State insurance regulatory agency."

Furnishing Documents in the Event of an Adverse Determination

In the case of an Adverse Benefit Determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in the provision relating to “Manner and Content of Notification of Adverse Benefit Determination on Review” as appropriate.

Decision on Review

The decision by the Plan Administrator or other appropriate named fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. All claim review procedures provided for in the Plan must be exhausted before any legal action is brought.

External Review Process

The Federal external review process does not apply to a denial, reduction, termination, or a failure to provide payment for a benefit based on a determination that a Claimant or beneficiary fails to meet the requirements for eligibility under the terms of a group health plan.

The Federal external review process, in accordance with the current Affordable Care Act regulations, applies only to:

1. Any eligible Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) by a plan or issuer that involves medical judgment (including, but not limited to, those based on the plan's or issuer's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or its determination that a treatment is Experimental or Investigational), as determined by the external reviewer.
2. A rescission of coverage (whether or not the rescission has any effect on any particular benefit at that time).

Standard external review

Standard external review is an external review that is not considered expedited (as described in the “expedited external review” paragraph in this section).

1. Request for external review. The Plan will allow a Claimant to file a request for an external review with the Plan if the request is filed within four months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination. If there is no corresponding date four months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.
2. Preliminary review. Within five business days following the date of receipt of the external review request, the Plan will complete a preliminary review of the request to determine whether:
 - a. The Claimant is or was covered under the Plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the Plan at the time the health care item or service was provided.
 - b. The Adverse Benefit Determination or the Final Internal Adverse Benefit Determination does not relate to the Claimant's failure to meet the requirements for eligibility under the terms of the Plan (e.g., worker classification or similar determination).
 - c. The Claimant has exhausted the Plan's internal appeal process unless the Claimant is not required to exhaust the internal appeals process under the final regulations.
 - d. The Claimant has provided all the information and forms required to process an external review. Within one business day after completion of the preliminary review, the Plan will issue a notification in writing to the Claimant. If the request is complete but not eligible for external review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and the Plan will allow a Claimant to

perfect the request for external review within the four-month filing period or within the 48 hour period following the receipt of the notification, whichever is later.

3. Referral to Independent Review Organization. The Plan will assign an independent review organization (IRO) that is accredited by URAC or by a similar nationally-recognized accrediting organization to conduct the external review. Moreover, the Plan will take action against bias and to ensure independence. Accordingly, the Plan will contract with (or direct the Third Party Administrator to contract with, on its behalf) at least three IROs for assignments under the Plan and rotate claims assignments among them (or incorporate other independent unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the denial of benefits.
4. Reversal of Plan's decision. Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan will provide coverage or payment for the claim without delay, regardless of whether the plan intends to seek judicial review of the external review decision and unless or until there is a judicial decision otherwise.

Expedited external review

1. Request for expedited external review. The Plan will allow a Claimant to make a request for an expedited external review with the Plan at the time the Claimant receives:
 - a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the Claimant for which the timeframe for completion of a standard internal appeal under the final regulations would seriously jeopardize the life or health of the Claimant or would jeopardize the Claimant's ability to regain maximum function and the Claimant has filed a request for an expedited internal appeal.
 - b. A Final Internal Adverse Benefit Determination, if the Claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the Claimant or would jeopardize the Claimant's ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which the Claimant received Emergency Services, but has not been discharged from a facility.
2. Preliminary review. Immediately upon receipt of the request for expedited external review, the Plan will determine whether the request meets the reviewability requirements set forth above for standard external review. The Plan will immediately send a notice that meets the requirements set forth above for standard external review to the Claimant of its eligibility determination.
3. Referral to Independent Review Organization. Upon a determination that a request is eligible for external review following the preliminary review, the Plan will assign an IRO pursuant to the requirements set forth above for standard review. The Plan will provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method. The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO will review the claim de novo and is not bound by any decisions or conclusions reached during the Plan's internal claims and appeals process.
4. Notice of final external review decision. The Plan's (or Third Party Administrator's) contract with the assigned IRO will require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth above, as expeditiously as the Claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date

of providing that notice, the assigned IRO will provide written confirmation of the decision to the Claimant and the Plan.

Two Levels of Appeal

This Plan requires two levels of appeal by a Claimant before the Plan's internal appeals are exhausted. For each level of appeal, the Claimant and the Plan are subject to the same procedures, rights, and responsibilities as stated within this Plan. Each level of appeal is subject to the same submission and response guidelines.

Once a Claimant receives an Adverse Benefit Determination in response to an initial claim for benefits, the Claimant may appeal that Adverse Benefit Determination, which will constitute the initial appeal. If the Claimant receives an Adverse Benefit Determination in response to that initial appeal, the Claimant may appeal that Adverse Benefit Determination as well, which will constitute the final internal appeal. If the Claimant receives an Adverse Benefit Determination in response to the Claimant's second appeal, such Adverse Benefit Determination will constitute the Final Internal Adverse Benefit Determination, and the Plan's internal appeals procedures will have been exhausted.

Deemed Exhaustion of Internal Claims Procedures and De Minimis

Exception to the Deemed Exhaustion Rule

A Claimant will not be required to exhaust the internal claims and appeals procedures described above if the Plan fails to adhere to the claims procedures requirements. In such an instance, a Claimant may proceed immediately to the External Review Program or make a claim in court. However, the internal claim and appeals procedures will not be deemed exhausted (meaning the Claimant must adhere to them before participating in the External Review Program or bringing a claim in court) in the event of a de minimis violation that does not cause, and is not likely to cause, prejudice or harm to the Claimant as long as the Plan Administrator demonstrates that the violation was for good cause or due to matters beyond the control of the Plan, the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and the Claimant, and the violation is not reflective of a pattern or practice of non-compliance.

If a Claimant believes the Plan Administrator has engaged in a violation of the claims procedures and would like to pursue an immediate review, the Claimant may request that the Plan provide a written explanation of the violation, including a description of the Plan's basis for asserting that the violation should not result in a "deemed exhaustion" of the claims procedures. The Plan will respond to this request within ten days. If the External Reviewer or a court rejects a request for immediate review because the Plan has met the requirements for the "de minimis" exception described above, the Plan will provide the Claimant with notice of an opportunity to resubmit and pursue an internal appeal of the claim.

Statute of Limitations: Venue/Forum

Before filing a lawsuit, the Claimant must exhaust all available levels of review as described in this section, unless an exception under applicable law applies. A legal action to obtain benefits must be commenced within one (1) year of the date of the Notice of Determination on the final level of internal or external review, whichever is applicable. Further, any legal action brought against the Plan must be brought in Federal Court, exclusively in the County of Seminole, State of Florida. The Participant, or any Authorized Representative, submits to and accepts the exclusive jurisdiction of such courts for the purpose of such legal action. To the fullest extent permitted by law, Participant, and any Authorized Representative, irrevocably waive any objection which they may now or in the future have as to venue, as well as any claim that any legal action or proceeding brought in such court has been brought in an inconvenient forum.

Appointment of Authorized Representative

A Claimant may designate another individual to be an authorized representative and act on his or her behalf and communicate with the Plan with respect to a specific benefit claim or appeal of a denial. This authorization must be in writing, signed and dated by the Claimant, and include all the information required in the authorized representative form. The appropriate form can be obtained from the Plan Administrator or the Third Party Administrator.

The Plan will permit, in a medically urgent situation, such as a claim involving Urgent Care, a Claimant's treating health care practitioner to act as the Claimant's authorized representative without completion of the authorized representative form.

Should a Claimant designate an authorized representative, all future communications from the Plan will be conducted with the authorized representative instead of the Claimant, unless the Plan Administrator is otherwise notified in writing by the Claimant. A Claimant can revoke the authorized representative at any time. A Claimant may authorize only one person as an authorized representative at a time.

Recognition as an authorized representative is completely separate from a Provider accepting an Assignment of Benefits, requiring a release of information, or requesting completion a similar form. An Assignment of Benefits by a Claimant shall not be recognized as a designation of the Provider as an authorized representative. Assignment and its limitations under this Plan are described below.

Autopsy

Upon receipt of a claim for a deceased Claimant for any condition, Sickness, or Injury is the basis of such claim, the Plan maintains the right to request an autopsy be performed upon said Claimant. The request for an autopsy may be exercised only where not prohibited by any applicable law.

Payment of Benefits

Where benefit payments are allowable in accordance with the terms of this Plan, payment shall be made in U.S. Dollars (unless otherwise agreed upon by the Plan Administrator). Payment shall be made, in the Plan Administrator's discretion, to an assignee of an Assignment of Benefits, but in any instance may alternatively be made to the Claimant, on whose behalf payment is made and who is the recipient of the services for which payment is being made. Should the Claimant be deceased, payment shall be made to the Claimant's heir, assign, agent or estate (in accordance with written instructions), or, if there is no such arrangement and in the Plan Administrator's discretion, the institute and/or Provider who provided the care and/or supplies for which payment is to be made – regardless of whether an Assignment of Benefits occurred.

Assignment of Benefits

Assignment of Benefits shall mean an arrangement whereby the Plan Participant assigns their right to seek and receive payment from the Plan for eligible Covered Expenses to a Provider, in strict accordance with the terms of this Plan Document, to the Provider. If the Provider accepts the Assignment of Benefits, the Provider's right to receive payment for Covered Expenses are equal to those of the Plan Participant, and are limited by the conditions and limitations of such rights provided under the terms of this Plan Document. The Plan will only consider an Assignment of Benefits valid under the condition that the Provider accepts the payment received from the Plan as consideration in full for Covered Expenses for services, supplies and/or treatment rendered. This amount does not include any cost sharing amounts (i.e. copayments, deductibles, or coinsurance), or charges for non-covered services; the provider may bill the Plan Participant directly for these amounts. An Assignment of Benefits cannot be inferred, implied or transferred. An Assignment of Benefits must be made by the Plan Participant to the Provider directly through a valid written instrument that is signed and dated by the Plan Participant. Unless specifically prohibited by a Participant, a Provider with a valid Assignment of Benefits may exhaust, on behalf of the Plan Participant, any administrative remedies available under the terms of the Plan Document, including initiating an internal or external appeal of an adverse benefit determination in accordance with the terms for the Plan Document. Notwithstanding the foregoing, the Plan Participant does not, under any circumstances, have the right to assign to any Provider (or their representative) through an Assignment of Benefits any right to initiate any cause of action against the Plan that the Plan Participant themselves may be afforded under applicable law.. This includes, but is not limited to, any right to bring suit as such is afforded to Plan Participants under ERISA section 502(a). The assignment of any right to initiate suit against the Plan to a Provider is strictly prohibited. An Assignment of Benefits does not grant the Provider any rights other than those specifically set forth herein. The Plan Administrator may disregard an Assignment of Benefits at its discretion and continue to treat the Plan Participant as the sole recipient of the benefits available under the terms of the Plan. An Assignment of Benefits by a Participant to a Provider will not constitute the appointment of an Authorized Representative.

By submitting a claim to the Plan, the Provider is expressly agreeing to the foregoing conditions and limitations of an Assignment of Benefits in addition to the terms of the Plan Document. The Provider further agrees that the payments received constitute an “accord and satisfaction” and consideration in full for the services, supplies and/or treatment rendered. The provider agrees that the conditions and limitations of an Assignment of Benefits as set forth herein shall superseded any previous terms and/or agreements. The provider agrees to the specific condition that the patient not be balance billed for any amount beyond applicable cost sharing amounts (i.e. copayments, deductibles, or coinsurance), or charges for non-covered services; the Provider may bill the Plan Participant directly for these amounts.

If a Provider refuses to accept an Assignment of Benefits under the conditions and limitations as set forth herein, any Covered Expenses payable under the terms of the Plan Document will be payable directly to the Plan Participant, and the Plan will be deemed to have fulfilled its obligations with respect to such Covered Expense.

Assignment by a Claimant to the Provider of the Claimant’s right to submit claims for payment to the Plan, and receive payment from the Plan, may be achieved via an Assignment of Benefits, if and only if the Provider accepts said Assignment of Benefits as consideration in full for services rendered. If benefits are paid, however, directly to the Claimant – despite there being an Assignment of Benefits – the Plan shall be deemed to have fulfilled its obligations with respect to such payment, and it shall be the Claimant’s responsibility to compensate the applicable Provider(s). The Plan will not be responsible for determining whether an Assignment of Benefits is valid; and the Claimant shall retain final authority to revoke such Assignment of Benefits if a Provider subsequently demonstrates an intent not to accept it as payment in full for services rendered. As such, payment of benefits will be made directly to the assignee unless a written request not to honor the assignment, signed by the Claimant, has been received.

No Claimant shall at any time, either during the time in which he or she is a Claimant in the Plan, or following his or her termination as a Claimant, in any manner, have any right to assign his or her right to sue to recover benefits under the Plan, to enforce rights due under the Plan or to any other causes of action which he or she may have against the Plan or its fiduciaries. This prohibition applies to Providers as well.

A Provider which accepts an Assignment of Benefits, in accordance with this Plan as consideration in full for services rendered, is bound by the rules and provisions set forth within the terms of this document.

Notwithstanding any assignment or non-Assignment of Benefits to the contrary, upon payment of the benefits due under the Plan, the Plan is deemed to have fulfilled its obligations with respect to such benefits, whether or not payment is made in accordance with any assignment or request.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, agrees to be bound by the terms of this Plan and agrees to submit claims for reimbursement in strict accordance with applicable law, ICD, and/or CPT standards, Medicare guidelines, HCPCS standards, or other standards approved by the Plan Administrator or insurer.

