

Employers Health Network (EHN) is your high-performance network, providing access to thousands of high-quality local providers at an enhanced benefit level designed to save you money.

Choosing to receive care from providers that participate in the **EHN network** means that you will have access to leading local providers at pre-negotiated rates, including those that are part of **Orlando Health**.

Find a participating provider on our online directory at members.ehnconnects.com. Choose the type of care you're looking for, select the subspecialty or search by name in the area you wish to receive care, and enter your Group ID into the search field to customize your search results.

When scheduling your appointment, identify yourself as a member accessing **EHN "Employers Health Network"** NOT McCoy Federal Credit Union. If the provider does not recognize EHN, contact Pathways Concierge (888.811.3419) for immediate assistance.

Traveling for care? You may have access to EHN! Our networks are available in select areas across the US so be sure to check our provider directory if you need care away from home.

Need help knowing where to go? Contact your Third-Party Administrator's customer service department (hpiTPA.com or 800.532.7575). They can help you find the right type of care at an in-network provider.