Non U.S. Providers

A Provider of medical care, supplies, or services, whose primary facility, principal place of business or address for payment is located outside the United States shall be deemed to be a “Non U.S. Provider.” Claims for medical care, supplies, or services provided by a Non U.S. Provider and/or that are rendered outside the United States of America, may be deemed to be payable under the Plan by the Plan Administrator, subject to all Plan Exclusions, limitations, maximums and other provisions. Assignment of Benefits to a Non U.S. Provider is prohibited absent an explicit written waiver executed by the Plan Administrator. If Assignment of Benefits is not authorized, the Claimant is responsible for making all payments to Non U.S. Providers, and is solely responsible for subsequent submission of proof of payment to the Plan. Only upon receipt of such proof of payment, and any other documentation needed by the Plan Administrator to process the claims in accordance with the terms of the Plan, shall reimbursement by the Plan to the Claimant be made. If payment was made by the Claimant in U.S. currency (American dollars),

the maximum reimbursable amount by the Plan to the Claimant shall be that amount. If payment was made by the Claimant using any currency other than U.S. currency (American dollars), the Plan shall utilize an exchange rate in effect on the Incurred date as established by a recognized and licensed entity authorized to so establish said exchange rates. The Non U.S. Provider shall be subject to, and shall act in compliance with, all U.S. and other applicable licensing requirements; and claims for benefits must be submitted to the Plan in English.

Recovery of Payments

Occasionally, benefits are paid more than once, are paid based upon improper billing or a misstatement in a proof of loss or enrollment information, are not paid according to the Plan's terms, conditions, limitations or Exclusions, or should otherwise not have been paid by the Plan. As such this Plan may pay benefits that are later found to be greater than the Maximum Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid, primary payers, or from the party on whose behalf the charge(s) were paid. As such, whenever the Plan pays benefits exceeding the amount of benefits payable under the terms of the Plan, the Plan Administrator has the right to recover any such erroneous payment directly from the person or entity who received such payment and/or from other payers and/or the Claimant or Dependent on whose behalf such payment was made.

A Claimant, Dependent, Provider, another benefit plan, insurer, or any other person or entity who receives a payment exceeding the amount of benefits payable under the terms of the Plan or on whose behalf such payment was made, shall return or refund the amount of such erroneous payment to the Plan within 30 days of discovery or demand. The Plan Administrator shall have no obligation to secure payment for the expense for which the erroneous payment was made or to which it was applied.

The person or entity receiving an erroneous payment may not apply such payment to another expense. The Plan Administrator shall have the sole discretion to choose who will repay the Plan for an erroneous payment and whether such payment shall be reimbursed in a lump sum. When a Claimant or other entity does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its sole discretion, to deny payment of any claims for benefits by the Claimant and to deny or reduce future benefits payable (including payment of future benefits for other injuries or illnesses) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, in its sole discretion, deny or reduce future benefits (including future benefits for other injuries or illnesses) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, payments and/or rights, agrees to be bound by the terms of this Plan and agree to submit claims for reimbursement in strict accordance with their State's health care practice acts, ICD or CPT standards, Medicare guidelines, HCPCS standards, or other standards approved by the Plan Administrator or insurer. Any payments made on claims for reimbursement not in accordance with the above provisions shall be repaid to the Plan within 30 days of discovery or demand or incur prejudgment interest of 1.5% per month. If the Plan must bring an action against a Claimant, Provider or other person or entity to enforce the provisions of this section, then that Claimant, Provider or other person or entity agrees to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Further, Claimant and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (Claimants) shall assign or be deemed to have assigned to the Plan their right to recover said payments made by the Plan, from any other party and/or recovery for which the Claimant(s) are entitled, for or in relation to facility-acquired condition(s), Provider error(s), or damages arising from another party's act or omission for which the Plan has not already been refunded.

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made for any of the following circumstances:

1. In error.

2. Pursuant to a misstatement contained in a proof of loss or a fraudulent act.
3. Pursuant to a misstatement made to obtain coverage under this Plan within two years after the date such coverage commences.
4. With respect to an ineligible person.
5. In anticipation of obtaining a recovery if a Claimant fails to comply with the Plan's Third Party Recovery, Subrogation and Reimbursement provisions.
6. Pursuant to a claim for which benefits are recoverable under any policy or act of law providing for coverage for occupational injury or disease to the extent that such benefits are recovered. This provision (6) shall not be deemed to require the Plan to pay benefits under this Plan in any such instance.

The deduction may be made against any claim for benefits under this Plan by a Claimant or by any of his covered Dependents if such payment is made with respect to the Claimant or any person covered or asserting coverage as a Dependent of the Claimant.

If the Plan seeks to recoup funds from a Provider, due to a claim being made in error, a claim being fraudulent on the part of the Provider, and/or the claim that is the result of the Provider's misstatement, said Provider shall, as part of its assignment to benefits from the Plan, abstain from billing the Claimant for any outstanding amount(s).

Medicaid Coverage

A Claimant's eligibility for any State Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of such Claimant. Any such benefit payments will be subject to the State's right to reimbursement for benefits it has paid on behalf of the Claimant, as required by the State Medicaid program; and the Plan will honor any Subrogation rights the State may have with respect to benefits which are payable under the Plan.

Limitation of Action

A Claimant cannot bring any legal action against the Plan to recover reimbursement until 90 days after the Claimant has properly submitted a request for reimbursement as described in this section and all required reviews of the Claimant's claim have been completed. If the Claimant wants to bring a legal action against the Plan, he or she must do so within one year from the expiration of the time period in which a request for reimbursement must be submitted or he or she loses any rights to bring such an action against the Plan.

A Claimant cannot bring any legal action against the Plan for any other reason unless he or she first completes all the steps in the appeal process described in this section. After completing that process, if he or she wants to bring a legal action against the Plan he or she must do so within one year of the date he or she is notified of the final decision on the appeal or he or she will lose any rights to bring such an action against the Plan.

COORDINATION OF BENEFITS

Benefits Subject to This Provision

The following only applies to the medical benefits of the Plan.

Excess Insurance

If at the time of Injury, Sickness, Disease or disability there is available, or potentially available any other source of coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage.

The Plan's benefits will be excess to, whenever possible, any of the following:

1. Any primary payer besides the Plan.
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
3. Any policy of insurance from any insurance company or guarantor of a third party.
4. Workers' compensation or other liability insurance company.
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Vehicle Limitation

When medical payments are available under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification.

Effect on Benefits

Application to Benefit Determinations

The plan that pays first according to the rules in the provision entitled "Order of Benefit Determination" will pay as if there were no Other Plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Expenses. When there is a conflict in the rules, this Plan will never pay more than 50% of Allowable Expenses when paying secondary. Benefits will be coordinated on the basis of a Claim Determination Period.

When medical payments are available under automobile insurance, this Plan will pay excess benefits only, without reimbursement for automobile plan deductibles. This Plan will always be considered the secondary carrier regardless of the individual's election under personal injury protection (PIP) coverage with the automobile insurance carrier.

In certain instances, the benefits of the Other Plan will be ignored for the purposes of determining the benefits under this Plan. This is the case when all of the following occur:

1. The Other Plan would, according to its rules, determine its benefits after the benefits of this Plan have been determined.
2. The rules in the provision entitled "Order of Benefit Determination" would require this Plan to determine its benefits before the Other Plan.

Order of Benefit Determination

For the purposes of the provision entitled "Application to Benefit Determinations," the rules establishing the order of benefit determination are:

1. A plan without a coordinating provision will always be the primary plan.

2. The benefits of a plan which covers the person on whose expenses claim is based, other than as a dependent, shall be determined before the benefits of a plan which covers such person as a Dependent.
3. If the person for whom claim is made is a dependent child covered under both parents' plans, the plan covering the parent whose birthday (month and day of birth, not year) falls earlier in the year will be primary, except:
 - a. When the parents were never married, are separated, or are divorced, the benefits of a plan which covers the child as a dependent of the parent with custody will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
 - b. When the parents are divorced and the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent, and the benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

Notwithstanding the above, if there is a court decree which would otherwise establish financial responsibility for the child's health care expenses, the benefits of the plan which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any Other Plan which covers the child as a dependent child.

4. When the rules above do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a plan which has covered such person the shorter period of time.
5. To the extent required by Federal and State regulations, this Plan will pay before any Medicare, Tricare, Medicaid, State child health benefits or other applicable State health benefits program.

Right to Receive and Release Necessary Information

The Plan Administrator may, without notice to or consent of any person, release to or obtain any information from any insurance company or other organization or individual any information regarding coverage, expenses, and benefits which the Plan Administrator, at its sole discretion, considers necessary to determine, implement and apply the terms of this provision or any provision of similar purpose of any Other Plan. Any Participant claiming benefits under this Plan shall furnish to the Plan Administrator such information as requested and as may be necessary to implement this provision.

Facility of Payment

A payment made under any Other Plan may include an amount that should have been paid under this Plan. The Plan Administrator may, in its sole discretion, pay any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Any such amount paid under this provision shall be deemed to be benefits paid under this Plan. The Plan Administrator will not have to pay such amount again and this Plan shall be fully discharged from liability.

Right of Recovery

In accordance with the Recovery of Payments provision, whenever payments have been made by this Plan with respect to Allowable Expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this Coordination of Benefits section, the Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following as this Plan shall determine: any person to or with respect to whom such payments were made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan determines are responsible for payment of such Allowable Expenses, and any future benefits payable to the Participant or his or her Dependents. Please see the Recovery of Payments provision above for more details.

MEDICARE

Applicable to Active Employees and Their Spouses Ages 65 and Over

A Plan Participant that is an active Employee and his or her spouse (ages 65 and over) may, at the option of such Employee, elect or decline coverage under this Plan at open enrollment or some other specified special enrollment period. If such Employee elects coverage under this Plan, the benefits of this Plan shall be determined before any benefits provided by Medicare. If coverage under this Plan is declined by such Employee, benefits listed herein will not be payable even as secondary coverage to Medicare. The Plan will at all times, when applicable, adhere to the requirements set forth in the Medicare Secondary Payer regulations.

Applicable to All Other Participants Eligible for Medicare Benefits

To the extent required by Federal regulations, this Plan will pay covered expenses at the Reasonable and Allowable Amount before Medicare makes any secondary payment for benefits. There are some circumstances under which Medicare would be required to pay its benefits first. In these cases, benefits under this Plan would be calculated as secondary payor (as described under the Article entitled "Coordination of Benefits"). If the Provider accepts assignment with Medicare, Covered Expenses will not exceed the Medicare allowable amount.

Applicable to Medicare Services Furnished to End Stage Renal Disease ("ESRD") Participants Who Are Covered Under This Plan

If any Participant is eligible for Medicare benefits because of ESRD, the benefits of the Plan will be determined before Medicare benefits for the first 30 months of Medicare entitlement, unless applicable Federal law provides to the contrary, in which event the benefits of the Plan will be determined in accordance with such law.

THIRD PARTY RECOVERY, SUBROGATION AND REIMBURSEMENT

Payment Condition

The Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an Injury, Sickness, Disease or disability is caused in whole or in part by, or results from the acts or omissions of Participants, and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as "Participant(s)") or a third party, where any party besides the Plan may be responsible for expenses arising from an incident, and/or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively "Coverage").

Participant(s), his or her attorney, and/or legal guardian of a minor or incapacitated individual agrees that acceptance of the Plan's conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain 100% of the Plan's conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan's assignee. The Plan shall have an equitable lien on any funds received by the Participant(s) and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Participant(s) agrees to include the Plan's name as a co-payee on any and all settlement drafts. Further, by accepting benefits the Participant(s) understands that any recovery obtained pursuant to this section is an asset of the Plan to the extent of the amount of benefits paid by the Plan and that the Participant shall be a trustee over those Plan assets.

In the event a Participant(s) settles, recovers, or is reimbursed by any Coverage, the Participant(s) agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Participant(s). If the Participant(s) fails to reimburse the Plan out of any judgment or settlement received, the Participant(s) will be responsible for any and all expenses (fees and costs) associated with the Plan's attempt to recover such money.

If there is more than one party responsible for charges paid by the Plan, or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Participant(s) is/are only one or a few, that unallocated settlement fund is considered designated as an "identifiable" fund from which the plan may seek reimbursement.

Subrogation

As a condition to participating in and receiving benefits under this Plan, the Participant(s) agrees to assign to the Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation and/or entity and to any Coverage to which the Participant(s) is entitled, regardless of how classified or characterized, at the Plan's discretion, if the Participant(s) fails to so pursue said rights and/or action.

If a Participant(s) receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Plan to any claim, which any Participant(s) may have against any Coverage and/or party causing the Sickness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection. The Participant is obligated to notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds. The Participant is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.

The Plan may, at its discretion, in its own name or in the name of the Participant(s) commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.

If the Participant(s) fails to file a claim or pursue damages against:

1. The responsible party, its insurer, or any other source on behalf of that party.
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
3. Any policy of insurance from any insurance company or guarantor of a third party.
4. Workers' compensation or other liability insurance company.
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

the Participant(s) authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Participant's/Participants' and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims. The Participant(s) assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

Right of Reimbursement

The Plan shall be entitled to recover 100% of the benefits paid, without deduction for attorneys' fees and costs or application of the common fund doctrine, made whole doctrine, or any other similar legal or equitable theory, without regard to whether the Participant(s) is fully compensated by his or her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any State prohibiting assignment of rights which interferes with or compromises in any way the Plan's equitable lien and right to reimbursement. The obligation to reimburse the Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Participant's/Participants' recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved. Any funds received by the Participant are deemed held in constructive trust and should not be dissipated or disbursed until such time as the Participant's obligation to reimburse the Plan has been satisfied in accordance with these provisions. The Participant is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.

No court costs, experts' fees, attorneys' fees, filing fees, or other costs or expenses of litigation may be deducted from the Plan's recovery without the prior, express written consent of the Plan.

The Plan's right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Participant(s), whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan's recovery will not be applicable to the Plan and will not reduce the Plan's reimbursement rights.

These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Participant(s).

This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Sickness, Injury, Disease or disability.

Participant is a Trustee Over Plan Assets

Any Participant who receives benefits and is therefore subject to the terms of this section is hereby deemed a recipient and holder of Plan assets and is therefore deemed a trustee of the Plan solely as it relates to possession of any funds which may be owed to the Plan as a result of any settlement, judgment or recovery through any other means arising from any injury or accident. By virtue of this status, the Participant understands that he or she is required to:

1. Notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds.
2. Instruct his or her attorney to ensure that the Plan and/or its authorized representative is included as a payee on all settlement drafts.

3. In circumstances where the Participant is not represented by an attorney, instruct the insurance company or any third party from whom the Participant obtains a settlement, judgment or other source of Coverage to include the Plan or its authorized representative as a payee on the settlement draft.
4. Hold any and all funds so received in trust, on the Plan's behalf, and function as a trustee as it applies to those funds, until the Plan's rights described herein are honored and the Plan is reimbursed.

To the extent the Participant disputes this obligation to the Plan under this section, the Participant or any of its agents or representatives is also required to hold any/all settlement funds, including the entire settlement if the settlement is less than the Plan's interests, and without reduction in consideration of attorney's fees, for which he or she exercises control, in an account segregated from their general accounts or general assets until such time as the dispute is resolved.

No Participant, beneficiary, or the agents or representatives thereof, exercising control over plan assets and incurring trustee responsibility in accordance with this section will have any authority to accept any reduction of the Plan's interest on the Plan's behalf.

Excess Insurance

If at the time of Injury, Sickness, Disease or disability there is available, or potentially available any Coverage (including but not limited to Coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of Coverage, except as otherwise provided for under the Plan's Coordination of Benefits section.

The Plan's benefits shall be excess to any of the following:

1. The responsible party, its insurer, or any other source on behalf of that party.
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage.
3. Any policy of insurance from any insurance company or guarantor of a third party.
4. Workers' compensation or other liability insurance company.
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Separation of Funds

Benefits paid by the Plan, funds recovered by the Participant(s), and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Participant(s), such that the death of the Participant(s), or filing of bankruptcy by the Participant(s), will not affect the Plan's equitable lien, the funds over which the Plan has a lien, or the Plan's right to subrogation and reimbursement.

Wrongful Death

In the event that the Participant(s) dies as a result of his or her Injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Plan's subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Plan rights and terms by which benefits are paid on behalf of the Participant(s) and all others that benefit from such payment.

Obligations

It is the Participant's/Participants' obligation at all times, both prior to and after payment of medical benefits by the Plan:

1. To cooperate with the Plan, or any representatives of the Plan, in protecting its rights, including discovery, attending depositions, and/or cooperating in trial to preserve the Plan's rights.
2. To provide the Plan with pertinent information regarding the Sickness, Disease, disability, or Injury, including accident reports, settlement information and any other requested additional information.

3. To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights.
4. To do nothing to prejudice the Plan's rights of subrogation and reimbursement.
5. To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received.
6. To notify the Plan or its authorized representative of any settlement prior to finalization of the settlement.
7. To not settle or release, without the prior consent of the Plan, any claim to the extent that the Participant may have against any responsible party or Coverage.
8. To instruct his/her attorney to ensure that the Plan and/or its authorized representative is included as a payee on any settlement draft.
9. In circumstances where the Participant is not represented by an attorney, instruct the insurance company or any third party from whom the Participant obtains a settlement to include the Plan or its authorized representative as a payee on the settlement draft.
10. To make good faith efforts to prevent disbursement of settlement funds until such time as any dispute between the Plan and Participant over settlement funds is resolved.

If the Participant(s) and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Participant(s) will be responsible for any and all expenses (whether fees or costs) associated with the Plan's attempt to recover such money from the Participant(s).

The Plan's rights to reimbursement and/or subrogation are in no way dependent upon the Participant's/Participants' cooperation or adherence to these terms.

Offset

If timely repayment is not made, or the Participant and/or his or her attorney fails to comply with any of the requirements of the Plan, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the Participant's amount owed to the Plan. To do this, the Plan may refuse payment of any future medical benefits and any funds or payments due under this Plan on behalf of the Participant(s) in an amount equivalent to any outstanding amounts owed by the Participant to the Plan. This provision applies even if the Participant has disbursed settlement funds.

Minor Status

In the event the Participant(s) is a minor as that term is defined by applicable law, the minor's parents or court-appointed guardian shall cooperate in any and all actions by the Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned.

If the minor's parents or court-appointed guardian fail to take such action, the Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor's parents or court-appointed guardian.

Language Interpretation

The Plan Administrator retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision, and to administer the Plan's subrogation and reimbursement rights. The Plan Administrator may amend the Plan at any time without notice.

Severability

In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of this provision and Plan. The section shall be fully severable. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the Plan.

MISCELLANEOUS PROVISIONS

Clerical Error/Delay

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes to such records will not invalidate coverage otherwise validly in force or continue coverage validly terminated. Contributions made in error by Participants due to such clerical error will be returned to the Participant; coverage will not be inappropriately extended. Contributions that were due but not made, in error and due to such clerical error will be owed immediately upon identification of said clerical error. Failure to so remedy amounts owed may result in termination of coverage. Effective Dates, waiting periods, deadlines, rules, and other matters will be established based upon the terms of the Plan, as if no clerical error had occurred. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money. In the case of a Plan Participant, the amount of overpayment may be deducted from future benefits payable.

Conformity With Applicable Laws

Any provision of this Plan that is contrary to any applicable law, equitable principle, regulation or court order (if such a court is of competent jurisdiction) will be interpreted to comply with said law, or, if it cannot be so interpreted, shall be automatically amended to satisfy the law's minimum requirement, including, but not limited to, stated maximums, Exclusions, or statutes of limitations. It is intended that the Plan will conform to the requirements of ERISA, as it applies to Employee welfare plans, as well as any other applicable law.

Fraud

Under this Plan, coverage may be retroactively canceled or terminated (rescinded) if a Participant acts fraudulently or intentionally makes material misrepresentations of fact. It is a Participant's responsibility to provide accurate information and to make accurate and truthful statements, including information and statements regarding family status, age, relationships, etc. It is also a Participant's responsibility to update previously provided information and statements. Failure to do so may result in coverage of Participants being canceled, and such cancellation may be retroactive.

If a Participant, or any other entity, submits or attempts to submit a claim for or on behalf of a person who is not a Participant of the Plan; submits a claim for services or supplies not rendered; provides false or misleading information in connection with enrollment in the Plan; or provides any false or misleading information to the Plan as it relates to any element of its administration; that shall be deemed to be fraud. If a Participant is aware of any instance of fraud, and fails to bring that fraud to the Plan Administrator's attention, that shall also be deemed to be fraud. Fraud will result in immediate termination of all coverage under this Plan for the Participant and their entire Family Unit of which the Participant is a member.

A determination by the Plan that a rescission is warranted will be considered an Adverse Benefit Determination for purposes of review and appeal. A Participant whose coverage is being rescinded will be provided a 30 day notice period as described under the Affordable Care Act (ACA) and regulatory guidance. Claims Incurred after the retroactive date of termination shall not be further processed and/or paid under the Plan. Claims Incurred after the retroactive date of termination that were paid under the Plan will be treated as erroneously paid claims under this Plan.

Headings

The headings used in this Plan Document are used for convenience of reference only. Participants are advised not to rely on any provision because of the heading.

Word Usage

Wherever any words are used herein in the singular or plural, they shall be construed as though they were in the plural or singular, as the case may be, in all cases where they would so apply.

No Waiver or Estoppel

All parts, portions, provisions, conditions, and/or other items addressed by this Plan shall be deemed to be in full force and effect, and not waived, absent an explicit written instrument expressing otherwise; executed by the Plan Administrator. Absent such explicit waiver, there shall be no estoppel against the enforcement of any provision of this Plan. Failure by any applicable entity to enforce any part of the Plan shall not constitute a waiver, either as it specifically applies to a particular circumstance, or as it applies to the Plan's general administration. If an explicit written waiver is executed, that waiver shall only apply to the matter addressed therein, and shall be interpreted in the most narrow fashion possible.

Plan Contributions

The Plan Administrator shall, from time to time, evaluate the funding method of the Plan and determine the amount to be contributed by the Participating Employer and the amount to be contributed (if any) by each Participant.

The Plan Sponsor shall fund the Plan in a manner consistent with the provisions of the Internal Revenue Code, ERISA, and such other laws and regulations as shall be applicable to the end that the Plan shall be funded on a lawful and sound basis. The manner and means by which the Plan is funded shall be solely determined by the Plan Sponsor, to the extent allowed by applicable law.

Notwithstanding any other provision of the Plan, the Plan Administrator's obligation to pay claims otherwise allowable under the terms of the Plan shall be limited to its obligation to make contributions to the Plan as set forth in the preceding paragraph. Payment of said claims in accordance with these procedures shall discharge completely the Company's obligation with respect to such payments.

In the event that the Company terminates the Plan, then as of the effective date of termination, the Employer and eligible Employees shall have no further obligation to make additional contributions to the Plan and the Plan shall have no obligation to pay claims Incurred after the termination date of the Plan.

Right to Receive and Release Information

The Plan Administrator may, without notice to or consent of any person, release to or obtain any information from any insurance company or other organization or person any information regarding coverage, expenses, and benefits which the Plan Administrator, at its sole discretion, considers necessary to determine and apply the provisions and benefits of this Plan. In so acting, the Plan Administrator shall be free from any liability that may arise with regard to such action. Any Participant claiming benefits under this Plan shall furnish to the Plan Administrator such information as requested and as may be necessary to implement this provision.

Written Notice

Any written notice required under this Plan which, as of the Effective Date, is in conflict with the law of any governmental body or agency which has jurisdiction over this Plan shall be interpreted to conform to the minimum requirements of such law.

Right of Recovery

In accordance with the Recovery of Payments provision, whenever payments have been made by this Plan in a total amount, at any time, in excess of the maximum amount of benefits payable under this Plan, the Plan shall have the right to recover such payments, to the extent of such excess, from any one or more of the following as this Plan shall determine: any person to or with respect to whom such payments were made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan determines are responsible for payment of such amount, and any future benefits payable to the Participant or his or her Dependents. See the Recovery of Payments provision for full details.

Statements

All statements made by the Company or by a Participant will, in the absence of fraud, be considered representations and not warranties, and no statements made for the purpose of obtaining benefits under

this document will be used in any contest to avoid or reduce the benefits provided by the document unless contained in a written application for benefits and a copy of the instrument containing such representation is or has been furnished to the Participant.

Any Participant who knowingly and with intent to defraud the Plan, files a statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any material fact, commits a fraudulent act. The Participant may be subject to prosecution by the United States Department of Labor. Fraudulently claiming benefits may be punishable by a substantial fine, imprisonment, or both.

Protection Against Creditors

To the extent this provision does not conflict with any applicable law, no benefit payment under this Plan shall be subject in any way to alienation, sale, transfer, pledge, attachment, garnishment, execution or encumbrance of any kind, and any attempt to accomplish the same shall be void. If the Plan Administrator shall find that such an attempt has been made with respect to any payment due or to become due to any Participant, the Plan Administrator in its sole discretion may terminate the interest of such Participant or former Participant in such payment. And in such case the Plan Administrator shall apply the amount of such payment to or for the benefit of such Participant or former Participant, his or her spouse, parent, adult Child, guardian of a minor Child, brother or sister, or other relative of a Dependent of such Participant or former Participant, as the Plan Administrator may determine, and any such application shall be a complete discharge of all liability with respect to such benefit payment. However, at the discretion of the Plan Administrator, benefit payments may be assigned to health care Providers.

Binding Arbitration

NOTE: *The Employee is enrolled in a plan provided by the Employer that is subject to ERISA. Any dispute involving an Adverse Benefit Determination must be resolved under ERISA's claims procedure rules, and is not subject to mandatory binding arbitration. The individual may pursue voluntary binding arbitration after he or she has completed an appeal under ERISA.*

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this Plan, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this Binding Arbitration provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, State law governing agreements to arbitrate shall apply.

The Participant and the Plan Administrator agree to be bound by this Binding Arbitration provision and acknowledge that they are each giving up their right to a trial by court or jury.

The Participant and the Plan Administrator agree to give up the right to participate in class arbitration against each other. Even if applicable law permits class actions or class arbitrations, the Participant waives any right to pursue, on a class basis, any such controversy or claim against the Plan Administrator and the Plan Administrator waives any right to pursue on a class basis any such controversy or claim against the Participant.

The arbitration findings will be final and binding except to the extent that State or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the Participant making written demand on the Plan Administrator. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS") according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the Participant and the Plan Administrator, or by order of the court, if the Participant and the Plan Administrator cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, the Plan Administrator will assume all or a portion of the costs of the arbitration.

SUMMARY OF BENEFITS

General Limits

Payment for any of the expenses listed below is subject to all Plan Exclusions, limitations and provisions. All coverage figures, if applicable, are after the out of pocket Deductible has been satisfied. Benefits for Pregnancy expenses, which are covered for Employee and spouse only, are paid the same as any other Sickness. **NOTE:** *Preventive care charges for Pregnancy are covered under the Preventive Care benefit in the Medical Benefits section.*

See the Utilization Management section for more information regarding Pre-Certification and/or Notification requirements.

Provider Arrangement

If the charge billed by a Provider for any covered service is higher than the Usual and Customary Fees determined by the Plan, Participants are responsible for the excess unless the Provider accepts Assignment of Benefits as consideration in full for services rendered. Some Providers have agreed to accept a negotiated discounted fee as full payment for their services. Participants are not responsible for any billed amount that exceeds that fee. The Plan Administrator reserves the right to revoke any previously-given Assignment of Benefits or to proactively prohibit Assignment of Benefits to anyone, including any Provider, at its discretion.

To receive benefit consideration, Participants may be required to submit claims for services provided to the Third Party Administrator.

Benefits available to Providers are limited such that if a Provider advances or submits charges which exceed amounts that are eligible for payment in accordance with the terms of the Plan, or are for services or supplies for which Plan coverage is not available, or are otherwise limited or excluded by the Plan, benefits will be paid in accordance with the terms of the Plan.

Please note affirmation that a treatment, service, or supply is of a type compensable by the Plan is not a guarantee that the particular treatment, service, or supply in question, upon receipt of a Clean Claim and review by the Plan Administrator, will be eligible for payment.

Balance Billing

In the event that a claim submitted by a Provider is subject to a medical bill review or medical chart audit and that some or all of the charges in connection with such claim are repriced because of billing errors and/or overcharges, it is the Plan's position that the Participant should not be responsible for payment of any charges denied as a result of the medical bill review or medical chart audit, and should not be balance billed for the difference between the billed charges and the amount determined to be payable by the Plan Administrator. However, balance billing is legal in many jurisdictions, and the Plan has no control over Providers that engage in balance billing practices.

In addition, with respect to services rendered by a Provider being paid in accordance with a discounted rate, it is the Plan's position that the Participant should not be responsible for the difference between the amount charged by the Provider and the amount determined to be payable by the Plan Administrator, and should not be balance billed for such difference. Again, the Plan has no control over any Provider that engages in balance billing practices, except to the extent that such practices are contrary to the contract governing the relationship between the Plan and the Provider.

The Participant is responsible for any applicable payment of Coinsurances, Deductibles, and out-of-pocket maximums and may be billed for any or all of these.

Patient Advocacy Center

It is the Plan's position that the Provider should not balance-bill the Plan Participant for amounts in excess of the Reasonable and Allowable Amount. It is the Plan's position that these Excess Charges are clearly

excessive and exorbitant. However, balance-billing for such amounts can occur for the out of network claims and the Plan has no control over the actions of the Providers or their desire to you for such amounts.

In the event you receive a balance-bill for an amount in excess of the Reasonable and Allowable Amount payable, please **immediately** email pac@hstechnology.com or call the Patient Advocacy Center toll free at (888) 837-2237.

Please Note: The Patient Advocacy Center provides assistance to Plan Participants with the understanding that (i) the Patient Advocacy Center is not acting in a fiduciary capacity under this Plan, (ii) that the Plan Participant must make their own independent decision with respect to any course of action in connection with any balance-bill, including whether such course of action is appropriate or proper based on the Participant's specific circumstances and objectives, and (iii) the Patient Advocacy Center does not provide legal or tax advice.

Choice of Providers

The Plan is not intended to disturb the Physician-patient relationship. Each Participant has a free choice of any Physician or surgeon, and the Physician-patient relationship shall be maintained. Physicians and other health care Providers are not agents or delegates of the Plan Sponsor, Company, Plan Administrator, Employer or Third Party Administrator. The delivery of medical and other health care services on behalf of any Participant remains the sole prerogative and responsibility of the attending Physician or other health care Provider. The Participant, together with his or her Physician, is ultimately responsible for determining the appropriate course of medical treatment, regardless of whether the Plan will pay for all or a portion of the cost of such care.

Claims Audit

In addition to the Plan's Medical Record Review process, the Plan Administrator may use its discretionary authority to utilize an independent bill review and/or claim audit program or service for a complete claim. While every claim may not be subject to a bill review or audit, the Plan Administrator has the sole discretionary authority for selection of claims subject to review or audit.

The analysis will be employed to identify charges billed in error and/or charges that are not Usual and Customary and/or Medically Necessary and Reasonable, if any, and may include a patient medical billing records review and/or audit of the patient's medical charts and records.

Upon completion of an analysis, a report will be submitted to the Plan Administrator or its agent to identify the charges deemed in excess of the Usual and Customary and Reasonable amounts or other applicable provisions, as outlined in this Plan Document.

Despite the existence of any agreement to the contrary, the Plan Administrator has the discretionary authority to reduce any charge to a Usual and Customary and Reasonable charge, in accord with the terms of this Plan Document.

CancerCARE Program Coverage

The Plan provides benefit coverage for evidence-based cancer care services provided at local, regional and in some cases national cancer programs. Obtaining the best outcomes for the Participant is the goal of the plan. In pursuit of that goal, the Plan employs INTERLINK's CancerCARE Program with specialized care coordination nurses for education and support, McKesson Clear Value Plus with Value Pathways powered by NCCN® and NCCN Clinical Practice Guidelines in Oncology® for evidence-based treatment guidelines. In order to take advantage of specialized advocacy and treatment specific to each individual, Participants with a cancer diagnosis should call the CancerCARE program upon diagnosis and complete registration.

DEFINITIONS:

CancerCARE Program: A comprehensive cancer management program operated by INTERLINK, which employs care coordinator nurses to advocate for and coordinate care at network providers for the Participant.

CancerCOE Provider: A cancer center, hospital or other institution, physician or ancillary provider that has been designated by the CancerCARE Program to provide complex cancer care services. CancerCOE providers have been selected to participate in this nationwide network based on their designation as a National Cancer Institute (NCI) Cancer Center or NCCN® member institution and their ability to meet other predefined criteria. Once selected, these providers are evaluated annually to ensure they continue to meet the eligibility criteria for continued participation in the CancerCOE Network.

Pathology/DiagnosticCOE: A network of highly specialized pathology labs identified by CancerCARE's Medical Advisory Board to affirm diagnoses for commonly misdiagnosed cancer types. Pathology/DiagnosticCOE access is arranged by the CancerCARE Triage Center based on Participant reported diagnosis during the Triage Center Registration.

Compliant Benefit Level: Status obtained when the Participant 1) has completely registered into the CancerCARE Program; 2) the treatment is deemed concordant to a Value Pathway; and 3) the provider's office has achieved Clear Value Participation. If all the above conditions have been met, and there is no Value Pathway available, treatment must be concordant with NCCN Guidelines®, the care plan must be deemed consistent with evidence-based medicine by CancerCARE, or enrollment in a CancerCOE Provider clinical trial as defined below in Clinical Trial Benefits. This status is reported by the CancerCARE Triage Center to the Plan.

Clear Value Participation: In order to determine courses of care, testing occurs and the results of those tests (Clinical Facts) are used to determine any applicable Value Pathways. Clear Value Participation requires the provider to: 1) submit Clinical Facts to CancerCARE when care is being planned; 2) consider Value Pathways as treatment options; and 3) confirm with CancerCARE the optimal Value Pathway course of care will be utilized.

Case Management Recommendation: Alternate providers, regardless of whether they are within the Plan's network, may be identified and recommended by a CancerCARE Program Nurse as a cost effective alternative if there is no reduction in the quality of care. In these instances, alternate providers will be reimbursed at the applicable CancerCARE Benefit Level currently in effect with the existing provider. If pharmacy benefits are utilized to obtain medications otherwise provided in a provider's office, normal co-pays shall be waived if savings to the Plan are realized.

Non-Compliant Cancer Treatment: Status of a Participant who has not: 1) registered with the CancerCARE Program; or 2) received treatment that is deemed concordant to NCCN Guidelines®; or 3) received care that is deemed consistent with evidence-based medicine by CancerCARE; or 4) enrolled into a Clinical Trial that is being performed by a CancerCOE Provider.

CancerCOE Referral: CancerCARE provides benefits and support for all cancer diagnoses, but Participants with a diagnosis or condition that is considered rare, aggressive or complex will be evaluated for referral to a CancerCOE Provider. Such diagnoses or conditions are evaluated and determined by the CancerCARE Medical Team in consultation with a Medical Advisory Board and other relevant medical literature. These diagnoses and conditions are reviewed and revised periodically, please contact CancerCARE for details regarding what cancer diagnoses or conditions are currently considered rare, aggressive or complex.

ADDITIONAL PROVISIONS:

Registration: Upon diagnosis of cancer of any type, the Participant shall call the number in the pre-certification section of the ID card.

CancerCOE Travel Benefits: The Plan provides a maximum travel and lodging benefit up to \$10,000 per Participant per lifetime. Travel benefits will only apply for Participants with cancer diagnoses or conditions as described within the CancerCOE Referral provision that have been directed to a CancerCOE Provider by the CancerCARE Program. The CancerCOE location must be at least 50 miles from the Participant's home. Travel and lodging assistance shall be coordinated by the CancerCARE Program. While receiving care at a CancerCOE Provider, the Plan will reimburse lodging, meals and incidentals. The Plan covers travel costs (coach air, train or mileage at Internal Revenue Service "IRS" Standard Mileage Rate for travel by car) for the Participant plus one companion if the Participant is an adult (18 or older), or up to two companions if the Participant is less than 18. The benefit is subject to INTERLINK's CancerCARE Program coordination and approval guidelines.

Clinical Trial Benefits: The Plan provides Clinical Trial coverage for Routine Patient Costs consistent with applicable law as outlined in the Medical Benefits section of this Plan Document. Additionally, Routine Patient Costs shall be reimbursed at the Compliant Benefit level for Participants participating in a Clinical Trial, provided that the Clinical Trial: (1) is provided at a CancerCOE Provider; and (2) is a Phase 1-4 Clinical Trial, that has been approved and coordinated by a CancerCARE Program Nurse.

CancerCARE Second Opinion: The Plan provides coverage for a CancerCARE Second Opinion through utilization of the Pathology/DiagnosticCOE, which may include a review of the diagnosis, review of the treatment plan or both. Second Opinions may require travel to a Pathology/DiagnosticCOE to qualify for benefits. A Second Opinion may consist solely of having pathology slides reviewed by a specialized lab or may include other services. Molecular testing is a Covered Expense when coordinated by a CancerCARE Program Nurse. The Second Opinion will be paid at 100%, deductible waived.

Dialysis Treatment - Outpatient

This Section describes the Plan's Dialysis Benefit Preservation Program (the "Dialysis Program"). The Dialysis Program shall be the exclusive means for determining the amount of Plan benefits to be provided to Plan members and for managing cases and claims involving dialysis services and supplies, regardless of the condition causing the need for dialysis.

- A. **Reasons for the Dialysis Program.** The Dialysis Program has been established for the following reasons:
1. the concentration of dialysis providers in the market in which Plan reside may allow such providers to exercise control over prices for dialysis-related products and services,
 2. the potential for discrimination by dialysis providers against the Plan because it is a non-governmental and non-commercial health plan, which discrimination may lead to increased prices for dialysis-related products and services charged to Plan members,
 3. evidence of (i) significant inflation of the prices charged to Plan by dialysis providers, (ii) the use of revenues from claims paid on behalf of Plan to subsidize reduced prices to other types of payers as incentives, and (iii) the specific targeting of non-governmental and non-commercial plans, such as the Plan, by dialysis providers as profit centers, and
 4. the fiduciary obligation to preserve Plan assets against charges which (i) exceed reasonable value due to factors not beneficial to Plan members, such as market concentration and discrimination in charges, and (ii) are used by the dialysis providers for purposes contrary to the interests of Plan members, such as subsidies for other plans and discriminatory profit-taking.
- B. **Dialysis Program Components.** The components of the Dialysis Program are as follows:
1. **Application.** The Dialysis Program shall apply to all claims filed by, or on behalf of, Plan members for reimbursement of products and services provided for purposes of outpatient dialysis, regardless of the condition causing the need for dialysis ("dialysis-related claims").
 2. **Claims Affected.** The Dialysis Program shall apply to all dialysis-related claims received by the Plan for expenses incurred on or after December 1, 2017, regardless when the expenses related to such claim were incurred or when the initial claim for such products or services was received by the Plan with respect to the Plan member.

3. Mandated Cost Review. All dialysis-related claims will be subject to cost review by the Plan Administrator to determine whether the charges indicate the effects of market concentration or discrimination in charges. In making this determination the Plan Administrator shall consider factors including:
 - a. Market concentration: The Plan Administrator shall consider whether the market for outpatient dialysis products and services is sufficiently concentrated to permit providers to exercise control over charges due to limited competition, based on reasonably available data and authorities. For purposes of this consideration multiple dialysis facilities under common ownership or control shall be counted as a single provider.
 - b. Discrimination in charges: The Plan Administrator shall consider whether the claims reflect potential discrimination against the Plan, by comparison of the charges in such claims against reasonably available data about payments to outpatient dialysis providers by governmental and commercial plans for the same or materially comparable goods and services.

4. In the event that the Plan Administrator's charge review indicates a reasonable probability that market concentration and/or discrimination in charges have been a material factors resulting in an increase of the charges for outpatient dialysis products and/or services for the dialysis-related claims under review, the Plan Administrator may, in its sole discretion, determine that there is a reasonable probability that the charges exceed the reasonable value of the goods and/or services. Based upon such a determination, the Plan Administrator may subject the claims and all future claims for outpatient dialysis goods and services from the same provider with respect to the member, to the following payment limitations, under the following conditions:
 - a. Where the Plan Administrator deems it appropriate in order to minimize disruption and administrative burdens for the member, dialysis-related claims received prior to the cost review determination may, but are not required to be, paid at the face or otherwise applicable rate.
 - b. Maximum Benefit. Except as provided in the preceding subsection or where an acceptable provider agreement is entered into, the maximum Plan benefit payable to dialysis-related claims subject to the payment limitation shall be the Usual and Reasonable Charge for covered services and/or supplies, after deduction of all amounts payable by coinsurance or deductibles.
 - c. Usual and Reasonable Charge. With respect to dialysis-related claims, the Plan Administrator shall determine the Usual and Reasonable Charge based upon the average payment actually made for reasonably comparable services and/or supplies to all providers of the same services and/or supplies by all types of plans in the applicable market during the preceding calendar year, based upon reasonably available data, adjusted for the national Consumer Price Index medical care rate of inflation. The Plan Administrator may increase or decrease the payment based upon factors concerning the nature and severity of the condition being treated.
 - d. Additional Information related to Value of Dialysis-Related Services and Supplies. The member, or where the right to Plan benefits has been properly assigned to the provider, may provide information with respect to the reasonable value of the supplies and/or services, for which payment is claimed, on appeal of the denial of any claim or claims. In the event the Plan Administrator, in its sole discretion, determines that such information demonstrates that the payment for the claim or claims did not reflect the reasonable value, the Plan Administrator shall increase or decrease the payments (as applicable) to the amount of the reasonable value, as determined by the Plan Administrator based upon credible information from identified sources. The Plan Administrator may, but is not required to, review additional information from third-party sources in making this determination.
 - e. All charges must be billed by a provider in accordance with generally accepted industry standards.

5. Provider Agreements. Where appropriate, and a willing appropriate provider acceptable to the Plan member is available, the Plan Administrator may enter into an agreement establishing the rates payable for outpatient dialysis goods and/or services with the provider, provided that such agreement must identify this Section of the Plan and clearly state that such agreement is intended to supersede this Section.
6. Discretion. The Plan Administrator shall have full authority and discretion to interpret, administer and apply this Section, to the greatest extent permitted by law. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of this Section, to make determinations regarding issues which relate to eligibility for benefits under this Section, to decide disputes which may arise relative to a Plan's rights under this Section, and to decide questions of interpretation of this Section and those of fact relating to the application of this Section. The decisions of the Plan Administrator will be final and binding on all interested parties.
7. Provider Acceptance. A provider that accepts the payment from the Plan under this Section will be deemed to consent and agree that (i) such payment shall be for the full amount due for the provision of services and supplies to a Plan member, and (ii) it shall not "balance bill" a Plan member for any amount billed but not paid by the Plan.

Summary of Benefits - Medical

Plan 1

The following benefits are per Participant per Plan Year:

Plan 1	
Type of Expense	Amounts
Embedded Deductible, per Plan Year	Individual \$6,350
	Family Unit \$12,700
Payment Level (unless otherwise stated)	100%

Mastectomy. The Federal Women's Health and Cancer Rights Act, signed into law on October 21, 1998, contains coverage requirements for breast cancer patients who elect reconstruction in connection with a Mastectomy. The Federal law requires group health plans that provide Mastectomy coverage to also cover breast reconstruction Surgery and prostheses following Mastectomy.

As required by law, the Participant is being provided this notice to inform him or her about these provisions. The law mandates that individuals receiving benefits for a Medically Necessary Mastectomy will also receive coverage for the following in a manner determined in consultation with the attending Physician and the patient:

1. Reconstruction of the breast on which the Mastectomy has been performed.

2. Surgery and reconstruction of the other breast to produce a symmetrical appearance.
3. Prosthesis and physical complications from all stages of Mastectomy, including lymphedemas.

This coverage will be subject to the same annual Deductible and Coinsurance provisions that currently apply to Mastectomy coverage, and will be provided in consultation with the Participant and his or her attending Physician.

Medical Supplies. Dressings, casts, splints, trusses, braces and other Medically Necessary medical supplies, with the exception of dental braces or corrective shoes, but including syringes for diabetic and allergy Diagnosis, and lancets and chemstrips for diabetics.

Required extractions of teeth prior to radiation therapy when the Participant has a diagnosis of cancer of the head and/or neck are allowed.

Pathology Services. Charges for pathology services.

Physician Services. Services of a Physician for Medically Necessary care, including office visits, home visits, Hospital Inpatient care, Hospital outpatient visits and exams, clinic care and surgical opinion consultations.

Pregnancy Expenses. Expenses attributable to a Pregnancy. Pregnancy expenses of Dependent Children are not covered.

Under the Newborns' and Mothers' Health Protection Act of 1996, group health plans and health insurance issuers generally may not restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn Child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a Provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). In no event will an "attending Provider" include a plan, Hospital, managed care organization, or other issuer.

In accordance with the "Summary of Benefits" and this section, benefits for the care and treatment of Pregnancy that are covered will be subject to all applicable Plan limitations and maximums, and are payable in the same manner as medical or surgical care of an illness.

Preventive Care. Charges for Preventive Care services. This Plan intends to comply with the Affordable Care Act's (ACA) requirement to offer In-Network coverage for certain preventive services without cost-sharing.

Benefits mandated through the ACA legislation include Preventive Care such as immunizations, screenings, and other services that are listed as recommended by the United States Preventive Services Task Force (USPSTF), the Health Resources Services Administration (HRSA), and the Federal Centers for Disease Control (CDC).

See <http://www.uspreventiveservicestaskforce.org> or <https://www.healthcare.gov/coverage/preventive-care-benefits/> for more details.

NOTE: *The Preventive Care services identified through the above links are recommended services. It is up to the Provider and/or Physician of care to determine which services to provide; the Plan Administrator has the authority to determine which services will be covered. Preventive Care services will be covered at 100% for Non-Network Providers if there is no Network Provider who can provide a required preventive service.*

Preventive and Wellness Services for Adults and Children - In compliance with section (2713) of the Affordable Care Act, benefits are available for evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force (USPSTF).

Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC) with respect to the individual involved. With respect to infants, Children, and adolescents, evidence-informed Preventive Care and screenings as provided for in the comprehensive guidelines supported by the Health Resources and Services Administration (HRSA).

A description of Preventive and Wellness Services can be found at: <https://www.healthcare.gov/coverage/preventive-care-benefits/>

Women's Preventive Services - With respect to women, such additional Preventive Care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration (HRSA) not otherwise addressed by the recommendations of the United States Preventive Service Task Force (USPSTF), which will be commonly known as HRSA's Women's Preventive Services Required Health Plan Coverage Guidelines. The HRSA has added the following eight categories of women's services to the list of mandatory preventive services:

1. Well-woman visits.

2. Gestational diabetes screening.
3. Human papillomavirus (HPV) Deoxyribonucleic Acid (DNA) testing.
4. Sexually transmitted infection counseling.
5. Human Immunodeficiency Virus (HIV) screening and counseling.
6. Food and Drug Administration (FDA)-approved contraception methods and contraceptive counseling.
7. Breastfeeding support, supplies and counseling.
8. Domestic violence screening and counseling.

A description of Women's Preventive Services can be found at: <http://www.hrsa.gov/womensguidelines/> or at <https://www.healthcare.gov/coverage/preventive-care-benefits/>.

Prosthetics, Orthotics, and Supplies. Prosthetic devices (other than dental) to replace all or part of an absent body organ or part, including replacement due to natural growth or pathological change, but not including charges for repair or maintenance. Orthotic devices, but excluding orthopedic shoes and other supportive devices for the feet unless custom molded or as an integral part of a leg brace.

Radiation Therapy. Charges for radiation therapy and treatment.

Rehabilitation Facility. Inpatient care in a Rehabilitation Facility provided such confinement: (a) is under the recommendation and general supervision of a Physician; (b) is for the purpose of receiving medical care necessary for convalescence from the conditions causing or contributing to the precedent Hospital or Skilled Nursing Facility confinement; and (c) is not for Custodial Care.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

Routine Patient Costs for Participation in an Approved Clinical Trial. Charges for any Medically Necessary services, for which benefits are provided by the Plan, when a Participant is participating in a phase I, II, III or IV clinical trial, conducted in relation to the prevention, detection or treatment of a life-threatening Disease or condition, as defined under the ACA, provided:

1. The clinical trial is approved by any of the following:
 - a. The Centers for Disease Control and Prevention of the U.S. Department of Health and Human Services.
 - b. The National Institute of Health.
 - c. The U.S. Food and Drug Administration.
 - d. The U.S. Department of Defense.
 - e. The U.S. Department of Veterans Affairs.
 - f. An institutional review board of an institution that has an agreement with the Office for Human Research Protections of the U.S. Department of Health and Human Services.
2. The research Institution conducting the Approved Clinical Trial and each health professional providing routine patient care through the Institution, agree to accept reimbursement at the applicable Allowable Expense, as payment in full for routine patient care provided in connection with the Approved Clinical Trial.

Coverage will not be provided for:

1. The cost of an Investigational new drug or device that is not approved for any indication by the U.S. Food and Drug Administration, including a drug or device that is the subject of the Approved Clinical Trial.
2. The cost of a service that is not a health care service, regardless of whether the service is required in connection with participation in an Approved Clinical Trial.
3. The cost of a service that is clearly inconsistent with widely accepted and established standards of care for a particular Diagnosis.

4. A cost associated with managing an Approved Clinical Trial.
5. The cost of a health care service that is specifically excluded by the Plan.
6. Services that are part of the subject matter of the Approved Clinical Trial and that are customarily paid for by the research Institution conducting the Approved Clinical Trial.

Second Surgical Opinions. Charges for second surgical opinions.

Skilled Nursing Facility. Charges made by a Skilled Nursing Facility or a convalescent care facility, up to the limits set forth in the Summary of Benefits, in connection with convalescence from an Illness or Injury (excluding drug addiction, chronic brain syndrome, alcoholism, senility, intellectual disability or other Mental or Nervous Disorders) for which the Participant is confined.

Sleep Disorders. Sleep disorder treatment that is Medically Necessary. Expenses for unattended home sleep studies are not covered.

Sterilization for Men. Charges for male sterilization procedures. Benefits for all Food and Drug Administration (FDA) approved charges related to sterilization procedures for women are covered under Preventive Care, to the extent required by the Affordable Care Act (ACA).

Surgery. Surgical operations and procedures, unless otherwise specifically excluded under the Plan, and limited as follows:

1. Multiple procedures adding significant time or complexity will be allowed at:
 - a. One hundred percent (100%) of the full Usual and Customary fee value for the first or major procedure.
 - b. Fifty percent (50%) of the Usual and Customary fee value for the secondary and subsequent procedures.
 - c. Bilateral procedures which add significant time or complexity, which are provided at the same operative session, will be allowed at one hundred percent (100%) of Usual and Customary fee value for the major procedure, and fifty percent (50%) of the Usual and Customary fee value for the secondary or lesser procedure.
2. Charges made for services rendered by an assistant surgeon will be allowed at twenty percent (20%) of the Usual and Customary fee value for the type of Surgery performed.
3. No benefit will be payable for incidental procedures, such as appendectomy during an abdominal Surgery, performed during a single operative session.

Surgical Treatment of Jaw. Surgical treatment of Diseases, Injuries, fractures and dislocations of the jaw by a Physician or Dentist.

Telemedicine. Benefits are provided for the use of interactive audio, video, or other electronic media for the purpose of consultation, diagnosis, or treatment of the patient. Benefits for telemedicine services shall be provided by a provider to deliver health care services within the scope of the provider's practice at a site other than the site where the patient is located.

Temporomandibular Joint Disorder. Charges for the Diagnosis and treatment of, or in connection with, temporomandibular joint disorders, myofascial pain dysfunction or orthognathic treatment. If a Physician or Dentist recommends treatment for or in connection with temporomandibular joint disorders, myofascial pain dysfunction or orthognathic treatment, a Participant must submit the treatment plan, including x-rays and study models, for pre-determination of benefits under the Plan. The pre-determination of benefits is required before any course of treatment is begun. The Plan Administrator will determine if the treatment is a Covered Expense and will notify the Participant. If treatment is begun before the pre-determination of benefits, no benefits are payable under the Plan.

Therapy Services. Services for individual therapy are covered on an Inpatient or outpatient basis. They are services or supplies used for the treatment of an Illness or Injury and include:

1. **Autism Spectrum Disorder Treatment.** Charges for treatment of Autism Spectrum Disorder (ASD).
2. **Cardiac Therapy.** Charges for cardiac therapy.
3. **Physical Therapy.** Rehabilitation treatment or services rendered by a physical therapist, under direct supervision of a Physician, in a home setting or a facility or Institution whose primary purpose is to provide medical care for an Illness or Injury, or at a free standing duly licensed outpatient therapy facility.
4. **Respiration Therapy.** Respiration therapy services, when rendered in accordance with a Physician's written treatment plan.
5. **Speech Therapy.** Speech therapy, for Rehabilitation purposes, by a Physician or qualified speech therapist, when needed due to a Sickness or Injury (other than a functional Nervous Disorder) or due to Surgery performed as the result of a Sickness or Injury, excluding speech therapy services that are educational in any part or due to articulation disorders, tongue thrust, stuttering, lisping, abnormal speech development, changing an accent, dyslexia, hearing loss which is not medically documented or similar disorders.

See the Summary of Benefits for treatment and/or frequency limitations.

Transplants. Organ or tissue transplants are covered for the following human to human organ or tissue transplant procedures:

1. Bone marrow.
2. Heart.
3. Lung.
4. Heart and lung.
5. Liver.
6. Pancreas.
7. Kidney.
8. Cornea.

In addition, the Plan will cover any other transplant that is not Experimental.

Covered Expenses will be considered the same as any other Sickness for Employees or Dependents as a recipient of an organ or tissue transplant. Covered Expenses include:

1. Organ or tissue procurement from a cadaver consisting of removing, preserving and transporting the donated part.
2. Services and supplies furnished by a Provider.
3. Drug therapy treatment to prevent rejection of the transplanted organ or tissue.

Surgical, storage and transportation costs directly related to the procurement of an organ or tissue used in a transplant described herein will be covered. If an organ or tissue is sold rather than donated, no benefits will be available for the purchase price of such organ or tissue.

Exclusions

Some health care services are not covered by the Plan. In addition to the General Exclusions set forth in the General Limitations and Exclusion section, these include, but are not limited to, any charge for care, supplies, or services, which are:

Abortion. Incurred directly or indirectly as the result of an abortion except when the life of the mother is endangered by the continued Pregnancy, or the Pregnancy is the result of rape or incest.

Acupuncture. Relating directly or indirectly to acupuncture.

Biofeedback. For biofeedback.

Consultations. For consultations.

Counseling. Expenses for religious, marital, family, bereavement or relationship counseling will not be considered eligible, except as specified under Medical Benefits.

Education or Training Program. Performed by a Physician or other Provider enrolled in an education or training program when such services are related to the education or training program, except as specifically provided herein.

Eye Refractions. For eye refractions, eyeglasses, contact lenses, or the vision examination for prescribing or fitting eyeglasses or contact lenses (except for aphakic patients, and soft lenses or sclera shells intended for use in the treatment of Disease or Injury).

Genetic Testing and Counseling. Charges in relation to genetic testing for other than diagnostic purposes (amniocentesis), and charges for genetic counseling, unless covered under the Patient Protection and Affordable Care Act of 2010.

Hair Pieces. For wigs, artificial hair pieces, human or artificial hair transplants, or any Drug, prescription or otherwise, used to eliminate baldness.

Hearing Aids. For hearing aids or examinations for the prescription, fitting, and/or repair of hearing aids.

Hypnosis. Related to the use of hypnosis.

Nicotine Addiction. For nicotine withdrawal programs, facilities, Drugs or supplies, except as specified under Preventive Care.

Nutritional Supplements. For nutritional supplements, except as specified under Preventive Care.

Obesity. Related to the care and treatment of obesity, weight loss or dietary control, unless related to morbid obesity (which is the lesser of 100 pounds over normal weight or twice normal weight). Specifically excluded, even if related to morbid obesity, are charges for bariatric surgery, including but not limited to, gastric bypass, stapling and intestinal bypass, and lap band surgery, including reversals. This Exclusion does not apply to obesity screening and counseling that are covered under the Preventive Care benefit.

Organ Transplants. Related to donation of a human organ or tissue, except as specifically provided.

Orthopedic Shoes. For orthopedic shoes, unless they are an integral part of a leg brace and the cost is included in the orthotist's charge, and other supportive devices for the feet.

Osseous Surgery. For osseous surgery.

Personal Convenience Items. For equipment that does not meet the definition of Durable Medical Equipment, including air conditioners, humidifiers and exercise equipment, whether or not recommended by a Physician.

Pregnancy of a Dependent Child. Incurred by an eligible Dependent Child, including, but not limited to, pre-natal, delivery and post-natal care, treatment of miscarriage and complications due to Pregnancy, unless specifically provided as a covered benefit elsewhere in this Plan. **NOTE: Preventive care charges for Pregnancy are covered under the Preventive Care benefit in the Medical Benefits section.**

Private Duty Nursing. Private duty nursing.

Radial Keratotomy. For radial keratotomy or other plastic surgeries on the cornea in lieu of eyeglasses.

Routine Physical Examinations. For routine or periodic physical examinations, related x-ray and laboratory expenses, and nutritional supplements, except as provided in the Summary of Benefits.

Sex Assignment/Reassignment. Related to a sex change operation.

Sexual Dysfunction. For any treatment of a sexual dysfunction, including but not limited to sexual counseling or therapy, implants and hormonal therapy, except of dysfunction due to organic disease or gender dysphoria, unless otherwise specified by the Plan.

Sterilization Reversal. For sterilization procedure reversal.

Travel. For travel, whether or not recommended by a Physician, except as specifically provided herein.

Vitamins. For vitamins.

UTILIZATION MANAGEMENT AND PRE-CERTIFICATION

Pre-Certification

All services requiring pre-certification are to be certified in advance by the Utilization Review Department, except for emergencies. The Member or their representative is required to call the phone number for pre-certification located on the back of their ID card for the services specified at least seven (7) business days prior to services being rendered. The Participant or their representative must identify the services to be rendered and the associated diagnosis and procedure codes necessary for pre-certification determinations and service pre-pricing.

Utilization Review

Utilization review is the process of evaluating if services, supplies or treatment are medically necessary, appropriate and priced at the prevailing rates to help ensure cost-effective care. Utilization review can eliminate unnecessary services, hospitalizations, and shorten confinements while improving quality of care and reducing costs to the Member and the Plan.

Pre-certification establishes the medical necessity of certain care and services covered under the Plan. It ensures that the pre-certified care and services will not be denied on the basis of medical necessity (as defined by this Plan). The Pre-certification process will also establish the reference prices for requested services. However, pre-certification does not guarantee the payment of benefits. Coverage and benefits are always subject to other requirements and provisions of the Plan, such as, Plan limitations, exclusions, and eligibility at the time care and services are provided.

Services that Require Pre-Certification

The following services will require Pre-Certification from the Claim Administrators Utilization Review Department in order to be eligible for coverage under the plan. Failure to obtain Pre-Certification may result in reduced or denied reimbursement:

- All Inpatient Admissions
 - Acute
 - Long term Acute Care
 - Rehabilitation
 - Skilled Nursing
 - Mental Nervous / Substance Abuse
- All surgeries not done in a physician's office
- Outpatient Facility Services

Remember that although the Plan will automatically pre-authorize a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours for a cesarean delivery, it is important that the Participant has their Physician call to obtain pre-certification in case there is a need to have a longer stay.

Urgent Care or Emergency Admissions:

If a Participant needs medical care for a condition which could seriously jeopardize his or her life, obtain such care without delay, and communicate with the Plan as soon as reasonably possible.

If a Participant must be admitted on an Emergency basis, the Participant should follow the Physician's instructions carefully and contact the pre-certification department as follows:

1. For Emergency admissions after business hours on Friday, on a weekend or over a holiday weekend, a call to the pre-certification department must be made within 72 hours after the admission date, but no later than the first business day following the Emergency admission, by or on behalf of the covered patient.
2. For Emergency admissions on a weekday, a call to the pre-certification department must be made within 24 hours after the admission date.

If a medical service is provided in response to an Emergency situation or urgent care scenario, prior approval from the Plan is not required. The Plan may require notice after the Participant's receipt of treatment, once the Participant is able to so provide notice and/or the treating Provider is able to provide notice. Such a claim shall then be deemed to be a Post-service Claim.

If, after assessing procedure necessity, the need for an Inpatient confinement is confirmed, the review specialist will determine the intensity of management required and will remain in contact with the Physician or Hospital during the confinement.

If, at any time during the review process, Medical Necessity cannot be validated, the review specialist will refer the episode to a board certified Physician advisor who will immediately contact the attending Physician to negotiate an appropriate treatment plan. At the end of the Hospital confinement, the review specialist is also available to assist with discharge planning and will work closely with the attending Physician and Hospital to ensure that medically appropriate arrangements are made.

Pre-Certification Penalty

The program requires the support and cooperation of each Participant. If a Participant follows the instructions and procedures, he or she will receive the normal Plan benefits for the services. However, if a Participant fails to notify the pre-certification department of any services listed in the provision entitled "*Services that Require Pre-Certification*," allowed charges will be reduced by \$400 per occurrence. The Participant will be responsible for payment of the part of the charge that is not paid by the Plan.

Alternate Course of Treatment

Certain types of conditions, such as spinal cord Injuries, cancer, AIDS or premature births, may require long term, or perhaps lifetime, care. The claims selected will be evaluated as to present course of treatment and alternate care possibilities.

If the Plan Administrator should determine that an alternate, less expensive, course of treatment is appropriate, and if the attending Physician agrees to the alternate course of treatment, all Medically Necessary expenses stated in the treatment plan will be eligible for payment under the Plan, subject to the applicable benefit maximum(s) set forth in this Plan, even if these expenses normally would not be eligible for payment under the Plan. A more expensive course of treatment, selected by the Participant and/or their attending Physician may not be deemed to be Medically Necessary and/or Usual and Customary, as those terms are defined by the Plan. The Plan may provide coverage in such circumstances by providing benefits equivalent to those available had the Medically Necessary / Usual and Customary course of treatment been pursued.

Pre-Admission Testing

If a Participant is to be admitted to a Hospital for non-Emergency Surgery or treatment, one set of laboratory tests and x-ray examinations performed on an outpatient basis within seven days prior to such Hospital admission will be paid, after the Deductible, as any other service, provided that the following conditions are met:

1. The tests are related to the performance of the scheduled Surgery or treatment.
2. The tests have been ordered by a Physician after a condition requiring Surgery or treatment has been diagnosed and Hospital admission has been requested by the Physician and confirmed by the Hospital.
3. The Participant is subsequently admitted to the Hospital, or confinement is cancelled or postponed because a Hospital bed is unavailable or if, after the tests are reviewed, the Physician determines that the confinement is unnecessary.
4. The tests are performed in the Hospital where the confinement will take place and accepted in lieu of duplicate tests rendered during confinement.

Second Surgical Opinion

If a Physician recommends Surgery for a Participant, the Participant may request a second opinion as to whether or not the Surgery is Medically Necessary.

In addition, the Plan recommends that a second opinion be obtained prior to the following Surgeries:

1. Adenoidectomy.
2. Bunionectomy.
3. Cataract removal.
4. Coronary Bypass.
5. Cholecystectomy (removal of gallbladder).
6. Dilation and curettage.
7. Hammer Toe repair.
8. Hemorrhoidectomy.
9. Herniography.
10. Hysterectomy.
11. Laminectomy (removal of spinal disc).
12. Mastectomy.
13. Meniscectomy (removal of knee cartilage, including arthroscopic approach).
14. Nasal surgery (repair of deviated nasal septum, bone or cartilage).
15. Prostatectomy (removal of all or part of prostate).
16. Release for entrapment of medial nerve (Carpal Tunnel Syndrome).
17. Tonsillectomy.
18. Varicose veins (tying off and stripping).

When a second opinion is requested, the Plan will pay as any other service, fees Incurred for that opinion along with laboratory, x-ray and other Medically Necessary services ordered by the second Physician after application of the Deductible. Second opinions for Cosmetic Surgery, normal obstetrical delivery and Surgeries that require only local anesthesia are not covered. If the second opinion does not concur with the first, the Plan will pay for a third opinion as outlined above. The second or third opinion must be given within 90 days of the first.

In all cases where a second opinion is requested, the original recommendation for Surgery must have been obtained from a Physician licensed in the medical specialty under which the recommended Surgery falls. The Physician consulted for the second opinion must be licensed in the same medical specialty and may not be a partner of or in association with the original Physician.

PRESCRIPTION DRUG BENEFITS

Plan 1 and Plan 2		
Prescription Drug Deductible is separate from Medical Deductible		
The Prescription Drug Deductible and copayments are applied to and included in the medical maximum out-of-pocket amounts.		
Prescription Deductible applies to Tier 2-4 only Individual	\$250	
Covered Prescription Drug Expenses	Participating Pharmacy	
Pharmacy Option: 30 day maximum	30 day supply	
Copayment, per prescription or refill, for generic	\$10 copay	
Copayment, per prescription or refill, for formulary name brands	\$50 copay after deductible	
Copayment, per prescription or refill, for non-formulary name brands	\$80 copay after deductible	
Mail Order Option: 90 day maximum	1 – 30 days	31 – 90 days
Copayment, per prescription or refill, for generic	\$10 copay	\$25 copay after deductible
Copayment, per prescription or refill, for formulary name brands	\$50 copay after deductible	\$125 copay after deductible
Copayment, per prescription or refill, for non-formulary name brands	\$80 copay after deductible	\$200 copay after deductible
Specialty Drug Option: 30 day maximum	30 day supply	
Copayment, per prescription or refill, for generic, formulary name brands, or non-formulary name brands	20% coinsurance up to a maximum of \$500 after deductible	

The out-of-pocket maximum is the maximum dollar amount Participants are responsible for paying for covered services during a Plan Year, including the Copayments.

When the individual and/or family out-of-pocket expenses reach the out-of-pocket maximum, the Plan will pay 100% of the Allowable Expenses for the remainder of the Plan Year. No family member will be charged more than the individual out-of-pocket maximum.

A Copayment is the flat dollar amount specified in the Summary of Benefits that a Participant is required to pay for certain covered services. Copayments will not apply after the out-of-pocket maximum has been reached.

Participating pharmacies (“Participating Pharmacies”) have contracted with the Plan to charge Participants reduced fees for covered Drugs. Participants will be issued an identification card to use at the pharmacy at time of purchase. Participants will be held fully responsible for the consequences of any pharmacy identification card after termination of coverage. No reimbursement will be made when a Drug is purchased from a non-Participating Pharmacy or when the identification card is not used.

The Mail Order Option is available for maintenance medications (those that are taken for long periods of time, such as Drugs sometimes prescribed for heart Disease, high blood pressure, asthma, etc.). Because

of the volume buying, the mail order pharmacy is able to offer Participants significant savings on their prescriptions.

The Copayment is applied to each charge and is shown on the Summary of Benefits, above. The Copayment amount applies toward the medical plan out-of-pocket maximum.

Covered Expenses

The following are covered under the Plan:

Acne Control. Drugs that help manage the severity and frequency of acne outbreaks that cannot be purchased over-the-counter up to the age of 27. This benefit does not include Isotretinoin Accutane.

Attention Deficit Disorder (ADD)/Attention Deficit Hyperactivity Disorder (ADHD). Medications for ADD and ADHD up to the age of 27.

Bee Sting Kits. Charges for EPI PEN and Ana Kit.

Contraceptives. All Food and Drug Administration (FDA)-approved contraceptives Drugs, in accordance with the Health Resources and Services Administration (HRSA) guidelines.

Diabetes. Insulins, insulin syringes and needles, and glucose test strips, when prescribed by a Physician.

Imitrex Injection. Charges for Imitrex injections (migraine auto-injector).

Immunizations. Immunization agents or biological sera.

Immunologicals. Charges for immunologicals (vaccines).

Injectables. A charge for injectables.

Required by Law. All Drugs prescribed by a Physician that require a prescription either by Federal or State law, except injectables (other than insulin) and the Drugs excluded below.

Limitations

The benefits set forth in this section will be limited to:

Dosages.

1. With respect to the Pharmacy Option, any one prescription is limited to a 30 day supply.
2. With respect to the Mail Order Option, any one prescription is limited to a 90 day supply.
3. With respect to the Specialty Drug Option, any one prescription is limited to a 30 day supply.

Refills.

1. Refills only up to the number of times specified by a Physician.
2. Refills up to one year from the date of order by a Physician.

Specialty Drugs

Specialty drugs are high-cost prescription medications used to treat complex, chronic conditions. Specialty drugs can be covered through either the medical or the prescription drug benefit based on the plan. Prescription drug plans that cover specialty drugs often have a separate “tier” for specialty drugs.

Specialty Drugs may be filled first time through the medical plan, but must go through the prescription drug plan thereafter.

NOTE: The Plan will not cover the following specialty drugs: Praluent, Harvoni, Sovaldi, Viekira, Olysio, Elbasvir/Grazprevir, PCSK-9 Drugs and Ibrance.

Step Therapy

Physicians may prescribe a medication that requires the patient to first try another drug before the prescription benefits will pay for the prescribed drug. This process is referred to as Step Therapy. Please refer to the Prescription Benefit Manager for a listing of the drugs requiring Step Therapy.

Exclusions

In addition to the General Limitations and Exclusions section, the following are not covered by the Plan:

Administration. Any charge for the administration of a covered Drug.

Allergy Sera. Charges for allergy sera.

Anorexiant. Anorexiant (weight loss Drugs).

Anti-Aging Products. Drugs intended to affect the structure or function of the skin that cannot be purchased over-the-counter.

Antihypertensive Drug Therapy. Any antihypertensive drug therapy used as monotherapy or in combination with any other antihypertensive drug. This includes but is NOT limited to the following: Olysio, Sovaldi, Harvoni, Viekira Pak, Technivie, Daklinza.

Blood and Blood Plasma. Charges for blood and blood plasma.

Compounded Prescriptions. All compounded prescriptions containing at least one prescription ingredient in a therapeutic quantity.

Consumed Where Dispensed. Any Drug or medicine that is consumed or administered at the place where it is dispensed.

Devices. Devices of any type, even though such devices may require a prescription, including, but not limited to, therapeutic devices, artificial appliances, braces, support garments or any similar device.

Experimental Drugs. Experimental Drugs and medicines, even though a charge is made to the Participant.

Fertility Agents. Charges for fertility agents.

Growth Hormones. Charges for growth hormones.

Impotency. A charge for impotency medication, including Viagra.

Institutional Medication. A Drug or medicine that is to be taken by a Participant, in whole or in part, while confined in an Institution, including any Institution that has a facility for dispensing Drugs and medicines on its premises.

Investigational Use Drugs. A Drug or medicine labeled "Caution – limited by Federal law to Investigational use."

Medical Devices and Supplies. Charges for legend and over the counter medical devices and supplies.

No Charge. A charge for drugs which may be properly received without charge under local, State or Federal programs.

Non-Insulin Syringes/Needles. Charges for non-insulin syringes and needles.

Non-Prescription Drug or Medicine. A drug or medicine that can legally be bought without a prescription, except for injectable insulin.

Over-the-counter Drugs. Charges for over-the-counter drugs, except to the extent required by the Affordable Care Act.

Rogaine. Charges for Rogaine (topical minoxidil).

Smoking Deterrents. A charge for Drugs or aids for smoking cessation, including, but not limited to, nicotine gum and smoking cessation patches except to the extent required by the Affordable Care Act.

Steroids. Anabolic steroids.

Vitamins. Vitamins, except pre-natal vitamins.

HIPAA PRIVACY

The Plan provides each Participant with a separate Notice of Privacy Practices. This Notice describes how the Plan uses and discloses a Participant's personal health information. It also describes certain rights the Participant has regarding this information. Additional copies of the Plan's Notice of Privacy Practices are available by calling 407.333.3278.

Definitions

- **Breach** means an unauthorized acquisition, access, use or disclosure of Protected Health Information ("PHI") or Electronic Protected Health Information ("ePHI") that violates the HIPAA Privacy Rule and that compromises the security or privacy of the information.
- **Protected Health Information ("PHI")** means individually identifiable health information, as defined by HIPAA, that is created or received by the Plan and that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or for which there is a reasonable basis to believe the information can be used to identify the individual. PHI includes information of persons living or deceased.

Commitment to Protecting Health Information

The Plan will comply with the Standards for Privacy of Individually Identifiable Health Information (i.e., the "Privacy Rule") set forth by the U.S. Department of Health and Human Services ("HHS") pursuant to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"). Such standards control the dissemination of "protected health information" ("PHI") of Participants. Privacy Standards will be implemented and enforced in the offices of the Employer and Plan Sponsor and any other entity that may assist in the operation of the Plan.

The Plan is required by law to take reasonable steps to ensure the privacy of the Participant's PHI, and inform him/her about:

1. The Plan's disclosures and uses of PHI.
2. The Participant's privacy rights with respect to his or her PHI.
3. The Plan's duties with respect to his or her PHI.
4. The Participant's right to file a complaint with the Plan and with the Secretary of HHS.
5. The person or office to contact for further information about the Plan's privacy practices.

Within this provision capitalized terms may be used, but not otherwise defined. These terms shall have the same meaning as those terms set forth in 45 CFR Sections 160.103 and 164.501. Any HIPAA regulation modifications altering a defined HIPAA term or regulatory citation shall be deemed incorporated into this provision.

How Health Information May Be Used and Disclosed

In general, the Privacy Rules permit the Plan to use and disclose, the minimum necessary amount, an individual's PHI, without obtaining authorization, only if the use or disclosure is for any of the following:

1. To carry out payment of benefits.
2. For health care operations.
3. For treatment purposes.
4. If the use or disclosure falls within one of the limited circumstances described in the rules (e.g., the disclosure is required by law or for public health activities).

Disclosure of PHI to the Plan Sponsor for Plan Administration Purposes

In order that the Plan Sponsor may receive and use PHI for plan administration purposes, the Plan Sponsor agrees to:

1. Not use or further disclose PHI other than as permitted or required by the Plan documents or as required by law (as defined in the Privacy Standards).
2. Ensure that any agents, including a subcontractor, to whom the Plan Sponsor provides PHI received from the Plan, agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such PHI.
3. Establish safeguards for information, including security systems for data processing and storage.
4. Maintain the confidentiality of all PHI, unless an individual gives specific consent or authorization to disclose such data or unless the data is used for health care payment or Plan operations.
5. Receive PHI, in the absence of an individual's express authorization, only to carry out Plan administration functions.
6. Not use or disclose genetic information for underwriting purposes.
7. Not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or Employee benefit plan of the Plan Sponsor, except pursuant to an authorization which meets the requirements of the Privacy Standards.
8. Report to the Plan any PHI use or disclosure that is inconsistent with the uses or disclosures provided for of which the Plan Sponsor becomes aware.
9. Make available PHI in accordance with section 164.524 of the Privacy Standards (45 CFR 164.524).
10. Make available PHI for amendment and incorporate any amendments to PHI in accordance with section 164.526 of the Privacy Standards (45 CFR 164.526).
11. Make available the information required to provide an accounting of disclosures in accordance with section 164.528 of the Privacy Standards (45 CFR 164.528).
12. Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the Secretary of the U.S. Department of Health and Human Services ("HHS"), or any other officer or Employee of HHS to whom the authority involved has been delegated, for purposes of determining compliance by the Plan with part 164, subpart E, of the Privacy Standards (45 CFR 164.500 et seq).
13. Train Employees in privacy protection requirements and appoint a Privacy Officer responsible for such protections.
14. If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible.
15. Ensure that adequate separation between the Plan and the Plan Sponsor, as required in section 164.504(f)(2)(iii) of the Privacy Standards (45 CFR 164.504(f)(2)(iii)), is established as follows:
 - a. The following Employees, or classes of Employees, or other persons under control of the Plan Sponsor, shall be given access to the PHI to be disclosed:
 - i. Privacy Officer.
 - b. The access to and use of PHI by the individuals identified above shall be restricted to the plan administration functions that the Plan Sponsor performs for the Plan.
 - c. In the event any of the individuals described above do not comply with the provisions of the Plan documents relating to use and disclosure of PHI, the Plan Administrator shall impose reasonable sanctions as necessary, in its discretion, to ensure that no further non-compliance occurs. The Plan Administrator will promptly report such violation or non-compliance to the Plan, and will cooperate with the Plan to correct violation or non-compliance and to impose appropriate disciplinary action or sanctions. Such sanctions shall be imposed progressively (for example, an oral warning, a written warning, time off without pay and termination), if appropriate, and shall be imposed so that they are commensurate with the severity of the violation.

Disclosure of Summary Health Information to the Plan Sponsor

The Plan may disclose PHI to the Plan Sponsor of the group health plan for purposes of plan administration or pursuant to an authorization request signed by the Participant. The Plan may use or disclose "summary health information" to the Plan Sponsor for obtaining premium bids or modifying, amending, or terminating the group health plan. "Summary health information" may be individually identifiable health information and it summarizes the claims history, claims expenses or the type of claims experienced by individuals in the

plan, but it excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by five-digit zip code.

Disclosure of Certain Enrollment Information to the Plan Sponsor

Pursuant to section 164.504(f)(1)(iii) of the Privacy Standards (45 CFR 164.504(f)(1)(iii)), the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has un-enrolled from a health insurance issuer or health maintenance organization offered by the Plan to the Plan Sponsor.

Disclosure of PHI to Obtain Stop-loss or Excess Loss Coverage

The Plan Sponsor may hereby authorize and direct the Plan, through the Plan Administrator or the Third Party Administrator, to disclose PHI to stop-loss carriers, excess loss carriers or managing general underwriters (“MGUs”) for underwriting and other purposes in order to obtain and maintain stop-loss or excess loss coverage related to benefit claims under the Plan. Such disclosures shall be made in accordance with the Privacy Standards.

Other Disclosures and Uses of PHI:

Primary Uses and Disclosures of PHI

1. **Treatment, Payment and Health Care Operations:** The Plan has the right to use and disclose a Participant’s PHI for all activities as included within the definitions of Treatment, Payment, and Health Care Operations and pursuant to the HIPAA Privacy Rule.
2. **Business Associates:** The Plan contracts with individuals and entities (Business Associates) to perform various functions on its behalf. In performance of these functions or to provide services, Business Associates will receive, create, maintain, use, or disclose PHI, but only after the Plan and the Business Associate agree in writing to contract terms requiring the Business Associate to appropriately safeguard the Participant’s information.
3. **Other Covered Entities:** The Plan may disclose PHI to assist health care Providers in connection with their treatment or payment activities or to assist other covered entities in connection with payment activities and certain health care operations. For example, the Plan may disclose PHI to a health care Provider when needed by the Provider to render treatment to a Participant, and the Plan may disclose PHI to another covered entity to conduct health care operations. The Plan may also disclose or share PHI with other insurance carriers (such as Medicare, etc.) in order to coordinate benefits, if a Participant has coverage through another carrier.

Other Possible Uses and Disclosures of PHI

1. **Required by Law:** The Plan may use or disclose PHI when required by law, provided the use or disclosure complies with and is limited to the relevant requirements of such law.
2. **Public Health and Safety:** The Plan may use or disclose PHI when permitted for purposes of public health activities, including disclosures to:
 - a. A public health authority or other appropriate government authority authorized by law to receive reports of child abuse or neglect.
 - b. Report reactions to medications or problems with products or devices regulated by the Federal Food and Drug Administration (FDA) or other activities related to quality, safety, or effectiveness of FDA-regulated products or activities.
 - c. Locate and notify persons of recalls of products they may be using.
 - d. A person who may have been exposed to a communicable Disease or may otherwise be at risk of contracting or spreading a Disease or condition, if authorized by law.
3. The Plan may disclose PHI to a government authority, except for reports of child abuse or neglect, when required or authorized by law, or with the Participant’s agreement, if the Plan reasonably believes he or she to be a victim of abuse, neglect, or domestic violence. In such case, the Plan will promptly inform the Participant that such a disclosure has been or will be made unless the Plan believes that informing him/her would place him/her at risk of serious harm (but only to someone

in a position to help prevent the threat). Disclosure generally may be made to a minor's parents or other representatives although there may be circumstances under Federal or State law when the parents or other representatives may not be given access to the minor's PHI.

4. **Health Oversight Activities:** The Plan may disclose PHI to a health oversight agency for oversight activities authorized by law. This includes civil, administrative or criminal investigations; inspections; claim audits; licensure or disciplinary actions; and other activities necessary for appropriate oversight of a health care system, government health care program, and compliance with certain laws.
5. **Lawsuits and Disputes:** The Plan may disclose PHI when required for judicial or administrative proceedings. For example, the Participant's PHI may be disclosed in response to a subpoena, discovery requests, or other required legal processes when the Plan is given satisfactory assurances that the requesting party has made a good faith attempt to advise the Participant of the request or to obtain an order protecting such information, and done in accordance with specified procedural safeguards.
6. **Law Enforcement:** The Plan may disclose PHI to a law enforcement official when required for law enforcement purposes concerning identifying or locating a suspect, fugitive, material witness or missing person. Under certain circumstances, the Plan may disclose the Participant's PHI in response to a law enforcement official's request if he or she is, or are suspected to be, a victim of a crime and if it believes in good faith that the PHI constitutes evidence of criminal conduct that occurred on the Sponsor's or Plan's premises.
7. **Decedents:** The Plan may disclose PHI to family members or others involved in decedent's care or payment for care, a coroner, funeral director or medical examiner for the purpose of identifying a deceased person, determining a cause of death or as necessary to carry out their duties as authorized by law. The decedent's health information ceases to be protected after the individual is deceased for 50 years.
8. **Research:** The Plan may use or disclose PHI for research, subject to certain limited conditions.
9. **To Avert a Serious Threat to Health or Safety:** The Plan may disclose PHI in accordance with applicable law and standards of ethical conduct, if the Plan, in good faith, believes the use or disclosure is necessary to prevent or lessen a threat to health or safety of a person or to the public.
10. **Workers' Compensation:** The Plan may disclose PHI when authorized by and to the extent necessary to comply with workers' compensation or other similar programs established by law.
11. **Military and National Security:** The Plan may disclose PHI to military authorities or armed forces personnel under certain circumstances. As authorized by law, the Plan may disclose PHI required for intelligence, counter-intelligence, and other national security activities to authorized Federal officials.

Required Disclosures of PHI

1. **Disclosures to Participants:** The Plan is required to disclose to a Participant most of the PHI in a Designated Record Set when the Participant requests access to this information. The Plan will disclose a Participant's PHI to an individual who has been assigned as his or her representative and who has qualified for such designation in accordance with the relevant State law. Before disclosure to an individual qualified as a personal representative, the Plan must be given written supporting documentation establishing the basis of the personal representation.
The Plan may elect not to treat the person as the Participant's personal representative if it has a reasonable belief that the Participant has been, or may be, subjected to domestic violence, abuse, or neglect by such person, it is not in the Participant's best interest to treat the person as his or her personal representative, or treating such person as his or her personal representative could endanger the Participant.
2. **Disclosures to the Secretary of the U.S. Dept of Health and Human Services:** The Plan is required to disclose the Participant's PHI to the Secretary of the U.S. Department of Health and Human Resources when the Secretary is investigating or determining the Plan's compliance with the HIPAA Privacy Rule.

Instances When Required Authorization Is Needed From Participants Before Disclosing PHI

1. Most uses and disclosures of psychotherapy notes.
2. Uses and disclosures for marketing.
3. Sale of PHI.
4. Other uses and disclosures not described in this section can only be made with authorization from the Participant. The Participant may revoke this authorization at any time.

Participant's Rights

The Participant has the following rights regarding PHI about him/her:

1. **Request Restrictions:** The Participant has the right to request additional restrictions on the use or disclosure of PHI for treatment, payment, or health care operations. The Participant may request that the Plan restrict disclosures to family members, relatives, friends or other persons identified by him/her who are involved in his or her care or payment for his or her care. The Plan is not required to agree to these requested restrictions.
2. **Right to Receive Confidential Communication:** The Participant has the right to request that he or she receive communications regarding PHI in a certain manner or at a certain location. The request must be made in writing and how the Participant would like to be contacted. The Plan will accommodate all reasonable requests.
3. **Right to Receive Notice of Privacy Practices:** The Participant is entitled to receive a paper copy of the plan's Notice of Privacy Practices at any time. To obtain a paper copy, contact the Privacy Officer.
4. **Accounting of Disclosures:** The Participant has the right to request an accounting of disclosures the Plan has made of his or her PHI. The request must be made in writing and does not apply to disclosures for treatment, payment, health care operations, and certain other purposes. The Participant is entitled to such an accounting for the six years prior to his or her request. Except as provided below, for each disclosure, the accounting will include: (a) the date of the disclosure, (b) the name of the entity or person who received the PHI and, if known, the address of such entity or person; (c) a description of the PHI disclosed, (d) a statement of the purpose of the disclosure that reasonably informs the Participant of the basis of the disclosure, and certain other information. If the Participant wishes to make a request, please contact the Privacy Officer.
5. **Access:** The Participant has the right to request the opportunity to look at or get copies of PHI maintained by the Plan about him/her in certain records maintained by the Plan. If the Participant requests copies, he or she may be charged a fee to cover the costs of copying, mailing, and other supplies. If a Participant wants to inspect or copy PHI, or to have a copy of his or her PHI transmitted directly to another designated person, he or she should contact the Privacy Officer. A request to transmit PHI directly to another designated person must be in writing, signed by the Participant and the recipient must be clearly identified. The Plan must respond to the Participant's request within 30 days (in some cases, the Plan can request a 30 day extension). In very limited circumstances, the Plan may deny the Participant's request. If the Plan denies the request, the Participant may be entitled to a review of that denial.
6. **Amendment:** The Participant has the right to request that the Plan change or amend his or her PHI. The Plan reserves the right to require this request be in writing. Submit the request to the Privacy Officer. The Plan may deny the Participant's request in certain cases, including if it is not in writing or if he or she does not provide a reason for the request.
7. **Fundraising contacts:** The Participant has the right to opt out of fundraising contacts.

Questions or Complaints

If the Participant wants more information about the Plan's privacy practices, has questions or concerns, or believes that the Plan may have violated his or her privacy rights, please contact the Plan using the following information. The Participant may submit a written complaint to the U.S. Department of Health and Human Services or with the Plan. The Plan will provide the Participant with the address to file his or her complaint with the U.S. Department of Health and Human Services upon request.

The Plan will not retaliate against the Participant for filing a complaint with the Plan or the U.S. Department of Health and Human Services.

HIPAA SECURITY

Disclosure of Electronic Protected Health Information (“Electronic PHI”) to the Plan Sponsor for Plan Administration Functions

STANDARDS FOR SECURITY OF INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION (“SECURITY RULE”)

The Health Insurance Portability and Accountability Act (HIPAA) and other applicable law shall override the following wherever there is a conflict, or a term or terms is/are not hereby defined.

The Security Rule imposes regulations for maintaining the integrity, confidentiality and availability of protected health information that it creates, receives, maintains, or maintains electronically that is kept in electronic format (ePHI) as required under HIPAA.

Definitions

- **Electronic Protected Health Information (ePHI)**, as defined in Section 160.103 of the Security Standards (45 C.F.R. 160.103) and means individually identifiable health information transmitted or maintained in any electronic media.
- **Security Incidents**, as defined within Section 164.304 of the Security Standards (45 C.F.R. 164.304) and means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with systems operation in an information system.

Plan Sponsor Obligations

To enable the Plan Sponsor to receive and use Electronic PHI for Plan Administration Functions (as defined in 45 CFR §164.504(a)), the Plan Sponsor agrees to:

1. Implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains, or transmits on behalf of the Plan.
2. Ensure that adequate separation between the Plan and the Plan Sponsor, as required in 45 CFR § 164.504(f)(2)(iii), is supported by reasonable and appropriate Security Measures.
3. Ensure that any agent, including a subcontractor, to whom the Plan Sponsor provides Electronic PHI created, received, maintained, or transmitted on behalf of the Plan, agrees to implement reasonable and appropriate administrative, physical, and technical safeguards to protect the confidentiality, integrity, and availability of the Electronic PHI and report to the Plan any security incident of which it becomes aware.
4. Report to the Plan any security incident of which it becomes aware.

Notification Requirements in the Event of a Breach of Unsecured PHI

The required breach notifications are triggered upon the discovery of a breach of unsecured PHI. A breach is discovered as of the first day the breach is known, or reasonably should have been known.

When a breach of unsecured PHI is discovered, the Plan will:

1. Notify the Participant whose PHI has been, or is reasonably believed to have been, assessed, acquired, used, or disclosed as a result of the breach, in writing, without unreasonable delay and in no case later than 60 calendar days after discovery of the breach. Breach notification must be provided to the affected individual(s) by:
 - a. Written notice by first-class mail to the Participant (or next of kin) at the last known address or, if specified by Participant, e-mail.
 - b. If the Plan has insufficient or out-of-date contact information for the Participant, the Participant must be notified by a “substitute form”.
 - c. If an urgent notice is required, the Plan may contact the Participant by telephone.

- d. The breach notification will have the following content:
 - i. Brief description of what happened, including date of breach and date discovered.
 - ii. Types of unsecured PHI involved (e.g., name, Social Security number, date of birth, home address, account number).
 - iii. Steps the Participant should take to protect from potential harm.
 - iv. What the Plan is doing to investigate the breach, mitigate losses and protect against further breaches.
2. Notify the media if the breach affected more than 500 residents of a State or jurisdiction. Notice must be provided to prominent media outlets serving the State or jurisdiction without unreasonable delay and in no case later than 60 calendar days after the date the breach was discovered.
3. Notify the HHS Secretary if the breach involves 500 or more individuals, contemporaneously with the notice to the affected individual and in the manner specified by HHS. If the breach involves less than 500 individuals, an internal log or other documentation of such breaches must be maintained and annually submitted to HHS within 60 days after the end of each Calendar Year.
4. When a Business Associate, which provides services for the Plan and comes in contact with PHI in connection with those services discovers a breach has occurred, that Business Associate will notify the Plan without unreasonable delay and in no case later than 60 calendar days after discovery of a breach so that the affected Participants may be notified. To the extent possible, the Business Associate should identify each individual whose unsecured PHI has been, or is reasonably believed to have been, breached.

PARTICIPANT'S RIGHTS

As a Participant in the Plan, the Participant is entitled to certain rights and protections under ERISA. ERISA provides that all Participants are entitled to:

Receive Information About the Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls (if any), all documents governing the Plan, including insurance contracts, collective bargaining agreements (if any), and copies of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts and collective bargaining agreements (if any), and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each Participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for the Employee and eligible Dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event. The Employee or eligible Dependents may have to pay for such coverage. Review this Plan Document and the documents governing the Plan on the rules governing the Participant's COBRA Continuation Coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Participants and beneficiaries. No one, including the Employer, the union (if any), or any other person, may fire the Employee or otherwise discriminate against the Employee in any way to prevent the Employee from obtaining a welfare benefit or exercising the Participant's rights under ERISA.

Enforce the Participant's Rights

If a Participant's claim for a welfare benefit is denied or ignored, in whole or in part, the Participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps the Participant can take to enforce the above rights. For instance, if the Participant requests a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, the Participant may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay the Participant up to \$110 a day until the Participant receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Participant has a claim for benefits which is denied or ignored, in whole or in part, the Participant may file suit in a State or Federal court. In addition, if the Participant disagrees with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a Medical Child Support Order, the Participant may file suit in Federal court. If it should happen that Plan fiduciaries misuse the Plan's money, or if the Participant is discriminated against for asserting his or her rights, the Participant may seek assistance from the U.S. Department of Labor, or the Participant may file suit in a Federal court. The court will decide who would pay court costs and legal fees. If the Participant is successful, the court may order the person the Participant sued to pay these costs and fees. If the Participant loses, the court may order the Participant to pay these costs and fees, for example, if it finds the Participant's claim is frivolous.

Assistance with the Participant's Questions

If the Participant has any questions about the Plan, the Participant should contact the Plan Administrator. If the Participant has any questions about this statement or about rights under ERISA, or needs assistance in obtaining documents from the Plan Administrator, the Participant should contact the nearest Office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C., 20210. The Participant may also obtain certain publications about his or her rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
